*Choice* ,1984      *Bibliographies and Literature of Agriculture* ,1978      **Current Bibliographies in Medicine** ,1992  
**Library Journal** ,1982-07      *Resources in Education* ,1992-04      *A Research Guide to the Health Sciences* Kathleen J. Haselbauer,1987 Guide to printed sources audiovisual sources and online databases for general works basic sciences support clinical medicine social aspects of health sciences and medical specialties Entries give bibliographical information and discussion Brief glossary Index to authors titles and subjects      **Women and Alcohol** Moira Plant,1997 Alcohol consumption and alcohol related problems among women have long been a focus of concern and often the targets for prejudice and distortion This book brings together a wide range of contemporary and historical evidence on the consumption of alcohol and its associated adverse consequences and benefits amongst women Broad in its perspective it does not concentrate solely upon the ill effects associated with heavy or inappropriate drinking by women Neither does it lose sight of the historical moral and social context in which drinking occurs The book records the widespread and persisting ambivalence or hostility in many cultures towards the relation of women with alcohol by reference to religious and social pressures gender roles and stereotypes and the view of alcohol as a facilitator of unrestrained and wanton behaviour The ambiguity accorded is contrasted with the normative nature of female drinking in many contexts and the dominant role of women as producers and retailers of alcohol in many developing societies      **Special Children, Special Risks** Jr. Fleron,2017-09-29 How does one investigate a child maltreatment case when the victim is blind mute deaf mentally retarded or confined to an institution Special Children Special Risks presents analysis recommendations and related research from social work psychology psychiatry medicine and education essential for establishing and maintaining safe environments for handicapped children This book brings together a diverse group of experts to pool their knowledge and share their concerns about the risks of abuse faced by handicapped children The contributors perspectives come from the fields of medicine social work developmental psychology psychiatry clinical psychology education child welfare law public policy and journalism  
**Medical and Health Care Books and Serials in Print** ,1986      **Handbook of Research on the Illicit Drug Traffic** F. LaMond Tullis,LaMond Tullis,United Nations Research Institute for Social Development,1991-09-30 Focusing on a highly controversial and fiercely debated subject this survey tracks the social and economic consequences of the production trafficking and consumption of cocaine heroin and cannabis From a growing body of literature LaMond Tullis has extracted

the most salient economic social and political themes currently under discussion in both scholarly publications and in the responsible press The two part volume consisting of a lengthy review of relevant literature and an annotated bibliography helps its users understand the major issues Can and should consumption be curtailed supplies suppressed and traffickers eliminated Can the unintended economic social and political consequences of curtailing suppressing and eliminating somehow be mitigated Should these drugs be legalized Would legalization produce its own array of unintended and largely unacceptable consequences Although tentative answers to these questions abound this excellent resource is testimony to the fact that there is still little agreement on how to deal with these powerful substances and the problems they generate Tullis s compilation presents the best overview of this complex subject to date The first half of this two part reference consists of a survey of the published literature on the production and consumption of the three illicit drugs Chapters are devoted to the global patterns of production and consumption of cocaine heroin and cannabis to the consequences both positive and negative of drug consumption and production and to the policy measures that have been adopted or are under consideration in both consuming and producing countries These chapters will be of interest to those wishing to obtain an overall view of the subject and to specialists seeking a guide to the literature outside their particular area of knowledge The second half of the book contains an annotated bibliography of about 2 000 items covering works published in English plus a few in Spanish as books articles or press reports This section will be invaluable to researchers working on the frontiers of the subject and to general readers who wish to pursue particular topics in greater depth The volume should be at the fingertips of policy makers legislators law enforcement officials judges and social workers as well as students and teachers      *Bibliographic Index* ,2004      *American Reference Books Annual* ,1986 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering
