Aldous Huxley:

Aldous Huxley Nicholas Murray, 2009-06-04 The grandson of biologist T H Huxley Aldous Huxley had a privileged background and was educated at Eton and Oxford despite an eye infection that left him nearly blind Having learned braille his eyesight then improved enough for him to start writing and by the 1920s he had become a fashionable figure producing witty and daring novels like *CROME YELLOW* 1921 *ANTIC HAY* 1923 and *POINT COUNTER POINT* 1928 But it is as the author of his celebrated portrayal of a nightmare future society *BRAVE NEW WORLD* 1932 that Huxley is remembered today A truly visionary book it was a watershed in Huxley's world view as his later work became more and more optimistic coinciding with his move to California and experimentation with mysticism and psychedelic drugs later in life Nicholas Murray's brilliant new book has the greatest virtue of literary biographies it makes you want to go out and read its subject's work all over again A fascinating reassessment of one of the most interesting writers of the twentieth century **Letters of**

Aldous Huxley Aldous Huxley, 1970 *Aldous Huxley: 1894-1939* Sybille Bedford, 1973 **Aldous Huxley and the Search for Meaning** Ronald T. Sion, 2014-01-10 Aldous Huxley author of eleven novels remains one of the towering figures of the twentieth century his work resistant to passing fads in literature This critical biography explores Huxley's lifelong quest for self-actualization by intertwining the events of his life and details of the creative period that produced each book Considering Huxley's letters essays and interviews in its examination of the thematic content of each novel the text finds a man striving for the intellectual growth that would yield a sound philosophical and spiritual view of life one he infused into his work *Critical Essays on Aldous Huxley* Jerome Meckier, 1996 Each volume in this series provides an introduction tracing the subject author's critical reputation trends in interpretation developments in textual and biographical scholarship and reprints of selected essays and reviews beginning with the author's contemporaries and continuing through to current scholarship Many volumes also feature new essays by leading scholars and critics specially commissioned for the series

Aldous Huxley Milton Birnbaum,2017-07-05 In the moral vacuum and world of shifting values following World War I Aldous Huxley was both a sensitive reflector and an articulate catalyst This work provides a highly illuminating analysis of Huxley's evolution from skeptic to mystic As Milton Birnbaum shows in a perceptive interpretation of Huxley's poetry fiction essays and biographies what evolved in Huxley's moral and intellectual pilgrimage was not so much a change in direction as a shift in emphasis Even in the sardonic Huxley of the 1920s and 1930s there is a moral concern In the later Huxley there are traces of the satirical skepticism which delighted his readers in the decades preceding World War II A man of letters a keen observer seeker of new ways while profoundly knowledgeable in the truths of ancient wisdom Huxley tried to achieve a symbiotic synthesis of the best of all worlds In clarifying and interpreting Huxley's intellectual moral and philosophical development Birnbaum touches upon all the subjects that came under the scrutiny of a singularly encyclopedic mind This book is of great worth to those interested both in Huxley the brilliant satirist and in Huxley the seeker of salvation In his search Huxley typified the modern quest for values Milton Birnbaum's study is an invaluable guide in that journey His new introduction takes account of research and analysis of Huxley that has occurred since this book's original publication

Aldous Huxley Peter Bowering,2014-01-13 Essays analysing the decline of Aldous Huxley as a novelist have become a commonplace of literary criticism over the past two decades yet he continues to be read and few writers equal his ability to make moral concepts exciting to animate ideas and clothe them with life and vitality In this study of the nine major novels from Crome Yellow 1921 to Island 1962 Mr Bowering offers a positive evaluation Huxley's achievements as a novelist of ideas as the moralist of a scientific age and as an ironist worthy to be compared with Swift He shows how the conflicting claims of morality and art must be judged in relation to Huxley's work as a whole and to this search for a way of life which would fit all the facts of experience All the principle novels require some knowledge of Huxley's source materials to be adequately understood and Mr Bowering is particularly informative on this score His discussion indeed attempts to set the novels in the widest possible area of reference **Aldous Huxley, 1894-1963** Julian Huxley,Aldous Huxley,1965 Commemorative essays
