## **Aleksandr Solzhenitsyn The Ascent From Ideology:**

Aleksandr Solzhenitsyn Daniel J. Mahoney,2001-08-07 In Aleksandr Solzhenitsyn Daniel Mahoney presents a philosophical perspective on the political condition of modern man through an exegesis and analysis of Solzhenitsyn s work Mahoney demonstrates the tremendous yet often unappreciated impact of Solzhenitsyn s writing on twentieth century thinking through an examination of the writer s profoundly important critique of communist totalitarianism in a judicious and original mix of western and Russian Christian and classical wisdom Assault on Ideology James F. Pontuso,2004-01-01 In this new paperback edition of Assault on Ideology Aleksandr Solzhenitsyn s Political Thought author James F Pontuso showcases the titanic thought that understood Marxism to be a vain and ultimately merciless effort to fulfill the Enlightenment dream of fully conquering and exploiting nature in order to establish a perfect and just society on earth

Aleksandr Solzhenitsyn Daniel J. Mahoney,2001-08-07 In Aleksandr Solzhenitsyn Daniel Mahoney presents a philosophical perspective on the political condition of modern man through an exegesis and analysis of Solzhenitsyn s work Mahoney demonstrates the tremendous yet often unappreciated impact of Solzhenitsyn s writing on twentieth century thinking through an examination of the writer s profoundly important critique of communist totalitarianism in a judicious and original mix of western and Russian Christian and classical wisdom **Solzhenitsyn** Joseph Pearce,2011-03-09 Revised Expanded Edition Based on exclusive personal interviews with Alexander Solzhenitsyn Joseph Pearce s biography of the renowned Russian dissident provides profound insight into a towering literary and political figure From his pro Communist youth to his imprisonment in forced labor camps from his exile in America to his return to Russia Solzhenitsyn struggled with the weightiest questions of human existence When a person has suffered the most terrible physical and emotional torture what becomes of his spirit Can science politics and economics truly provide all of man s needs In his acclaimed literary and historical works Solzhenitsyn exposed the brutality of the Soviet regime Most famous for his novel One Day in the Life of Ivan Denisovich and his three volume expose of the Russian police state The Gulag Archipelago he won the Nobel Prize for literature in 1970 Solzhenitsyn s Christian faith deeply informed his response to the inhumanity of modern materialism as it took shape in twentieth century Russia His critique applies not only to Communism however but also to the post Christian capitalism now dominant in the West On the spiritual cultural and socio political level his writings still have much to teach the world This book also contains a gallery of rare photographs **A Partisan Church** Todd Scribner,2015-03-26 In the wake of Vatican II and the political and social upheavals of the 1960s disruption and disagreement rent the Catholic Church in America Since then a diversity of opinions on a variety of political and religious questions found expression in the church leading to a fragmented understanding of Catholic identity Liberal conservative neoconservative and traditionalist Catholics competed to define what constituted an authentic Catholic worldview thus making it nearly impossible to pinpoint a unique Catholic position on any given topic A Partisan Church examines these controversies during the Reagan era and explores the

way in which one group of intellectuals well known neoconservative Catholics such as George Weigel Michael Novak and Richard John Neuhaus sought to reestablish a coherent and unified Catholic identity **Rus - Ukraine - Russia** Martin C. Putna, 2021-06-01 An outspoken opponent of pro Russian authoritarian and far right streams in contemporary Czech society Martin C Putna received a great deal of media attention when he ironically dedicated the Czech edition of *Rus Ukraine Russia* to Milo Zeman the pro Russian president of the Czech Republic This sense of irony combined with an extraordinary breadth of scholarly knowledge infuses Putna's book *Examining key points in Russian cultural and spiritual history* *Rus Ukraine Russia* is essential reading for those wishing to understand the current state of Russia and Ukraine the so called heir to an alternative Russia Putna uses literary and artistic works to offer a rich analysis of Russia as a cultural and religious phenomenon tracing its development from the arrival of the Greeks in prehistoric Crimea to its invasion by little green men in 2014 explaining the cultural importance in Russia of the Vikings as well as Pussy Riot exploring central Russian figures from St Vladimir the Great to Vladimir Putin Unique in its postcolonial perspective this is not merely a history of Russia or of Russian religion This book presents Russia as a complex mesh of national religious and cultural especially countercultural traditions with strong German Mongol Jewish Catholic Polish and Lithuanian influences a force responsible for creating what we identify as Eastern Europe *Is There Still a West?* William Anthony Hay, Harvey Sicherman, 2007 Scholarly essay collection that considers whether the West is still a major force in international affairs or whether we face a new world of competing states and shifting alliances In proposing possible counterterrorism strategies to define a shared Western security policy they offer an alternative to neoconservative and liberal viewpoints Provided by publisher **The Vexing Case of Igor Shafarevich, a Russian Political Thinker** Krista Berglund, 2012-02-27 This is the first comprehensive study about the non mathematical writings and activities of the Russian algebraic geometer and number theorist Igor Shafarevich b 1923 In the 1970s Shafarevich was a prominent member of the dissidents human rights movement and a noted author of clandestine anti communist literature in the Soviet Union Shafarevich's public image suffered a terrible blow around 1989 when he was decried as a dangerous ideologue of anti-Semitism due to his newly surfaced old manuscript *Russophobia* The scandal culminated when the President of the National Academy of Sciences of the United States suggested that Shafarevich an honorary member resign The present study establishes that the allegations about anti-Semitism in Shafarevich's texts were unfounded and that Shafarevich's terrible reputation was cemented on a false basis **First Things**, 2004 **The Many Faces of Christianity**, 2025-08-28 Is the Russian invasion of Ukraine a Holy War This book offers insights into the complex ideology of the *Russki Mir* or Russian World which must be understood as Russian shaped world order or peace but above all a claim to the sacred The collected essays describe how Far Right politics in Europe and its resonances with the Russian World nod to the changing meaning of Christianity defying and transforming the categories of religion and politics and challenging common conceptions of the role of Christianity in European politics *The Great Lie* F. Flagg Taylor, 2023-10-03

The Most Insightful and Profound Reflections on Tyranny Totalitarianism was the dominant phenomenon of the twentieth century Deeply troubling questions endure regarding the nature of such tyrannical regimes What enabled human beings to carry out such horrific crimes against their fellow man What does the endurance of Communism reveal about human liberty Why did human beings suffer rule by ideological lies for so long and what kept them open to the truth What are we to make of the relationship between totalitarianism and the foundational principles of democratic modernity Some of the greatest minds of the twentieth century sought answers to these haunting questions Now for the first time ever their incisive and profound reflections on totalitarianism have been brought together in one book The Great Lie showcases the insights of such giants as Aleksandr Solzhenitsyn Vaclav Havel Hannah Arendt Eric Voegelin Czeslaw Milosz Leo Strauss and Raymond Aron along with neglected but important thinkers such as Waldemar Gurian Aurel Kolnai Leszek Kolakowski Pierre Manent Claude Lefort and Chantal Delsol The brilliant essays in this volume illuminate the very nature of totalitarian regimes and the monstrous ideology that is their defining feature The Great Lie allows readers to make sense of political evil and how it can attract so many people into its ideological fold This is not a matter of mere academic interest in an age when we confront totalitarianism in such regimes as North Korea and Cuba and arguably in radical Islamist movements

*The Soul and Barbed Wire* Edward E. Ericson, Alexis Klimoff, 2023-05-02 Authored by two eminent Aleksandr Solzhenitsyn scholars The Soul and Barbed Wire is the first and only book to offer both a detailed biography and a comprehensive appraisal of the literary achievement of the Nobel prize winning author who became one of the Soviet regime's most formidable foes The book begins with a detailed biographical survey that traces Solzhenitsyn's evolution from an ardent Communist and loyal Soviet front line officer into a devastating critic of all ideological distortions of authentic human values and a historian of the many faceted events that led to and the tragedy set loose by the Russian Revolution This biographical section goes on to portray the writer's strenuous efforts to convey this message to the West during his years of exile and to his countrymen after his return to Russia The bulk of the book however consists of sharply focused essays on a large number of Solzhenitsyn's writings Ericson and Klimoff comment on virtually all his works of fiction as well as on a generous selection of texts belonging to historical or journalistic genres Because the volume assumes no prior knowledge of its subject it will prove particularly helpful to those who are coming to Solzhenitsyn for the first time while its well nigh encyclopedic inclusiveness should appeal even to the most seasoned readers Drawing upon the best available Solzhenitsyn scholarship the authors strive to present a balanced and accurate appraisal of the remarkable life and hugely influential works that have often been misunderstood and not infrequently been misrepresented

**Totalitarianism and the Prospects for World Order** Alexander Shtromas, 2003-01-01 A remarkably prescient thinker Aleksandras Shtromas devoted his life to understanding totalitarianism and political change This posthumous collection of writings edited by Robert Faulkner and Daniel J Mahoney addresses some of the topics that preoccupied Shtromas throughout his life including totalitarian regimes postcommunist

transitions the fates of the Baltic states and the nature of political revolutions      *After Socialism* Ellen Frankel Paul, Fred Dycus Miller, Jeffrey Paul, 2003 In this collection twelve philosophers historians and political philosophers scholars with a diverse set of disciplinary and political leanings assess aspects of socialism in light of its recent reversals Some of the essays consider what made the socialist project seem compelling to its advocates examining the moral and political values that made socialism appealing to intellectuals Others evaluate whether there are aspects of socialism that ought to be preserved such as its quest for equality and community Some essays examine whether free market systems need to be further modified in response to ongoing socialist critiques Several others argue for the continuing validity of socialism in its social democratic incarnation suggesting ways in which socialism may still have a productive future Still others condemn the socialist project as inherently misguided in theory while also portraying really existing socialism as cataclysmic in practice      The Oxford Handbook of Soviet Underground Culture Mark Lipovetsky, Maria Engström, Tomáš Glanc, Ilja Kujuk, Klavdia Smola, 2024 In 1932 the Central Committee of the Communist Party issued the resolution On the Restructuring of Literary and Arts Organizations This resolution put an end to the coexistence of aesthetically different groups and associations of writers and artists that had been common during the 1920s and instead led to the establishment of the monopoly of Socialist Realism in 1934 Ironically this resolution unwittingly created a rich literary and artistic production of underground intellectuals known as the Soviet underground during an era of political and aesthetic censorship in the Soviet Union The Oxford Handbook of Soviet Underground Culture is the first comprehensive English language volume covering a history of Soviet artistic and literary underground In forty four chapters an international group of leading scholars introduce readers to a web of subcultures within the underground highlight the culture achievements of the Soviet underground from the 1930s through the 1980s emphasize the multimediality of this cultural phenomenon and situate the study of underground literary texts and artworks into their broader theoretical ideological and political contexts The volume presents readers with several approaches to mapping the underground that include chapters on nonconformist cultures in Ukraine Belarus Baltic countries Central Asia and provincial cities of Russian Federation Finally the volume also provides an analysis of groups shaped around religious and cultural identity as well as queer and feminist underground circles      **Dã@tente, Democracy, and Dictatorship** Aleksandr Isaevich Solzhenitiĩ, sĭ, iyn, The subject of Detente Democracy and Dictatorship has been with us since the breakdown of the Cold War and the termination of the Soviet system indeed if not since the origins of Bolshevism No more vigorous critic of the uneasy co existence of democracy and dictatorship exists than the greatest writer that the Soviet era of Russian history produced Aleksandr Solzhenitsyn This third edition is based on major addresses especially aimed at Americans delivered in 1975 in Washington D C and New York and again in 1978 at Harvard University in Cambridge all on the subject of detente democracy and dictatorship It also includes Solzhenitsyn s final 2007 interview with the German publication Der Spiegel These major statements are brilliant and forthright comment on the risks of confusing

ideology with diplomacy But more than that they summarize the Soviet debacle the theoretical underpinnings and distill Solzhenitsyn's multi-volumed masterpiece the Gulag Archipelago Aleksandr Solzhenitsyn 1918-2008 was a Russian novelist, dramatist and historian He is a Nobel Prize winner in literature and was an elected member of the Serbian Academy of Sciences and Arts in 1994 Among his works are One Day in the Life of Ivan Denisovich The Cancer Ward First Circle The Russian Question and Gulag Archipelago Daniel J Mahoney is professor of political science at Assumption College and the author of Aleksandr Solzhenitsyn The Ascent from Ideology Irving Louis Horowitz is Hannah Arendt University Professor Emeritus at Rutgers University and Chairman Transaction Publishers He has written widely on political and social theory Arthur Schlesinger Jr was distinguished professor of history at the City University of New York and recognized as a major voice on historical issues of ideology and democracy **The American Enterprise**, 2002 **Aleksandr Solzhenitsyn and the Modern Russo-Jewish Question** Nathan, 2014-04-15 Will the Russian and Jewish nations ever achieve true reconciliation Why is there such disparity in the interpretations of Russo-Jewish history Nobel Laureate Aleksandr Solzhenitsyn has focused on these and other thorny questions surrounding Russia's Jewish Question for the last ten years culminating in a two-volume historical essay that is among his final literary offerings Two Hundred Years Together In this essay Solzhenitsyn seeks to elucidate Judeo-Russian relations while also promoting mutual healing between the two nationalities but the polarized reception of Solzhenitsyn's work reflects the passionate sentiments of Jews and Russians alike Aleksandr Solzhenitsyn and the Modern Russo-Jewish Question puts Two Hundred Years Together within the context of anti-Semitism nationalism Russian literature and Aleksandr Solzhenitsyn's prolific influential life Nathan Larson argues that as a writer political thinker and religious voice Solzhenitsyn symbolizes Russia's historically ambivalent relationship vis-à-vis the Jewish nation **Alexander Solzhenitsyn: Cold War Icon, Gulag Author, Russian Nationalist?** Elisa Kriza, 2014-10-01

**The Anthem Companion to Raymond Aron** Joachim Stark, Christopher Adair-Toteff, 2021-12-07 Raymond Aron is an exceptional figure among twentieth-century sociological and political thinkers The book focuses on the sociological work of this author of the century who analyzed his age both in its grand-scale political and socio-economic traits and in the complex social ramifications of its day-to-day life Aron experts from a total of seven countries examine Aron's sociology in detail starting with his road from philosophy to sociology not least under the impression of the Great Depression and its aftermath especially the rise of National Socialism in Germany His epistemological studies on the limits of objective knowledge in history and the social sciences in which he moves away from Durkheim's approach and instead adopts Max Weber's sociology of understanding are analysed This acknowledgment of the limits of knowledge laid the foundations for Aron's liberalism and humanism His sociology of industrial society as an economy of economic growth in its market economy and planned economy versions its social stratification his criticism of the Marxist concept of social class the structure of the ruling elites and the pluralistic and one-party totalitarian political regimes are presented as is Aron's analysis of the dialectic of modern society

between the idea of equality and the authority structures in the state and the economic process This is accompanied by Aron's lifelong criticism of those intellectuals above all in the pluralist and liberal democracies who hope that a messianic ideology will abolish all social contradictions Aron's sociology of international relations in the age of industrial society and globalization which for Aron brought about the dawn of universal history complete the overview of Raymond Aron's sociological work
