The Aleph Jorge Luis Borges, 1973      *Twice-Told Children's Tales* Betty Greenway, 2013-09-13 It is only in childhood that books have any deep influence on our lives Graham Greene The luminous books of our childhood will remain the luminous books of our lives Joyce Carol Oates Writers as they often attest are deeply influenced by their childhood reading Salman Rushdie for example has said that The Wizard of Oz made a writer of me *Twice Told Tales* is a collection of essays on the way the works of adult writers have been influenced by their childhood reading This fascinating volume includes theoretical essays on Salman Rushdie and the Oz books *Beauty and the Beast* retold as *Jane Eyre* the childhood reading of Jorge Luis Borges and the remnants of nursery rhymes in Sylvia Plath's poetry It is supplemented with a number of brief commentaries on children's books by major creative writers including Maxine Hong Kingston and Maxine Kumin      **The Cambridge History of Latin American Literature** Roberto Gonzalez Echevarría, Enrique Pupo-Walker, 1996-09-19 The Cambridge History of Latin American Literature is by far the most comprehensive work of its kind ever written Its three volumes cover the whole sweep of Latin American literature including Brazilian from pre Colombian times to the present and contain chapters on Latin American writing in the USA Volume 3 is devoted partly to the history of Brazilian literature from the earliest writing through the colonial period and the Portuguese language traditions of the nineteenth and twentieth centuries and partly also to an extensive bibliographical section in which annotated reading lists relating to the chapters in all three volumes of The Cambridge History of Latin American Literature are presented These bibliographies are a unique feature of the History further enhancing its immense value as a reference work      **Detecting Texts** Patricia Merivale, Susan Elizabeth Sweeney, 2011-06-07 Although readers of detective fiction ordinarily expect to learn the mystery's solution at the end there is another kind of detective story the history of which encompasses writers as diverse as Poe Borges Robbe Grillet Auster and Stephen King that ends with a question rather than an answer The detective not only fails to solve the crime but also confronts insoluble mysteries of interpretation and identity As the contributors to *Detecting Texts* contend such stories belong to a distinct genre the metaphysical detective story in which the detective hero's inability to interpret the mystery inevitably casts doubt on the reader's similar attempt to make sense of the text and the world *Detecting Texts* includes an introduction by the editors that defines the metaphysical detective story and traces its history from Poe's classic tales to today's postmodernist experiments In addition to the editors contributors include Stephen Bernstein Joel Black John T Irwin Jeffrey T Nealon and others      *The Cambridge Companion to Twenty-First Century American Fiction* Joshua Miller, 2021-09-23 This volume explores the most exciting trends in 21st century US fiction's genres themes and concepts      With Borges on an Ordinary Evening in Buenos Aires Willis Barnstone, 2000 Combining spirited and philosophical conversations biographical anecdotes citations from poetry and literary analysis this is a poignant portrait of Jorge Luis Borges in his later years It presents the poet storyteller as a figure of paradox and contradictions      **Step by Step** Jean

François Augoyard, 2007 The street riots that swept through France in the fall of 2005 focused worldwide attention on the plight of the country's immigrants and their living conditions in the suburbs many of them call home These high density neighborhoods were constructed according to the principles of functionalist urbanism that were ascendant in the 1960s Then as now the disparities between the planners' utopian visions and the experiences of the inhabitants raised concerns generating a number of sociological studies of the new towns One of the most sophisticated and significant of these critiques is Jean François Augoyard's *Step by Step* which was originally published in France in 1979 and famously influenced Michel de Certeau's analysis of everyday life Its examination of social life in the rationally planned suburb remains as cogent and timely as ever *Step by Step* is based on in depth interviews Augoyard conducted with the inhabitants of *Le Arlequin* a new town on the outskirts of Grenoble A resident of *Le Arlequin* himself Augoyard sought to understand how his neighbors used its passages streets and parks He begins with a detailed investigation of the inhabitants' daily walks before going on to consider how the built environment is personalized through place names and shared memories the ways in which sensory impressions define the atmosphere of a place and how through individual and collective imagination residents transformed *Le Arlequin* from a concept into a lived space In closely scrutinizing everyday life in *Le Arlequin* *Step by Step* draws a fascinating portrait of the richness of social life in the new towns and sheds light on the current living conditions of France's immigrants Jean François Augoyard is professor of philosophy and musicology and doctor of urban studies at the Center for Research on Sonorous Space and the Urban Environment at the School of Architecture of Grenoble David Ames Curtis is a translator editor writer and citizen activist Françoise Choay is professor emerita in the history and theory of architecture at the University of Paris VIII and Cornell University and the author of numerous books and essays Wong Kar-wai's Happy Together Jeremy Tambling, 2003-06-01 Wong Kar wai's controversial film *Happy Together* was released in Hong Kong just before the handover of power in 1997 The film shows two Chinese gay men in Buenos Aires and reflects on Hong Kong's past and future by probing masculinity aggression identity and homosexuality It also gives a reading of Latin America perhaps as an allegory of Hong Kong as another post colonial society Examining one single memorable and beautiful film but placing it in the context of other films by Wong Kar wai and other Hong Kong directors this book illustrates the depth as well as the spectacle and action that characterizes Hong Kong cinema Tambling investigates the possibility of seeing *Happy Together* in terms of national allegory as Fredric Jameson suggests Third World texts should be seen Alternatively he emphasizes the fragmentary nature of the film by discussing both its images and its narrative in the light of Borges and Manuel Puig He also looks at the film's relation to the American road movie and to the history of the tango He poses questions how emotions are presented in the film is this a nostalgia film whether the masculinity in it should be seen negatively or as signs of a new hopefulness about Hong Kong's future and whether the film indicates new ways of thinking of gender relationships or sexuality Borges the Unacknowledged Medievalist M. Toswell, 2014-11-07 The Argentinian writer and poet Jorge Luis Borges 1899 1986 was many

things during his life but what has gone largely unnoticed is that he was a medievalist and his interest in Germanic medievalism was pervasive throughout his work This study will consider the medieval elements in Borges creative work and shed new light on his poetry      **“From Faraway California”** Ali Dehdarirad ,2023-09-15 Offering a transdisciplinary journey across Thomas Pynchon s California trilogy From Faraway California addresses the representation of city space in the Crying of Lot 49 Vineland and Inherent Vice through geourban lenses Drawing on specific concepts in urban and regional studies the book provides a thorough examination of Pynchon s spatial imaginary where the reader comes to understand how his fiction tackles the socio political and cultural consequences of urban restructuring in the contemporary city and the lives of its citizens Pynchon s depiction of California is further analyzed from mythical and environmental standpoints to shed light on his planetary vision and post postmodernist poetics in the span of nearly half a century More broadly the book s geocritical and urban analyses of Pynchon s fiction indicate what might take place concerning the future of urbanism toward planetary urbanization and the formation of the city region      *Jorge Luis Borges* Jason Wilson,2006-10-02 The face of Borges most widely known is that of the blind patrician man of letters in whose writings emotion is subjected to the play of ideas Yet Borges born in Buenos Aires in 1899 did not become virtually blind until the 1950s and in the decades before this affliction and before his books were widely translated and internationally celebrated he wrote loved and engage in local polemics with adventurous passion In Jorge Luis Borges Jason Wilson explores Borges tumultuous early life in the streets and cafes of Buenos Aires and charts his literary friendships love affairs and travels Borges claimed never to have invented a character It s always me subtly disguised Illuminating the connections running between the biography and the fictions Wilson reminds us that Borges was always a poet whose life was recreated in his work but never in confessional ways and restores his Argentine roots This book will be an invaluable resource for all who treasure the modern master BOOK JACKET      The Riverside Dictionary of Biography American Heritage Dictionary,2005 Publisher Description      **A Descriptive Catalogue of the Jorge Luis Borges Collection at the University of Virginia Library** C.
