Allies A Positive Approach To Racial Reconciliation:

Allies Lawrence J. Diggs,1998-05-01 *Decolonizing Solidarity* Clare Land,2015-07-15 In this highly original and much needed book Clare Land interrogates the often fraught endeavours of activists from colonial backgrounds seeking to be politically supportive of Indigenous struggles Blending key theoretical and practical questions Land argues that the predominant impulses which drive middle class settler activists to support Indigenous people cannot lead to successful alliances and meaningful social change unless they are significantly transformed through a process of both public political action and critical self reflection Based on a wealth of in depth original research and focussing in particular on Australia where despite strident challenges the vestiges of British law and cultural power have restrained the nation s emergence out of colonizing dynamics *Decolonizing Solidarity* provides a vital resource for those involved in Indigenous activism and scholarship

Forgotten Lives Betti Carol VanEpps-Taylor,2008 Throughout South Dakota s history African Americans have been vastly outnumbered by their white and American Indian neighbors Underreported as well they have been misrepresented by historians journalists even census takers However from the first African Americans to visit the Northern Great Plains as fur traders in the early 1800s to twentieth century voting rights advocates or professionals recruited after World War II African Americans have pioneered here They have participated in the state s successes and failures and contributed to its rich history In *Forgotten Lives* Betti VanEpps Taylor teases these South Dakotans stories out of newspaper accounts census records early social histories and oral histories Her insights into the lives and communities of this small but vital minority span two centuries and focus on the well known as well as the local Prominent figures such as York who accompanied Lewis and Clark on their expedition and Oscar Micheaux the acclaimed filmmaker fit neatly into the timeline alongside less famous laborers river men soldiers seamstresses business owners miners lawyers homesteaders midwives doctors and town leaders Their stories offer much to twenty first century Americans still struggling to come to grips with their racial history [The Department of State Bulletin](#) United States. The Alliance Party of Northern Ireland Jonathan Tonge,Máire Braniff,Thomas Hennessey,James W. McAuley,Clare Rice,Sophie A. Whiting,2024-09-23 Northern Ireland s political system is dominated by an Irish Catholic nationalist versus British Protestant unionist faultline based upon the long running argument over whether the region should remain part of the United Kingdom or form part of a United Ireland Yet the largest category of elector in Northern Ireland says they are neither a unionist nor a nationalist and the third most popular political party is now Alliance which is not aligned to either of the two traditional constitutional positions Drawing upon a unique in depth survey of its members this volume analyses the history and contemporary rise of Alliance and the surge of a centrist party in Northern Irish politics which is challenging the old order How has a party which eschews ethnic bloc politics has no constitutional preference and contains a mix of Catholics Protestants and many of no religion come to prominence in a polity whose political institutions are framed upon an old binary

divide The Alliance Party of Northern Ireland undertakes an extensive membership survey analysing the role of a non ethnic party in an ethnic system assessing Alliance identities politics and futures Can Alliance integrate Northern Irish society through shared education and housing or will continuing polarisation thwart the Party's project Would Alliance take a position in the event of a constitutional referendum on Northern Ireland's future and what might that stand be These and other key questions form part of a novel study of the party of Northern Ireland's often overlooked centre ground The volume is essential reading for those wanting to understand how non ethnic parties can survive and even thrive within an ethnic party system

Damned Whiteness David F. Evans,2025-10-02 The memory of the long civil rights movement often celebrates white men and women who drew on their religious faith to support Black demands for racial justice However the visions and actions of these leaders and their organizations often conflicted with those of Black leadership While Black activists fought for a broad vision of freedom white allies focused more narrowly on cultivating interracial friendship marching in parallel to Black movement leaders rather than alongside them Damned Whiteness offers an unflinching history of white led efforts at interracial organizing gone astray Considering the examples of Dorothy Day cofounder of the Catholic Worker Movement Clarence Jordan spiritual father of Habitat for Humanity and Ralph Templin a Christian missionary who studied nonviolence in Gandhi's India David F Evans reveals how religious white progressives inherited strategies that remained disconnected from the ideas and actions of Black communities These disconnects have often been cloaked as disagreements over religious doctrine and practice but Evans reveals how they stem from refusals to acknowledge Black leaders philosophies and freedom dreams Though these patterns persist Evans offers a way out of this legacy of white allyship and into a future where freedom is possible

A Just World Heon Kim, 2014-09-26 *A Just World* Multi disciplinary Perspectives on Social Justice is a multi disciplinary analysis of social justice intended to foster scholarly discussion on a just world The contributors to this volume maintain that justice in society is a most pressing concern in the world today and discussion about it must be beyond theory practical and multi disciplinary While dialogue concerning social justice occurs in many academic disciplines it can be neither solely an issue of nor fully understood by one discipline Its complex involvement in all human social life necessitates a multi disciplinary approach To this end this volume offers an inter disciplinary insight into what social justice means today and how it can be achieved to create a more just world Eight scholars representing different disciplines shed light on various aspects of social justice today from their unique perspectives the humanities the social sciences the business world and the field of education Without losing their unique approaches to social justice they are inclusive in this collection These contributors directly address problems facing our societies today from a broad spectrum of capitalist neo liberal world order and with specific cases including the Arab Spring and the Occupy Movement In addressing the problems the chapters in this volume also reveal deep seated causes of the problems and thereby identify the nature and characteristics of social justice in a contemporary context providing considerable insight into long term sustainable solutions toward more just societies and a just world *A Just World* Multi disciplinary Perspectives on Social Justice is unique in that it provides the most recent discussion on the timely topic of social

justice Given the matchless credentials of the contributors the editor is confident that this volume will be received as nothing short of a landmark in multi disciplinary discussion on social justice It is destined to also make a considerable impact in charting new directions for future scholarly work on justice The sweeping global problem of injustice has resulted in a considerable number of studies however there has been little done to examine justice from a multi disciplinary perspective and this volume fills that void particularly as it presents common features of today s problems and discusses global social justice While this volume provides discourse by specialists in justice it will attract a readership beyond academia and will catch the attention of anyone who is interested in justice and who seeks a just world
