## **Alte Meister Komoedie:**

The Novels of Thomas Bernhard Jonathan James Long, 2001 The book's primary emphasis is on Bernhard's later fiction but it also explicates the early texts of the 1960s and 1970s The book makes use of insights from recent approaches to fiction that pay attention to what can be termed narrative dynamics Earlier studies of Bernhard have tended to remain within the descriptive framework established in narrative studies of the 1950s and 1960s this book views Bernhard's prose works from a more nuanced vantage point BOOK JACKET Alte Meister, 2019 **A Companion to the Works of Thomas Bernhard** Matthias Konzett, 2002 New essays by leading scholars on major aspects of the most significant Austrian writer of the postwar generation **Thomas Bernhard: Language, History, Subjectivity**, 2023-07-10 Thomas Bernhard one of the most significant post-war European writers continues to fascinate The twenty essays in this bilingual volume offer new readings of the Austrian writer's works via three interconnected strands language history and subjectivity In Austria Bernhard was often viewed as an enfant terrible Yet after his death in 1989 he has increasingly undergone what novelist Alexander Schimmelbusch calls a Mozartisation Against this background the volume refocuses attention on Bernhard's works themselves underlining why these continue to be subversive and compelling The essays in this volume address Bernhard's creative linguistic interventions his theatrical verve his literary persona and his response to the traumatic historical legacy which continues to shape Austrian subjectivities long after 1945 Thomas Bernhard einer der bedeutendsten europäischen Nachkriegsautoren wurde in Österreich oft als enfant terrible wahrgenommen Nach seinem Tod in 1989 kam es jedoch immer mehr zu einem Prozess der Mozartisierung Alexander Schimmelbusch dem Versuch Bernhard in das offizielle österreichische Selbstbild einzureihen Vor diesem Hintergrund lenkt dieser Band die Aufmerksamkeit wieder auf Bernhards Werke selbst und unterstreicht warum diese nach wie vor subversiv spannend und nicht zuletzt irritierend sind Unter den miteinander verbundenen Themenschwerpunkten Sprache Geschichte und Subjektivität befassen sich die Beiträge mit Bernhards kreativen sprachlichen Interventionen seiner theatralischen Präsenz seiner literarischen Persona und seiner Reaktion auf das traumatische historische Erbe das die österreichischen Subjektivitäten noch lange nach 1945 prägt Auch aber keineswegs nur deshalb hat Bernhard nichts von seiner Faszination eingebüßt Wittgenstein's Novels Martin Klebes, 2006 In this book Martin Klebes investigates the impact of Ludwig Wittgenstein's philosophical work on four contemporary German and French novelists Literary references both to Wittgenstein as a person as well as to his work are much more pervasive than to other equally well known 20th century philosophers and this study seeks to explain why and to what end Individual chapters are devoted to an analysis of the role of writing in Wittgenstein's writings as well as to the literary work of Thomas Bernhard W G Sebald Jacques Roubaud and Ernst Wilhelm Handler Klebes readings are situated in an interdisciplinary space between philosophical analysis and literary criticism and as such also incorporate reflections on conceptual questions in aesthetics architectural history philosophy of science and photography Die plattdeutsche Komödie im neunzehnten Jahrhundert Karl

Martin,2023-12-18 This study examines the nihilistic basis of Bernhard's writing and traces developments in the author's nihilistic stance throughout his career In the first period of his prose fiction 1963 1975 nihilism is reluctantly accepted by Bernhard's fictional characters as a necessary response to a world perceived as meaningless Various possible sources of transcendence are explored and rejected The autobiographical texts 1975 1982 then represent a sustained attempt by the author himself to transcend his own essentially nihilistic state The apparent success of this attempt is quickly revealed to be illusory in the prose fiction of the second period 1978 1986 and it becomes apparent that nihilism is a no less necessary response to Austrian social reality than to the more purely personal problems which first motivated Bernhard's writing      *Pseudo-Memoirs* Rochelle Tobias,2021-07 Pseudo Memoirs redefines the notion of fiction itself a form that has all too often been understood in terms of its capacity to produce a seeming reality Rochelle Tobias argues that the verisimilitude of the novel derives not from its object but from the subjectivity at its base What generates the plausibility of fiction is not the referentiality of its depictions but the intentionality of consciousness Edmund Husserl developed the idea that consciousness is always intentional in the sense that it is directed outside itself toward something that it does not find so much as it constitutes as an object Pseudo memoirs reveal the full implications of this position in their double structure as the tale of their own telling or the fiction of life writing In so doing they reveal how the world of fiction is constructed but more important they bring to the fore the idealist premises that fuel the novel and guarantee its truth even when it remains an invention of the imagination Rochelle Tobias explores novels by Thomas Mann Robert Walser Thomas Bernhard and W G Sebald in conjunction with philosophical and theoretical texts by Ren Descartes Husserl Friedrich Nietzsche Gy\_rgy Luk\_cs Roland Barthes and Maurice Blanchot

Since Beckett Peter Boxall, 2011-11-03 Samuel Beckett is widely regarded as the last modernist the writer in whose work the aesthetic principles which drove the modernist project dwindled and were finally exhausted And yet despite this it is striking that many of the most important contemporary writers across the world see their work as emerging from a Beckettian legacy So whilst Beckett belongs in one sense to the end of the modernist period in another sense he is the well spring from which the contemporary in a wide array of guises can be seen to emerge Since Beckett looks at a number of writers in different national and political contexts tracing the way in which Beckett's writing inhabits the contemporary while at the same time reading back through Beckett to the modernist and proto modernist forms he inherited In reading Beckett against the contemporary in this way Peter Boxall offers both a compelling re reading of Beckett and a powerful new analysis of contemporary culture

*space.time.narrative* Frank den Ouden, 2016-12-05 Making exhibitions is a collaborative art producing is a multi layered unity of ideas and objects of invention and manifestation of content and form However there is an antagonistic dimension to it because content and form are traditionally represented by the entirely different realms of curator and designer Future successful developments in exhibition making are dependent on whether this gap of antagonism can be bridged space time narrative calls for a paradigmatic shift of focus It puts forward a unique approach breaking down traditional barriers and offering a wide ranging theoretical context redefining and expanding the parameters and the dynamics of the exhibition format in terms of an open narrative environment which at its roots displays deep similarities with performance on stage or installation in urban and rural space The book breaks new ground by looking at the exhibition as a cultural format firstly within a great sweep of the arts in general weaving a web of philosophical museological linguistic and media theoretical references which expands the contextual field of the profession It then offers unique and important insights from within in extreme close up by bringing together interviews with six of the leading exhibition designers who discuss the dynamics of the medium its interactive dimensions the soft parameters of the exhibition and how to get to grips with the format as a complex narrative space in which the public takes part Curator and designer should reposition themselves professionally at the heart of the axis which divides or connects content and form

**Tintoretto** Robert Echols, Frederick Ilchman, 2018-01-01 Considered one of the three greatest painters of sixteenth century Venice along with Titian and Veronese Tintoretto was a bold innovator His free expressive brushwork made his work look unfinished to contemporaries but is now

recognized as a key step in the development of oil on canvas painting Even today s audiences are astonished by the superhuman scale painterly dynamism and visionary qualities of his work On the 500th anniversary of Tintoretto s birth this volume provides a comprehensive overview of his career and achievement with fifteen essays and reproductions of more than 140 paintings many newly conserved as well as a selection of his finest drawings One special contribution is a focus on the artist s portraiture Library of Congress

**German Text Crimes** Tom Cheesman,2013 German Text Crimes offers new perspectives on scandals and legal actions implicating writers of German literature since the 1950s Topics range from literary echoes of the Heidegger Affair to recent incitements to murder businessmen agents of American neo liberal power in works by Rolf Hochhuth and others GDR songwriters cat and mouse games with the Stasi feminist debates on pornography around works by Charlotte Roche and Elfriede Jelinek controversies over anti-Semitism around Bernhard Schlink s *Der Vorleser* The Reader and Martin Walser s lampooning of the Jewish critic Marcel Reich Ranicki Peter Handke s pro Serbian travelogue the disputed editing of Ingeborg Bachmann s *Nachla* vexed relations between dramatists and directors abuses of privacy law to censor contemporary fiction these are among the cases of text crimes discussed Not all involve codified law but all test relations between state power civil society media industries and artistic license

Writing and Seeing Rui Manuel G. de Carvalho Homem,Maria de Fátima Lambert,2006 The essays in this volume are informed by a variety of theoretical assumptions and of critical methodologies but they all share an interest in the intersections of word and image in a variety of media This unifying rationale secures the present collection s central position in the current critical context defined as it predominantly is by ways of reading that are based on a relational nexus The intertextual the intermedial the intersemiotic are indeed foregrounded and combined in these essays conceptually as much as in the critical practices favoured by the various contributions Studies of literature in its relation to pictorial genres enjoy a relative prominence in the volume but the range of media and of approaches considered is broad enough to include photography film video television comic strips animated film public art material culture The backgrounds of contributors are likewise diverse culturally academically linguistically The volume combines contributions by prominent scholars and critics with essays by younger scholars from a variety of backgrounds The resulting plurality of perspective is indeed a source of

new insights into the relations between writing and seeing and it contributes to making this collection an exciting new contribution to word and image studies *The Importance of Romantic Aesthetics for the Interpretation of Thomas Bernhard's "Auslöschung. Ein Zerfall" and "Alte Meister. Komödie"* Sylvia Kaufmann, 1998 **The Literary Life of Pictures** Michele Cometa, 2024-07-15 This book offers a theory of ekphrasis the literary description of an artwork from the perspective of Visual Culture studies A theory of ekphrasis must take into account not only the rhetorical strategies articulated in the description of artworks but also the complex interplay that holds together the pictures that are described the gazes that rest on them and the dispositives that mediate them It is therefore a matter of linking the study of the verbal rhetoric with the dynamics that are established between the author the reader and the visual artworks real or fictive as well as the performative aspects of description and the mediascapes that from time to time condition the gaze and the visual experience of the authors and the readers This book proposes thus to consider both the intradiegetic aspects of description and the extradiegetic ones that condition its verbal texture Following the rhetorics of ekphrasis throughout the Western tradition from its origins in Philostratus its reappraisal by Johann Joachim Winckelmann to the twentieth century avant garde this book shows how ekphrastic techniques are historically determined by the relationship between pictures gazes and dispositives

*Thomas Bernhards Trilogie der Künste* Gregor Hens, 1999 Study of the three most significant late works of the Austrian novelist and playwright Thomas Bernhard In German language Three late prose works of the Austrian novelist and playwright Thomas Bernhard 1931 1989 published between 1983 and 1985 display a number of interesting similarities and intertextual references in form and content They are considered here as a single trilogy like work replacing the monumental *Extinction* which appeared in 1986 but was completed as early as 1981 2 as Bernhard's magnum opus Taking as its point of departure a close textual analysis the work attempts to unveil the internal construction of the novel rather than second guess the author and his intentions The underlying model for this project is Nabokov's famous reading of Kafka's *Metamorphosis* The three novels under consideration share a common core of narrative structure Each one derives its composition from the form of art that is also central to the plot music drama and painting respectively In all three works the untenability of the narrative situation is thematized As the inherent perspective is dissolved the musical dramatic and compositional structures are revealed that form the basis of these prose experiments
