Library of Congress. Copyright Office, 1977      *Frontiers of Knowledge: Scientific and Spiritual Sources for a New Era* Douglas Kinney, 2014-06-06 *Frontiers of Knowledge* is the story of unfolding developments that are revolutionizing our understanding of ourselves and our place in the universe We are birthing a new era in which our ideas about the nature and source of reality are swiftly changing Insights from quantum physics suggest that the basis of our physical world is actually mental conscious thoughts Other discoveries are causing us to redefine our concepts of mind and the elusive thing we call consciousness All strongly hint that spirituality is the underlying source of everything Frontier scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge through systematic investigations of

startling phenomena that have been observed in quantum physics cosmology biology psychology disease and healing death near death experiences reincarnation experiences and those occurring in spiritual hypnosis on the nature of the spiritual realm New concepts of reality are especially needed to explain the incredibly finetuned characteristics and the mysterious nature of our physical universe Ninety five percent of the universe s energy and mass are a mystery to scientists and for the moment we resort to naming them dark matter and dark energy The last time a comparable knowledge revolution occurred was in the late sixteenth century when astronomers determined that the planets revolved around the sun not the earth Historians call it the Copernican Revolution because it led to modern Western science From one perspective the new era predicted in this book a revolution in its own right can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit our soul aspect and non physical realities Until now this emerging knowledge has not been organized into a coherent and comprehensive structure Frontiers of Knowledge provides the first outline of this new structure of reality      **Future Memory** P.M.H. Atwater,2025-09-12

There are many different paths to the future According to P M H Atwater one of the foremost investigators into near death experiences future memory allows people to live life in advance and remember the experience in detail when something triggers that memory Atwater explains the unifying and permanent effect of that experience is a brain a brain shift which she believes may be at the very core of existence itself In Future Memory Atwater shows that structural and chemical changes are occurring in our brains changes indicative of higher evolutionary development This mind blowing exploration of a mind blowing topic traces her findings about this phenomenon and explores its implications for the individual and for society Future Memory Provides a series of steps to assist in developing future memory Explores new models of time existence and consciousness Presents an in depth study of the brain shift and how it can be experienced Offers an extensive appendix and resource manual Future Memory is an important step in understanding the relationship between human perception and reality      **Vibrational Medicine** Richard Gerber,2001-03-01 The original comprehensive guide to energetic healing with a new preface by the author and updated resources More than 125 000 copies sold Explores the actual science of etheric energies replacing the Newtonian worldview with a new model based on Einstein s physics of energy Summarizes key points at the end of each chapter to help the serious student absorb and retain the wealth of information presented Vibrational Medicine has gained widespread acceptance by individuals schools and health care institutions nationwide as the textbook of choice for the study of alternative medicine Trained in a variety of alternative therapies as well as conventional Western medicine Dr Gerber provides an encyclopedic treatment of energetic healing covering subtle energy fields acupuncture Bach flower remedies homeopathy radionics crystal healing electrotherapy radiology chakras meditation and psychic healing He explains current theories about how various energy therapies work and offers readers new insights into the physical and

spiritual perspectives of health and disease      The Journal of the American Society for Psychical Research ,1977

**Biophilosophy** Rolf Sattler,2012-12-06 This book is an introduction to biophilosophy written primarily for the student of biology the practicing biologist and the educated layperson It does not presuppose technical knowledge in biology or philosophy However it requires a willingness to examine the most basic foundations of biology which are so often taken for granted Furthermore it points to the bottomlessness of these foundations the mystery of life the Unnamable I have tried to further the awareness that biological statements are based on philosophical assumptions which are present in our minds even before we enter the laboratory These assumptions which often harbor strong commitments are exposed throughout the book I have tried to show how they influence concrete biological research as well as our personal existence and society Thus emphasis is placed on the connection between biophilosophy and biological research on the one hand and biophilosophy and the human condition on the other      *Changes of Mind* Jenny Wade,1996-01-01 An original theory of the development of consciousness that brings together research from neurology new paradigm studies psychology and mysticism      Life Under the Baobab Tree Kenneth N.
