Alternative Models Of Mennonite Pastoral Formation:

Alternative Models of Mennonite Pastoral Formation Jim Egli, Lois Barrett, 1992 *Understanding and Developing Theological Education* Bernhard Ott, 2016-01-31 Historically education has been driven from behind the history and above the educational institution Traditions and adherence requirements have led to inflexible models of school leadership that are focused on administration and rife with educational politics In contrast today s theological landscape needs institutions with a grassroots driven educational system looking to a future that is biblically and theologically grounded This publication an English translation from the original German focuses on the leadership and curriculum development required for such a paradigm shift Ott comprehensively assesses trends in current theological education across the world with detailed reference to wider trends in global tertiary education Written primarily for those in leadership roles at theological schools and training institutions this handbook is an essential resource for equipping the next generation of leaders in theological education

A Theology of the Spirit in Doctrine and Demonstration Teresa Chai, 2015-02-12 This book is called a festschrift meaning a book of essays written to honor those who have served the academic community well over a long period of time Drs Wonsuk and Julie Ma the honorees in this book served as faculty members Journal pioneers and editors and academic dean Wonsuk at the Asia Pacific Theological Seminary www.aptse.edu for twenty four years 1983 2006 In 2006 Wonsuk accepted an invitation to become the Executive Director of the Oxford Centre for Mission Studies in the United Kingdom and Julie accepted an invitation to become a research mentor at the same institution The theme selected for this book *A Theology of the Spirit in Doctrine and Demonstration* reflects the heart of the kind of people the Mas have been and continue to be in academics practical ministry and most importantly in their personal lives The list of scholars below representing a broad array of nationalities and academic disciplines have followed the same theme in contributing articles within areas of their particular interest and expertise Allan Anderson Contextualization and Pentecostal Charismatic Education in a Global Village J Kwabena Asamoah Gyadu The Blessing of Abraham Pentecostalism and Ecumenism in African Perspectives R G dela Cruz Peter Women and the Spirit in the Bezan Test of Acts Rose Engcoy Historical Sketch of Wonsuk and Julie Ma Harold D Hunter Pentecostal Reflections on Apostolicity Dave Johnson Baptism in the Holy Spirit vs Spirit Possession in the Lowland Philippines Some Considerations for Discipleship Veli Matti Karkkainen Theological Education in a Pluralistic World Theological Reflections Kirsteen Kim Mission in the Spirit From Edinburgh to Canberra and Athens Robert Menzies Missional Spirituality A Pentecostal Contribution to Spiritual Formation Ekaputra Tupamahu Pentecostal Feeling in Conversation with William James and Rudolf Otto A Preliminary Exploration Amos Yong Pentecost and Virtual Spiritual Formation Renewing Theological Education in Global Context

The Second Reformation Bill Beckham, 2015-11-27 Bill Beckham describes how Jesus used groups of different sizes and relationships three twelve seventy and one hundred and twenty at Pentecost to fulfill his global purpose Beckham demonstrates how we need to relearn Christ s same relational strategy to plant churches

and win a lost world for Jesus Christ Beckham shows how many churches today have allowed an Old Testament theology to dictate their ecclesiology He then offers practical advice and clear direction to return to the original way to live Church as an expansion movement like Jesus did In this book Beckham shows how the Cell Church Movement is God's answer to take the church back to a place of fruitfulness and effectiveness *Making Disciples in the Twenty-First Century Church* Joel Comiskey, 2013-12-02 We know that the goal of the Christian life is to glorify God and to enjoy him forever While this is God's ultimate plan does he have a particular purpose for the cell based church I've been wrestling with this question for the past twenty two years This question confronts me every time I coach a pastor or pastors In preparation for coaching I ask myself What is my principal objective in helping this pastor Where am I guiding this church What am I trying to do I've come to the conclusion that the primary goal of cell ministry is to make disciples who make disciples Christ's last command to his disciples was for them to repeat the process and to reproduce new disciples But how were they supposed to do that This book answers these questions The early church followed Christ's pattern by making disciples through the house churches that periodically celebrated together in public worship In 2 Timothy 2:1-2 Paul tells Timothy to continue the discipleship process by passing on the pure gospel message to faithful men and women Even though the term disciple is later replaced by words such as brothers sisters Christians and saints the concept remains the same We in North America and the Western world often project our own cultural bias into Christ's great commission Matthew 28:18-20 Most discipleship books in fact assume that discipleship is an individualistic endeavor between me and God And yes there is an important individual aspect e.g. personal devotions etc Yet in Matthew 28 Jesus was talking to a group of disciples He wanted them to follow his example by making disciples in a group Jesus molded twelve disciples in a group and then sent them house to house So how does the cell church make disciples In this book I show how the cell small group works together with the cell system to make disciples who make disciples In the cell a potential disciple is transformed through community priesthood of all believers group evangelism and team multiplication In the cell potential disciples are formed through learning how to love one another exercising their gifts evangelizing together as a group and then sent forth as teams to start new groups Discipleship is a group process in the New Testament and God is calling his church to re-emphasize this truth The cell system ensures each leader has a coach and that training equipping track happens Then the cells gather together to worship and grow through the teaching of God's Word All three aspects are essential to form disciples Training is needed because disciples won't learn all they need to know in the cell Coaching ensures that each leader is cared for and receives shepherding The celebration service brings the cells together to hear God's Word worship and receive fresh vision The goal of the two wing cell church is to make disciples who make disciples The cell church today makes disciples by following the early church pattern of cell and celebration Recommendations I've read all of Joel Comiskey's books but *Making Disciples in the Twenty First Century Church* is his best work yet In this book Joel reminds us that the real call and challenge of the Church is not developing leaders or numerical

growth but making disciples who make disciples He also helps us understand why that is best done in a cell or small group context and gives us great insight about how to make that happen I m looking forward to having all of our Pastors Coaches and Cell Leaders and Members read this book in the near future Dennis Watson Lead Pastor Celebration Church of New Orleans ____ I am so excited about Joel Comiskey s new book Making Disciples in the Twenty First Century Church When I m asked what makes a cell church thrive I always say discipleship Thank you Joel for unpacking discipleship not just as an endeavor for individuals but as the critical element for creating a church community and culture that reproduces the Kingdom of God all over the earth I pray this book won t only be read but lived out as we were made to make disciples Jimmy Seibert Senior Pastor Antioch Community Church President and Founder Antioch Ministries International ____ I really like that Joel asked the Why question before the How question He even takes on the What question which is just as important The interest in discipleship is greater now than anytime in the last fifty years I fear however that we are using the same words but are not speaking the same language I recommend this work I cheer Joel on he joins many of us who are masters of the obvious It seems so obvious that our purpose is to be disciples and make disciples I cheer him on because he goes beyond the What and Why and does address the How This will help any person who reads it and I pray that there will be many Bill Hull Author of Jesus Christ Disciple Maker Disciple Making Pastor Disciple Making Church and The Complete Book of Discipleship Adjunct Faculty at Talbot School of Theology Biola University __ The history of the cell church movement in Brazil has many names of great man of God Joel Comiskey certainly is one of them We see how over the years his understanding of the New Testament Church has deepened Again Joel surprises us with this jewel He covers many aspects of cell church life showing us how discipleship relates to the broader scope of it and how to shape followers of Jesus He takes us to the heart of the matter of the cell church as he states it The purpose of cell ministry is making disciples who make disciples Excellent book The movement in Brazil certainly will be blessed through this book Enjoy it Robert Michael Lay Cell Church Ministry in Brazil Pioneer in the cell movement in Brazil and publisher of Joel s books __ In his tremendously helpful new book Making Disciples in the Twenty First Century Church Joel Comiskey cuts directly to the core purpose of cell ministry which is making disciples who make disciples Then he tells us how to do it through the Cell Based Church Like Joel s other books Making Disciples in the Twenty First Century Church is solidly biblical highly practical wonderfully accessible and is grounded in Joel s vast research and experience Great job Joel Dave Earley Lead Pastor Grace City Church of Las Vegas Nevada Author Eight Habits of Highly Effective Small Group Leaders Adjunct Professor Liberty Baptist Theological Seminary __ For more than twenty years Joel Comiskey has served the cell church movement He has helped scores of congregations move from being traditional churches to communities where edification and harvest occurs Twenty years Now he combines two decades of observation as his capacity as a researcher He has scoured many books to assemble wise counsel for us His discussion of how community varies from culture to culture is indeed penetrating As I read through the pages I mentally noted specific

Christian workers who need to read these pages Thanks Joel for the way you allow the King to speak through you to enlarge His Kingdom on earth Ralph Neighbour Jr key pioneer of the cell church movement ____ Joel Comiskey continues to deepen our understanding of the cell based church In Making Disciples we are equipped to carry out the Great Commission at maximum capacity Get ready to have your vision for ministry strengthened and expanded Andrew S Mason Small Groups Pastor Thrive Church Elk Grove CA Founder SmallGroupChurches.com ____ As one of the world's leading experts on cell based churches Joel Comiskey is well placed to show how New Testament style disciple making works His decades of experience in fields of ministry all over the world confirm that every member ministry and personal investment in disciples are God's pathway to true maturity and expansion of the kingdom of God This well written book deserves attention from every serious Christian Dennis McCallum Author Organic Discipleship Preparing the 21st Century Church Leslie H. Brickman, 2002-10 70 Bill Beckham, 2015-11-27 Bill Beckham gives a historical and strategic perspective of God's expansion people movement that is built upon the unique and interrelated groups of 3 12 and 70 He makes the case that the church must do three things in the 21st century 1 Add a mid sized group of seventy that can organize and supervise church planting expansion 2 make Christ the presence power and purpose of existing and future small groups and 3 establish friendship triads of two or three as the contagious factor for making disciples and reaching unbelievers Beckham gives a five step strategy through which a church up and down the spectrum from a mini church mega church cell church or a church plant can by using Jesus groups of 3 12 70 experience New Testament expansion rather than just growing or maintaining in a building **Leadership Explosion** Joel Comiskey, 2022-11-10 This book has been completely revised in 2022 Notice what others have said about this book If your groups need more leaders this book is for you Dr Comiskey demonstrates how effective churches develop leaders Then he shows you how to do the same by outlining the principles of leadership development that will work in any church This book will revolutionize your future ministry C Peter Wagner Chancellor Wagner Leadership Institute Many thanks to Comiskey for a helpful and practical book Many church growth strategies work in the short run but only leadership multiplication creates ongoing kingdom expansion This book communicates biblical proven and effective principles My advice to you Eat this book Let it shape your heart your vision and strategy Jim Egli Author Pastor and TOUCH Trainer Joel Comiskey shares insights as a leader who has himself raised up numerous leaders From how to recognize potential leaders to cell leader training to time tested principles of leadership this book has it all The accurate comparisons of various training models make it a great resource for those who desire more leaders Great book Billy Hornsby National Director Bethany Cell Church Network Comiskey provides an inspiring panoramic view of leadership in this book The concluding chapters which outline the guidelines models and principles for training effective cell group leaders will prove especially helpful to churches that are seeking to deal with leadership issues Karen Hurston Hurston Ministries Once again Joel Comiskey has provided a book that answers the questions of those in the cell church movement I read the

manuscript with pen in hand underlining so many sentences that few were left untouched This book will be an excellent reference for cell leaders and might well be incorporated into their ongoing training Ralph W Neighbour Jr Founder TOUCH Outreach Ministries Joel has the divine ability to take vital kingdom information compiled from throughout the body of Christ and boil it down so churches can clearly understand and practically apply these truths I highly recommend this book for everyone who is serious about training leaders for the harvest Larry Kreider International Director DOVE Christian Fellowship International
