Kaskaskia David MacDonald,Raine Waters,2019-06-06 This first comprehensive account of the Illinois village of Kaskaskia covers more than two hundred years in the vast and compelling history of the state David MacDonald and Raine Waters explore Illinois s first capital in great detail from its foundation in 1703 to its destruction by the Mississippi River in the latter part of the nineteenth century as well as everything in between successes setbacks and the lives of the people who inhabited the space At the outset the Kaskaskia tribe along with Jesuit missionaries and French traders settled near the confluence of the

Kaskaskia and Mississippi rivers about sixty miles south of modern day St Louis The town quickly became the largest French town and most prosperous settlement in the Illinois Country After French control ended Kaskaskia suffered under corrupt British and then inept American rule In the 1790s the town revived and became the territorial capital and in 1818 it became the first state capital Along the way Kaskaskia was beset by disasters crop failures earthquakes tornadoes floods epidemics and the loss of the capital city title to Vandalia Likewise human activity and industry eroded the river s banks causing the river to change course and eventually wash away the settlement All that remains of the state s first capital today is a village several miles from the original site MacDonald and Waters focus on the town s growth struggles prosperity decline and obliteration providing an overview of its domestic architecture to reveal how its residents lived Debunking the notion of a folklore tradition about a curse on the town the authors instead trace those stories to late nineteenth century journalistic inventions The result is a vibrant heavily illustrated and highly readable history of Kaskaskia that sheds light on the entire early history of Illinois
