Schalke, 2007-07-10 This is the memory of a long painful and rewarding journey A journey of a little girl born in Zoppot Germany in 1940 and who suffered during World War II Homeless hungry sick and lonely she was abandoned by her birth mother and raised by her grandmother although for years she knew her grandmother to be her mother This German community became Polish territory and the peaceful farm life disappeared Her grandmother refused to become a Polish citizen I was born a German and I'll die as a German Grandmother and granddaughter boarded a cattle train carrying only what they could and three weeks later were kicked off the train at a German village near Arnstadt Communist dictatorship and deprivation inspired a dream in Brigitte's heart to come to America Her stepfather told her the United States had to give computers to the East German government in exchange for Brigitte and her son Southern California has been her home since 1977 retired and anxious to tell her heartwarming story 66 years later **methods of teaching** Dr M Rajakumar

Lee, 2012-09 There are two grades of human beings high and low Their grades have nothing to do with material wealth title etc But have something to do with character wealth These character grades determine whether one is likeable or not and if one lives a happy and meaningful life or not High grades enrich other's lives while low grades tire and bore others High character grade doesn't mean perfect but is the one and probably the only one important factor in life Not only in relating to others but also in relation to oneself Material wealth doesn't matter much once economic independence is achieved but character wealth matters most in life For instance high grades are always sufficient in life no matter what while low grades are always insufficient Not only that you always have to be careful of low grades since they are opportunistic and manipulative therefore using others While high grades are genuine therefore enriching not only other's lives but also their own lives **The Medico-chirurgical Review and Journal of Medical Science**, 1822
