Improving Teaching, Learning, Equity, and Success in Gateway Courses Andrew K. Koch, 2018-01-24 Gateway courses college credit bearing and or developmental education courses that enroll large numbers of students and have high rates of Ds Fs withdrawals and incompletes are a ubiquitous part of the undergraduate experience in the United States As long as there have been U S colleges and universities there have been entry courses that pose difficulties for students courses that have served more as weeding out rather than gearing up experiences for undergraduates This volume makes the case that the weed out dynamic is no longer acceptable if it ever was Contemporary postsecondary education is characterized by vastly expanded access for historically underserved populations of students and this new level of access is coupled with increased scrutiny of retention and graduation outcomes Chapters in this volume define and explore issues in gateway courses and provide various examples of how to improve teaching learning and outcomes in these foundational components of the undergraduate experience Back cover **Transforming the Gateway Course Experience** Andrew K. Koch, 2024-12-13

Serving as a call to action for educators to recognize and address inequities in gateway courses this book offers an evidence based model for improving teaching learning and student success within the foundational college classroom Gateway courses often reflect broader societal cultural and economic issues this book argues that inequitable outcomes result from specific practices and policies rather than occurring naturally Using data and examples from his work with various colleges and universities Andrew K Koch highlights the systemic issues that perpetuate inequality in higher education He examines how and why race and class divisions are reinforced through current practice and the impact that these courses have on students sense of belonging By giving suggestions for policy changes on how to combat high failure rates and challenging myths such as grade inflation and curve grading this text seeks to critique and ultimately dismantle the toxic culture of weeding out students This accessible book is for any college instructor who wants to transform gateway courses into true opportunities for student success ultimately advancing higher education s broader equity and social justice goals *Launch Courses That Truly Change Lives: Student Results As Your Business Engine* Ahmed Musa,2025-05-31 Courses are everywhere but transformation is rare In an age where anyone can package content into a course real impact is what sets your offer apart *Launch Courses That Truly Change Lives* is for creators teachers and experts who want to design learning experiences that not only sell but stick This book flips the script on course creation It s not about cramming more into your modules It s about simplifying for clarity guiding for outcomes and building a business model that prioritizes student success above all Because when people get results they talk They refer They come back And that s what drives long term scalable growth You ll learn how to identify the core transformation your audience needs how to build a learning path that removes friction and how to structure your course for completion not just consumption Forget information overload This is about building real learning momentum When your course creates change your business becomes magnetic You don t have to chase testimonials they come to you You don t have to discount it s worth every penny You don t have to guess it works because it s built for outcomes not optics The best marketing for your course isn t ads It s results *Course to Cash* Leo Jake Collins,2025-04-10 *Transform Your Expertise into Evergreen Income* In a world where knowledge is power your expertise holds the keys to a prosperous future Imagine turning your skills into a lifelong income creating a legacy that not only enriches your life but also the lives of countless others With *Course to Cash Create Once Sell Forever* you re invited to step into the thriving world of online courses where your unique insights can generate everlasting financial reward Dive into the realm of online courses with confidence as you explore the foundational elements of creating content that captivates and converts Uncover the secrets to identifying profitable course ideas structuring engaging content and mastering delivery platforms that amplify your reach Each chapter is a treasure trove of strategies tailored to turn your vision into reality making your knowledge an unstoppable force Feel the excitement of launching a course that practically sells itself Discover cutting edge marketing techniques to build anticipation and leverage social media like a pro Navigate the e learning landscape with ease utilizing

**Language MOOCs** Elena Martín-Monje,Elena Bárcena,2015-01-29 Language MOOCs or LMOOCs are dedicated Web based online courses for second languages with unrestricted access and potentially unlimited

participation They are generating interest and expectation in the contexts of university education lifelong learning and online training in general This pioneering book presents an initial analysis of the theoretical and methodological issues underlying LMOOCs and presents empirical evidence of their potential for the development of language communicative competences based upon previously unpublished research It provides a mosaic like view of LMOOC research not only with respect to the geographical and institutional origin of its authors but also to the heterogeneous nature of their respective academic backgrounds and suggests directions for future development As in other types of online language courses the integration of the results of multidisciplinary research projects and teaching experiences related to LMOOCs is fundamental to make the field advance steadily and respond to some of the real challenges and problems faced by individuals working and living in competitive plurilingual societies today

Examining the Impact of Community Colleges on the Global Workforce Jones, Stephanie J.,Smith, Dimitra Jackson,2015-08-04 In an effort to create a more educated workforce in the United States many community colleges are implementing new practices and strategies to assist under prepared students These efforts will ultimately support a stronger and more resilient global workforce Examining the Impact of Community Colleges on the Global Workforce provides relevant theoretical and conceptual frameworks best practices and emerging empirical research about new approaches being employed in community colleges to prepare students for their post collegiate careers Featuring recent initiatives in educational settings this publication is a critical reference source for higher education practitioners policymakers and graduate students in higher education administration programs interested in the innovative practices utilized by community colleges to educate underserved students

**Delivering on the Promise of High-Impact Practices** John Zilvinskis,Jillian Kinzie,Jerry Daday,Ken O'Donnell,Carleen Vande Zande,2023-07-03 Research shows that enriching learning experiences such as learning communities service learning undergraduate research internships and senior culminating experiences collectively known as High Impact Practices HIPs are positively associated with student engagement deep and integrated learning and personal and educational gains for all students particularly for historically underserved students including first generation students and racially minoritized populations While HIPs potential benefits for student learning retention and graduation are recognized and are being increasingly integrated across higher education programs much of that potential remains unrealized and their implementation frequently uneven Colleges are eager to use the HIP nomenclature for recruitment promoting equity for traditionally underserved student populations and preparing lifelong learners and successful professionals However HIPs defy easy categorization or standardized implementation They rely on fidelity quality and consistency being done well to achieve their learning outcomes and above all require attention to access and equity if they are to fulfill their promise of benefitting all student populations equally The goal of Delivering on the Promise of High Impact Practices is to provide examples from around the country of the ways educators are advancing equity promoting fidelity achieving scale and strengthening assessment of their own local high impact practices Its chapters bring

together the best current scholarship methodologies and evidence based practices within the HIPs field illustrating new approaches to faculty professional development culture and coalition building research and assessment and continuous improvement that help institutions understand and extend practices with a demonstrated high impact For proponents and practitioners this book offers perspectives data and critiques to interrogate and improve practice For administrators it provides an understanding of what s needed to deliver the necessary support
