Covenant Connection From Federal Theology To Modern Federalism

Charles K. Telfer

Covenant Connection From Federal Theology To Modern Federalism:

The Covenant Connection Daniel Judah Elazar, John Kincaid, 2000-01-01 American European political and theological histories intersect in this important new exploration of the founding of the United States The Covenant Connection examines the way in which the Protestant Reformation and federal covenant theology which lay at the foundation of Reformed Protestantism in its Calvinist version played a major role in shaping the political life and ideas of the colonies of British North America and ultimately the new United States of America Contributors to the volume look at the most critical facets of this connection over nearly three centuries from the beginning of the Reformation in sixteenth century Zurich to the declaration of American independence and the writing of the U S Constitution Individual chapters show how federal theology led to a revival of Biblical republicanism in Reformation Europe how it was applied and modified in countries such as Switzerland the Netherlands Scotland and England and how it was carried across the Atlantic by the early settlers of North America most particularly the Puritans but also other groups such as the Dutch and the Scots to form the matrix for American constitutionalism democratic republicanism and federalism As a collection The Covenant Connection provides an irrefutable analysis of the profound biblical and Reformation influences on the founding of America [A Continental View: Johannes Cocceius's Federal Theology of the Sabbath](#) Casey B. Carmichael, 2018-11-12 Carmichael argues that Johannes Cocceius's theology of the Sabbath serves as a window through which one can view more clearly his federal theology or covenant theology Covenant theology was the most distinctive feature of his theology Moreover Cocceius spent a notable portion of his life engaging in the Leiden Sabbath Controversies from 1655 to 1659 which played a key role in the split of the Reformed Dutch Republic into two socio political blocs Cocceians and Voetians So far scholars have tended to overlook this critical phase in Cocceius's theological development Carmichael sheds light on it by looking at the theological texts that Cocceius wrote that absorbed his attention during this significant period Casey Carmichael examines first the evolution of the problem of the Sabbath in Cocceius's theological tradition Reformed Orthodoxy in Chapters 2-4 and second the development of Cocceius's doctrine of the Sabbath structured around the Leiden Sabbath Controversies in Chapters 5-8 *Johannes Cocceius and the Exegetical Roots of Federal Theology* Brian J. Lee, 2009-08-19 Lee bedient sich der historischen Exegese um zu erklären wie sich die reformierte Bundestheologie entwickelt hat Diese exegetische Methode zeigt die Schwächen aktueller dogmatischer Erklärungen zum Ursprung der Bundestheologie auf und liefert dabei neue Einsichten zur Lehre vom Bund Der reformatorische Wende hin zu den Quellen warf neue Fragen zu der Bedeutung der biblischen Begriffe vom Bund berith und diatheke auf und führte zu der Entwicklung einer eher technischen lateinischen Terminologie die zwischen foedus testamentum und pactum unterschied In diesem Kontext erlangte auch die Beziehung zwischen den Testamenten wieder mehr Bedeutung Hebr 7-10 versammelte diese verschiedenen Lehrmeinungen um sich die im Laufe der Zeit zu einem dezidierten theologischen Bundestopos wurden Der Hebrerkommentar von Johannes Cocceius von 1659 spiegelt beide

Interpretationsanliegen wider Er bedient sich typisch f deraler Terminologie die erst im Laufe des 16 Jahrhunderts Eingang in den Sprachgebrauch der Theologen gefunden hatte Cocceius betont sowohl eine testamentarische Kontinuit t als auch den soteriologischen Bruch er spricht von zwei Formen der Rechtfertigung eine vor und eine nach Christus ber die Untersuchung der lteren Hebr erkommmentars von Cocceius sticht die hohe Bedeutung der testamentarischen Beziehungen in Cocceius Denken hervor Dadurch stellt sich heraus dass seine Bundestheologie st rker als bislang angenommen in den Entwicklungen des 16 Jahrhunderts wurzelt Ferner treten die zentralen Kontinuit ten in der reformierten Bundestheologie st rker hervor

The Federal Theology of Jonathan Edwards Gilsun Ryu, 2021-07-07 The Christ centered exegesis of Jonathan Edwards Jonathan Edwards is remembered for his sermons and works of theology and philosophy but he has been overlooked as an exegete Gilsun Ryu s *The Federal Theology of Jonathan Edwards* explores how exegesis drove Edwards s focus on the headship of Christ as second Adam and likewise formed a foundation for his broader theological reasoning and writing especially on Christ and the covenants Edwards s distinctive emphases on exegesis redemptive history and the harmony of Scripture distinguish him from his Reformed forebears Ryu s study will help readers appreciate Edwards s contribution as an exegetically informed Reformed theologian Expanded EU: from Autonomy to Alliance Nejat Dogan, 2008-01-01 This book is a selection of the scholarly works presented at the 2nd International Redefining Europe Conference in Prague 2005 as a part of the Ashburn Institute s analogous initiative the goal of which is to advance people s understanding of the future of European civilisation and to explore the varying dynamics of transatlantic relations This volume is a 2nd publication in the Redefining Europe Conference Series The third manuscript will appear in print following the Renewing the Transatlantic Relationship Prospects for Europe and the United States in an Emerging Multipolar World Conference held in Norman OK November 2008 This book is targeted at scholars and students in political science and related disciplines *Diversity and Unity in Federal Countries* John Kincaid, César Colino, 2010 In *Diversity and Unity in Federal Countries* leading scholars and practitioners analyse the current political socio economic spatial and cultural diversity in the countries under consideration before delving into the role that social historical and political factors have had in shaping the balance of diversity and unity The authors assess the value placed on diversity by examining whether present institutional arrangements and public policies restrict or enhance diversity and address the future challenges of balancing diversity and unity in an increasingly populated and mobile world *Covenant Theology in the Reformed Perspective* Mark W. Karlberg, 2000-07-31 *The Egalitarian Spirit of Christianity* Stephen Strehle, 2017-09-08 Religion no longer plays a dominant role in the everyday consciousness of modern Western society Few people recognize the underlying role of religious beliefs and practices in their life choices Stephen Strehle shows the significance and ongoing influence of religion in contemporary life by revealing the sacred roots of modern political ideas in the sixteenth and seventeenth centuries He discusses the role of the church in government probing into the sources of democratic federal and egalitarian ideas on the continent of Europe during the Reformation The

separation of church and state in America and the diminished power of the Church of England were the culmination of secular forces evolving since the Enlightenment. This secular view of life represents the basic mentality of the culture and the government in general yet there is much to contradict it. The last half of the twentieth century witnessed a surge of grassroots movements from all sides of the political religious spectrum. These included the civil rights movement of the 1960s and the Moral Majority of the 1980s both of which provided an effective challenge to a simple separation of the two realms. Strehle explores some of the most cherished political ideals of modern society including equality and democracy liberty and natural rights progress and capitalism federalism and mixed government. He does not dismiss the vital contribution of other possible sources of inspiration from the world of religion or undermine the well established place of secular sources. But he does show that certain ideas associated with the religious community have left an indelible mark upon significant aspects of the emerging American landscape.

Multinational Federalism Alain-G Gagnon, 2015-12-17 A collection of state of the art reflections by fourteen leading experts in the field of multinational federalism. Seymour and Gagnon have gathered contributions from philosophers political scientists and jurists dealing with the accommodation of peoples in countries like Belgium Canada Europe Great Britain India and Spain.

Wrestling with Isaiah: The Exegetical Methodology of Campegius Vitringa (1659-1722) Charles K. Telfer, 2016-09-12 Campegius Vitringa 1659-1722 of Franeker University was a biblical scholar of considerable influence for the first half of the 18th century. Similar to that of Calvin his exegetical methodology attempts to walk a via media between the historicism of Grotius 1583-1645 and the Christocentrism of Cocceius 1603-1669. His magnum opus was a widely acclaimed commentary on Isaiah 1720. Vitringa scholars have charted his influence along a historical critical trajectory including Schultens Venema Alberti Manger Delitzsch and Gesenius and along a Pietistic trajectory including Franke Lange and Bengel leading toward Lessing Herder and German Idealism. The book includes the first biography in English and compares his hermeneutical theory with his praxis. It analyzes Vitringa's exegetical presuppositions his remarkably high view of the Bible and his canones hermeneuticos highly valued by J.J. Rambach 1693-1735. It shows Vitringa's contextual sensitivity at every level of exegesis commitment to New Testament normativity in the reading of Isaiah in which redemptive history is the ultimate hermeneutical horizon nuanced views on the historical fulfillment of prophecy and concern for pastoral application. A scholar widely admired for his mastery of the languages and his intense historical focus in exegesis Vitringa was also appreciated for his orthodox views warm hearted piety and love for the church.

The Covenant with Moses and the Kingdom of God Andrew J. Martin, 2023-07-10 Covenant theology was a popular and controversial topic in early modern England. In particular the biblical old covenant with Moses generated tremendous theological and political debates during the years of the English Civil Wars. And yet the disciplinary boundaries of historical theology and the history of political thought make it hard to understand why early modern preachers and philosophers wrestled over this topic with such vigour. This interdisciplinary historical theological

study explains the development of the covenant theology in the major works of Thomas Hobbes and his contemporaries including Bishop Robert Sanderson and the puritan and presbyterian circles of the Westminster Assembly

Radical Conversion Christopher M. Duncan, 2021-07-13 Radical Conversion utilizes both analytic and normative philosophic theoretical frameworks to study the relationship between Christian Catholic conceptualizations of politics citizenship faith and religion as viewed through a quasi theological lens The work is situated in the context of the American liberal tradition and in conversation and debate with the public philosophy that attempts to sustain it and provide a rationale for its perpetuation In a single sentence the book s thesis is that for America to fully realize its authentic and unique moral and political mission and secure it into the future it will need to become both more Catholic and more catholic Concordantly that mission properly understood is nothing less than the recognition and protection of the idea of the sacredness of every individual human person and their right to flourish and realize the fullness of their particular vocation as a child of God

Ethnic Diversity and Federalism Yonatan Tesfaye Fessha, 2016-05-23 How federalism can be used to provide recognition and accommodate ethnic groups is an important topic not only in Africa but in multi ethnic communities around the world Examining how institutions of multi ethnic states have been designed to accommodate ethnic diversity while at the same time maintaining national unity this book locates institutional responses to the challenges of ethnic diversity within the context of a federal arrangement It examines how a federal arrangement has been used to reconcile the conflicting pressures of the demand for the recognition of distinctive identities on the one hand and the promotion of political and territorial integrity on the other Comparative case studies of South Africa and Ethiopia as the two federal systems provide a contrasting approach to issues of ethnic diversity Suggesting new ways in which federalism might work the author identifies key institutions lessons which will help to build an all inclusive society

Natural Law and the Two Kingdoms David VanDrunen, 2010 Conventional scholarship holds that the theology and social ethics of the Reformed tradition stand at odds with concepts of natural law and the two kingdoms But David VanDrunen here challenges that status quo through his careful thoroughgoing exploration of the development of Reformed social thought from the Reformation to the present from publisher description

The Forum of Federations Handbook of Federal Countries 2020 Ann Griffiths, Rupak Chattopadhyay, John Light, Carl Stieren, 2020-10-24 Federal models of government have shaped history and demonstrated how diverse people can live together and govern together in relative harmony The Forum of Federations Handbook of Federal Countries 2020 builds on the previous 2005 edition and offers a much needed update to this signature resource in comparative federalism Outlining every federal country in the world each chapter provides a brief yet comprehensive overview of the history of federalism in its specific country the constitutional nature of federalism and recent historical dynamics As new countries have joined the Federal ranks this handbook brings readers up to speed offering an authoritative look at both the older federal countries as well as new federal countries like Nepal The Forum of Federations Handbook of Federal Countries 2020 is an essential

resource for academics researchers university students libraries history and governance teachers politicians and civil servants and casual observers of federalism

The Puritans David D. Hall, 2021-04-06 Shedding critical new light on the diverse forms of Puritan belief and practice in England Scotland and New England Hall provides a multifaceted account of a cultural movement that judged the Protestant reforms of Elizabeth's reign to be unfinished Provided by publisher

Civil Religion in Political Thought Ronald L. Weed, John von Heyking, 2010-03 The essays in this volume blend historical and philosophical reflection with concern for contemporary political problems They show that the causes and motivations of civil religion are a permanent fixture of the human condition though some of its manifestations and proximate causes have shifted in an age of multiculturalism religious toleration and secularization

Positivist and Political-Economic Theories of International Relations Amartya Mukhopadhyay, 2023-10-20 This book provides an introduction to positivist pluralist theories of international relations IR which emerged during the early and mid 1950s along with Marxist political economic and non Marxist economic theories of IR Positivist and Political Economic Theories of International Relations is an in depth critical study of texts and literature which highlight IR's methodological pluralism even after it gained maturity It examines how pluralist political status quo and radical economic criticism coexist in discrete areas of the discipline Insights are provided into key positivist liberal pluralist theories namely decision making approaches and theories of integration regionalism interdependence and regime It discusses the four political economic and critical theories of Marxism dependency world systems and international political economy The book as an advanced supplementary reader will be of great interest to researchers and students of international relations history law and the multidisciplinary social scientific field of political economy

Federalism Vis a Vis the Right to Freedom of Movement and Residence Yonas Girma Adimassu, 2015-08-03 Abstract The FDRE constitution has established ethnic federal arrangement in one hand and incorporates everyone's right to freedom of movement and residence everywhere within Ethiopian territory on the other Besides this ethnic self determination has established as a cornerstone of the federal system But there is no any single study has conducted to look at the practical serene coexistence of Ethiopian federal system and the right to freedom of movement and residence Thus the main issue addressed in this paper is whether the federal system has implemented properly in congruent with the right to freedom of movement and residence of individuals in Ethiopia The thesis has also tried to explore whether the institutions put in place to safeguard the right to freedom of movement and residence has worked efficiently and effectively by way of giving the required remedy in case of violation In doing so the writer has analyzed cases with integrating interview responses as well as explores other countries experiences After conducting serious analysis the writer has eventually reached to the following findings ethnic federal setup of Ethiopia has practically negative implication on the right to freedom of movement and residence ethnic based political parties are also responsible for the violation due to their contribution to the increasing ethnic consciousness of the society Governmental safeguard institutions are not properly

safeguarding this right from the pitfall of Ethiopian ethnic federal system Misuse of ethnicity for political game by the ruling EPRDF party has aggravated the impact of ethnic federal system on the violation of such freedom **Teaching Federalism**
