Muslim Perspectives on Islamophobia Zouhir Gabsi, 2024-08-06 The Islamic positioning of Islamophobia is presented in this book Through Islamic or Muslim perspectives the book engages with various Islamic texts and discourses spoken and written emanating from preachers and scholars of Islam to discuss the points of convergence and divergence with the Western interpretation of the phenomenon The book aims to look at Islamophobia from a hitherto unexplored angle by first analyzing the points of

convergence and divergence between the internal Muslim and external Western perspectives and then by providing new approaches to curbing Islamophobia through a holistic spiritual dimension of Islam and cultural memory The book contends that the bridges of understanding between the East and the West can only be built if some of Islam's theological concepts such as the place of reason in Islam are reinterpreted by considering the Islamic perspectives While the book acknowledges previous work on Islamophobia it contributes to a deeper understanding of Islamophobia in its internal and external manifestations by considering the theoretical frameworks of racism and xenophobia Readers interested in Islamic studies and anti racism narratives would find this book's eclectic approach and balanced perspective of the phenomenon informative and enlightening China's Belt and Road Initiative in a Global Context Jawad Syed, Yung-Hsiang Ying, 2019-09-30 Bringing together a collection of interdisciplinary chapters on China's Belt and Road Initiative BRI this book offers a comprehensive overview of the topic from a business and management perspective With a focus on the China Pakistan Economic Corridor CPEC Volume II provides theoretical and empirical analyses of the opportunities and challenges facing businesses With contributions covering economics agriculture energy value chain ethics governance and security this collection is a useful tool for academics as well as policy makers and practitioners in China Pakistan and other countries along the new Silk Road
