Cox Production in England Dan I. Neuteboom, 1978 **Common Land in English Painting, 1700-1850** Ian Waites, 2012 An examination of the treatment of common land in the work of English painters at a time when much of it was to disappear forever A most elegantly written book that calmly knocked many entrenched but erroneous notions about British landscape painting firmly on the head Longlisted and commended by the judges of the 2013 William M B Berger prize for British art history During the eighteenth and nineteenth centuries much of England's common land was eradicated by the processes of parliamentary enclosure However despite the fact that the landscape was frequently viewed as unproductive outmoded and unsightly many British landscape painters of the time including Constable Gainsborough and Turner resolutely continued to depict it This book is the first full study of how they did so using evidence drawn not only from art historical picture analysis but from contemporary poems and novels and the contemporary pamphlets essays and reports that advanced the rhetoric of both agricultural improvement and new theories on landscape aesthetics It highlights a deep rooted social and cultural attachment to the common field landscape and demonstrates that common land played a significant but until now underestimated role in both the history of English art and of the formation of an English national identity reflecting what are still highly sensitive issues of progress nostalgia and loss within the English countryside Recasting common land as a recurrent facet of English culture in the modern period the numerous paintings drawings and prints featured in this book give the reader a comprehensive and evocative sense of what this now almost wholly lost landscape looked like in its heyday Ian Waites is Senior Lecturer in History of Art and Design at the University of Lincoln [The Primary English Encyclopedia](#) Margaret Mallett, 2012 This newly updated user friendly encyclopedia explains concepts aims and current requirements in all aspects of the primary English curriculum and is an invaluable reference for all training and practising teachers Now in its fourth edition entries have been updated to take account of new research and thinking and now reflect the requirements of the new Primary National Curriculum and particularly The Communication Language and Literacy Development element The approach is critical but constructive and supportive of the reflective practitioner in developing sound subject knowledge and good classroom practice The encyclopedia includes over 600 entries including new entries on English in the Early Years bilingualism SEN the use of the internet synthetic phonics and many more short definitions of key concepts succinct explanations of current UK requirements extended entries on major topics such as speaking and listening reading writing drama poetry bilingualism and children's literature input on new literacies and new kinds of texts for children discussion of current issues and some input on the history of English teaching in the primary years gender and literacy important references for each topic advice on further reading and accounts of recent research findings a Who's Who of Primary English and lists of essential texts updated for this new edition This encyclopedia will be ideal for student teachers on BA and PGCE courses preparing for work in primary schools and primary school teachers **Screening Early Modern Drama** Pascale

Aebischer,2013-05-23 While film adaptations of Shakespeare s plays captured the popular imagination at the turn of the last century independent filmmakers began to adapt the plays of Shakespeare s contemporaries The roots of their films in European avant garde cinema and the plays politically subversive sexually transgressive and violent subject matter challenge Shakespeare s cultural dominance and the conventions of mainstream cinema In *Screening Early Modern Drama* Pascale Aebischer shows how director Derek Jarman constructed an alternative dissident approach to filming literary heritage in his queer *Caravaggio* and *Edward II* providing models for subsequent filmmakers such as Mike Figgis Peter Greenaway Alex Cox and Sarah Harding Aebischer explains how the advent of digital video has led to an explosion in low budget screen versions of early modern drama The only comprehensive analysis of early modern drama on screen to date this groundbreaking study also includes an extensive annotated filmography listing forty eight surviving adaptations **The English Reports:**
