The Coyote's Chance Holley Trent, 2019-09-15 Becoming the new alpha of Maria's chaotic pack is coyote shifter Blue Shapely's long awaited chance to be his own man Unfortunately the pack's hapless patron can't help but thwart him at every turn After being magically attached to the Coyote group for more than a century Willa Matheson has a soft spot for them even the dangerous ones threatening to expose them to humans She may have hired Blue to rein in the pack but the two constantly disagree on strategy She's afraid to ruffle feathers but take charge Blue will do whatever it takes to get his Coyotes in line And to complicate things even more all signs point to the anxious demigoddess being his mate Developing a tenderness for Willa will be an obstacle to Blue's determination to be as ruthless as he needs to be but if the duo can't find a way to retract their claws and soon it may be too late to protect the pack's secret and their own hearts

The Gospel According to a Modern Day Sinner Gregg C. Cummings, 2005 The word gospel means good news and is used for terms of truth and of the life and teachings of our Lord Jesus Christ I was moved to write about this because we live in a time when we are vastly becoming immune to the Gospel or maybe better put we are becoming desensitized to constantly hearing the Word while indulging the worldly feel good things that are bombarding us on a daily basis The apostles also lived in a time when they too had their work cut out for them and the Matthew Mark Luke and John's writings became the very gospels we are speaking of now as well as David and maybe as a side note for these gospels some 2000 years later this book might help some of you who are in my same situation believers who are sinners stuck in a world so evil that no society has ever seen it this bad before believers who are sinners that want nothing more but the strength and power to break away from the very things that are holding us bound to this way of life believers who are sinners that feel like losers who cannot give up those feel good things that have a more physical reality sinners that are believers through hope and wanting to be on the right side and yet not wanting to give up luxuries until we really have to the just in case mentality the selfish self that is not always in agreement with our minds moral standing I only hope you read this book with an open mind to God If He shows you that what you read is no good then so be it for I am not God I only know that I am a Sinner that is a Believer that wants to share with you from my understanding of the scriptures and not from my selfish desires Because I believe that God has been with me I believe that He has taught me understandings that must be preached and must be written down If this book does nothing else but allow you to know that you are precious in His sight and that He wants you to come to Him with all your being then I will be happy

Day Hikes Around Sonoma County Robert Stone, 2016-03-01 Sonoma County is 35 miles north of San Francisco on the Pacific coast. This California county is known for its wineries and a magnificent natural landscape: a picturesque mix of rugged coastline, steep cliffs, forested hillsides, and verdant agricultural valleys. The cities, towns, and villages are as diverse as the geography. Interspersed throughout the landscape are thousands of acres of undeveloped parklands, forests, and open space. Day Hikes Around Sonoma County is a collection of 125 of the county's best day hikes, providing access to both well-known and out-of-the-way greenspace. Hikes are found along the Pacific Ocean, across the coastal ridges into wide valleys, and through thick forests. A third of the hikes are located along the coastline, accessed by Highway 1, which connects the coastal towns as it snakes along the oceanfront cliffs and bluffs. Many coastal access points that are not easily recognized from Highway 1 are clearly described. The remaining hikes explore the inland mountains, hillsides, and valleys through numerous state parks, regional parks, and undeveloped land. Highlights include fog-shrouded redwood forests, creekside canyons, wildlife sanctuaries, lakes, tidal bays, wave-pounded coastline, and sweeping panoramic views. A wide range of hikes accommodates amateur to avid hikers, from beachfront strolls to canyon treks. Straight-forward directions and clear maps accompany all hikes. A thorough index includes cities, trails, and points of interest.

Myths and Tales of the White Mountain Apache Grenville Goodwin, 1994-03 These 57 tales, with seven variants gathered between 1931 and 1936, include major cycles dealing with Creation and Coyote, minor tales, and additional stories derived from Spanish and Mexican tradition. The tales are of two classes: holy tales, said by some to explain the origin of ceremonies and holy powers, and tales which have to do with the creation of the earth, the emergence, the flood, the slaying of monsters, and the origin of customs. As Goodwin was the first anthropologist to work with the White Mountain Apache, his insights remain a primary source on this people.

The Assassination of Hole in the Day Anton Treuer, 2011 Explores the murder of the controversial Ojibwe chief who led his people through the first difficult years of dispossession by white invaders and created a new kind of leadership for the Ojibwe.

Coyote's Canyon Terry Tempest Williams, 1989 These things are real: desert rocks, shelter, legend. Judith Fryer: Coyote's Canyon evokes the beauty and mystery of southern Utah's desert canyons, home to Navajo and to the Anasazi who came before, and spiritual homeland to the Coyote Clan, thousands of individuals who draw nourishment from this land. This collaboration between photographer John Telford and writer Terry Tempest Williams is an intimate meditation on one of the earth's most extraordinary landscapes. Telford's spectacular color photographs of the region's canyons, mesas, hidden waterways, arches, Anasazi cliff dwellings, and desert vistas are rich with the reflected light that elevates rock into sculpture. Tempest Williams' stories celebrate the legend and ritual surrounding this sacred place, creating a compelling new mythology for desert lovers, persons quietly subversive in the name of the land. Taken together,
