**The Beginning of the Story** Timothy J. Geddert, 2023-10-03 Rediscover the essential beginning of the most important story ever told Although the Bible contains sixty six books that usually span over a thousand printed pages most Christians turn first and sometimes only to the New Testament So often Christian readers have little idea what to do with the Old Testament if we read it at all Sure we value a few well known stories and use a few psalms for personal devotions and for worship Beyond that many Christians find the Old Testament mostly confusing troubling or irrelevant But to understand the Bible as the grand story that it is the story of God s dealings with humanity and relationship to the whole universe we must learn to read the first three quarters of Scripture as Jesus did and as the New Testament teaches us to do Walking through the arc and major themes of the Old Testament narrative author and biblical scholar Timothy J Geddert guides curious readers of the Word into a fruitful and fulfilling reading of the Bible s first thirty nine books restoring joy in reading and studying the most important story ever told

**Betrayal, Blood, and Rebirth: Palestine's Untold Story** Pasquale De Marco, 2025-05-22 Betrayal Blood and Rebirth Palestine s Untold Story delves into the heart of the Palestinian struggle shedding light on the historical political and human dimensions of this protracted conflict Spanning centuries of turmoil and resilience this book offers a comprehensive narrative that unravels the complexities of the Palestinian experience From the ancient kingdoms of Canaan and Israel to the Roman and Byzantine empires Palestine has been a crossroads of civilizations and a battleground for competing powers The arrival of Islam in the 7th century brought a golden age of prosperity and enlightenment but also sowed the seeds of future discord The Crusades waged by European Christians in the 11th 12th and 13th centuries left a lasting legacy of division and resentment The 19th century witnessed the decline of the Ottoman Empire creating a vacuum quickly filled by European powers The British in particular played a pivotal role in shaping Palestine s destiny During World War I they promised Arab independence in exchange for their support against the Ottomans However after the war they reneged on this promise and issued the Balfour

Declaration pledging to establish a Jewish homeland in Palestine This declaration sowed the seeds of the conflict that continues to plague the region today The British ruled Palestine with an iron fist suppressing Arab nationalism and facilitating Jewish immigration leading to growing tensions between the two communities The 1948 Arab Israeli War sparked by the British withdrawal from Palestine resulted in the establishment of the State of Israel and the displacement of hundreds of thousands of Palestinians The aftermath of the 1948 war has been marked by ongoing conflict and instability Israel has occupied the West Bank Gaza Strip and East Jerusalem since 1967 and the Palestinian people continue to live under military occupation Despite numerous attempts at peace negotiations a just and lasting solution to the conflict remains elusive Betrayal Blood and Rebirth is a powerful and thought provoking account of Palestine s tumultuous history its enduring struggle for self determination and the ongoing quest for peace It is a story of injustice suffering and resilience but also a story of hope for a brighter future If you like this book write a review on google books
