Wang,2024-07-17 **Legacy** Aaron James Holland,2007-05-25 A wealthy archaeologist finds the discovery of a lifetime in present day Italy The importance of what he unearths could rewrite all of history as we know it While his story begins another one unfolds that connects the present with the ancient past It is a period of great darkness for the Roman Empire The year is circa 180 A D and the Empire is in civil unrest One man rises amidst the chaos and secures the throne He instills the hope of peace with his rise to power For many years his wife remains in seclusion with no apparent heir in sight Then without warning she comes out of hiding and reveals a son This is the story of Marek Septimus and how he grew from a boy surrounded by the seductions of an Empire to a man bound by duty Along the way he learns what it means to live to love and to sacrifice It is the tale about the Prince of an Empire and how his choices ultimately affect the entire world It is a book of promise power and passion It reveals the very legacy of an Empire This book is a work of historical fiction It takes elements of true history and envelopes them with extreme circumstances There are some echoes of fantasy within its pages but ultimately it is a story of love betrayal and forgiveness This is the first book in a series that Aaron James Holland is currently working on **Beta Earth: Legacy** J.R. Napier,2014-10-25 Our heroes from Beta Earth Between Worlds return The now legendary status Clave The stronghearted Lana The ever vigilant Vin The young prodigy Anul The increasingly ambitious Gaidon The hopelessly desperate Abel and the alloy enhanced enigma Kamon All of them now older and more skilled Will be put to the ultimate test as they are dragged into an ever growing war for Paradise KIRKUS REVIEW The search for Paradise which people believe will be the only place to survive the fated collision between two inhabited planets leads to endless battles in Napier's Beta Earth Between Worlds 2 0 Edition 2014 etc latest sci fi outing This collection comprises three stories each drastically shorter than the last In the first Awakening Theia or Beta Earth initially the second chance planet has fallen prey to crimes and criminals that plague the original Earth The new utopia is Paradise which proves elusive Factions such as the United Federation a global military force and Final Bloodline a cult are hunting members of Project Guardian The members free of limiters which block people's true potential for power are more susceptible as vessels for Tryle a dormant messenger who will lead the way to Paradise Mercenary Clave tries to protect Raph who survived a UF attack on Beta Earth

from succumbing to Tryle while dodging bounty hunter Gene who's out for revenge Awakening is sometimes disjointed coming across as a series of smaller battles with little story progression There likewise isn't resolution by the end which feels like the conclusion of a chapter rather than a story The sometimes lethal clashes though are entertaining resembling Dungeons those in confrontations generally one on one will often score a hit or blow The second story System Failure is more focused zeroing in on Montello a small but notable character in Awakening who helps hackers work remotely He recruits them for an assault against the government and incurs the wrath and eventual retribution of Kid Vicious whom Montello embarrassed during a display of skills The exhilarating System Failure features numerous references to earlier characters The much shorter final yarn A Boy and His Cat spotlights Travis a significant character in a prior story under another name who endures a tragic event that ultimately leads to his powerful status later in life Disjointed storylines don't diminish Napier's endearing and contagious adoration of the sci-fi genre The book is not your average read If I may use a tree analogy It's like reading different branches that form into a solid structure and dig to the roots Be brave Give it a chance and it will take you to the heights of euphoria JR Napier
