The Bloomsbury Group was a group of English writers, artists, and intellectuals who were active in the early 20th century. The group was named after the Bloomsbury district in London, where many of its members lived. The group was founded by the writer and philosopher G.E. Moore, and its members included the writers Virginia Woolf, E.M. Forster, and John Maynard Keynes, as well as the artists Clive Bell and Roger Fry. The group was known for its liberal and humanistic views, and for its influence on the development of modernism in literature and art.
