John Ruskin

Blue Savage:

Cruel Children in Popular Texts and Cultures Monica Flegel, Christopher Parkes, 2018-04-19 This book explores how alarmist social discourses about cruel young people fail to recognize the complexity of cruelty and the role it plays in child agency Examining representations of cruel young people in popular texts and popular culture the collected essays demonstrate how gender race and class influence who gets labeled cruel and which actions are viewed as negative aggressive and disruptive It shows how representations of cruel young people negotiate the violence that shadows polite society and how narratives of cruelty and aggression are used to affirm or to deny young people's agency **Relentless**

Progress Jack Zipes, 2013-02-01 Can fairy tales subvert consumerism Can fantasy and children's literature counter the homogenizing influence of globalization Can storytellers retain their authenticity in the age of consumerism These are some of the critical questions raised by Jack Zipes the celebrated scholar of fairy tales and children's literature In this book Zipes argues that despite a dangerous reconfiguration of children as consumers in the civilizing process children's literature fairy tales and storytelling possess a uniquely powerful even fantastic capacity to resist the relentless progress of negative trends in culture He also argues that these tales and stories may lose their power if they are too diluted by commercialism and merchandising Stories have been used for centuries as a way to teach children and adults how to see the world as well as their place within it In *Relentless Progress* Zipes looks at the surprising ways that stories have influenced people within contemporary culture and vice versa Among the many topics explored here are the dumbing down of books for children the marketing of childhood the changing shape of feminist fairy tales and why American and British children aren't exposed to more non-western fairy tales From picture books to graphic novels from children's films to video games from Grimm's fairy tales to the multimedia Harry Potter phenomenon Zipes demonstrates that while children's stories have changed greatly in recent years much about these stories have remained the same despite their contemporary high tech repackaging *Relentless Progress* offers remarkable insight into why classic folklore and fairy tales should remain an important part of the lives of children in today's digital culture **Report of Vegetable Breeding in the Southern United States, Hawaii and**

Puerto Rico Vegetable Breeding Laboratory (Charleston, S.C.), 1953 **Ecocritical Perspectives on Children's Texts and Cultures** Nina Goga, Lykke Guanio-Uluru, Bjørg Oddrun Hallås, Aslaug Nyrnes, 2018-06-11 This volume presents key contributions to the study of ecocriticism in Nordic children's and YA literary and cultural texts in dialogue with international classics It investigates the extent to which texts for children and young adults reflect current environmental concerns The chapters are grouped into five thematic areas Ethics and Aesthetics Landscape Vegetal Animal and Human and together they explore Nordic representations and a Nordic conception or feeling of nature The textual analyses are complemented with the lived experiences of outdoor learning practices in preschools and schools captured through children's own statements The volume highlights the growing influence of posthumanist theory and the continuing traces of anthropocentric concerns within

contemporary children s literature and culture and a non dualistic understanding of nature culture interaction is reflected in the conceptual tool of the volume *The Nature in Culture Matrix* **The Advocate** ,1994-04-05 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States Social Norms, Bounded Rationality and Optimal Contracts Suren Basov,2016-05-20 This book investigates the ways in which social norms and bounded rationality shape different contracts in the real world It brings into focus existing research into optimal contracts draws important lessons from that research and outlines prospects for future investigation Bounded rationality has acknowledged effects on the power of incentive provisions such as deviations from sufficient statistic theorem the power of optimal incentives and the effects of optimal contracts in multicultural environments The introduction of social norms to bounded rationality opens up new avenues of investigation into contracts and mechanism design This book makes an important contribution to the study of bounded rationality by pulling together many separate strands of research in the area of mechanism design and providing detailed analysis of the impact of societal values on contracts House Documents, Otherwise Publ. as Executive Documents United States.
