what he seems Can they outsmart a madman And if they survive will they find a way to beat the curse for good From the Critics Holy holy crap I really enjoyed this book I was so absorbed in this book while reading it I couldn't stay away and I wanted to check out of everything I was doing so I could go finish it I think of this as glue and have referenced in other reviews when a book is sticky This book is quite sticky Be ye warned The storytelling and the layers of meaning and the multiple ways to view what was happening in the story made this incredibly fun to read and I have recommended it several times to people already I think that part of what draws readers to YA and YA romance is that emotions are overwhelming and scary even if you're an adult and that feeling of being overpowered by your emotions coupled with the secrecy of teenage life makes for some compelling reading In this particular case both of those elements are present and strong in the story and when combined with allegory and a recasting of a well known myth it's delicious Sarah Wendell Smart Bitches Trashy Books
