Bloomsbury Rooms Modernism Subculture And Domesticity:

Bloomsbury Interiors Christopher Reed, 2004 **Virginia Woolf's Rooms and the Spaces of Modernity** Suzana Zink, 2018-02-01 This book provides a fascinating account of rooms in selected works by Virginia Woolf Casting them as spaces which are at once material textual and emotional the volume shows Woolf's rooms to be consistently connected to wider geographies of modernity and therefore central to her writing of gender class empire and the nation The discussion moves in and out of rooms from the focus on travel in Woolf's debut novel to the archival function of built space and literary heritage in *Night and Day* the university as a male space of learning in *Jacob's Room* the iconic *A Room of One's Own* and its historical readers interior space as spatial history in *The Years* and rooms as loci of memory in her unfinished memoir Zink masterfully shows the spatial formation of rooms to be at the heart of Woolf's interweaving of the political and the aesthetic revealing an understanding of space as dynamic and relational Social Dance and the Modernist Imagination in Interwar Britain Rishona Zimring, 2016-12-05 Social dance was ubiquitous in interwar Britain The social mingling and expression made possible through non theatrical participatory dancing in couples and groups inspired heated commentary both vociferous and subtle By drawing attention to the ways social dance accrued meaning in interwar Britain Rishona Zimring redefines and brings needed attention to a phenomenon that has been overshadowed by other developments in the history of dance Social dance Zimring argues haunted the interwar imagination as illustrated in trends such as folk revivalism and the rise of therapeutic dance education She brings to light the powerful figurative importance of popular music and dance both in the aftermath of war and during Britain's entrance into cosmopolitan modernity and the modernization of gender relations Analyzing paintings films memoirs a ballet production and archival documents in addition to writings by Virginia Woolf D H Lawrence Katherine Mansfield Vivienne Eliot and T S Eliot to name just a few Zimring provides crucial insights into the experience observation and representation of social dance during a time of cultural transition and recuperation Social dance was pivotal in the construction of modern British society as well as the aesthetics of some of the period's most prominent intellectuals **Benezit Dictionary of British Graphic Artists and Illustrators** Stephen Bury, 2012-06-21 This dictionary consists of over 3000 entries on a range of British artists from medieval manuscript illuminators to contemporary cartoonists Its core is comprised of the entries focusing on British graphic artists and illustrators from the 2006 Benezit Dictionary of Artists with an additional 90 revised and 60 new articles The Oxford Handbook of Twentieth-century American Literature Leslie Bow, Russ Castronovo, 2022 A collection of essays situating twentieth century American literature in a global frame This volume reads US literature through the a range of critical lenses including critical race and indigenous studies disability and care studies environmental criticism gender analysis and media studies We Speak a Different Tongue Yoonjung Choi, Anthony Patterson, 2015-09-18 *We Speak a Different Tongue* Maverick Voices and Modernity 1890-1939 challenges the critical practice of privileging modernism In so doing the volume makes a significant contribution to contemporary debates

about re-visioning literary modernism questioning its canon and challenging its aesthetic parameters By utilizing the term modernity rather than modernism the 16 essays housed in this volume foreground the writers who have been marginalised by both their contemporary modernist writers and literary scholars while exploring the way in which these authors responded to the tensions *Woolf and the City* Elizabeth F. Evans, Sarah E. Cornish, 2010 Edited collection from acclaimed contemporary Woolf scholars focusing on urban issues These include addressing the ethical and political implications of Virginia Woolf's work a move that suggests new insights into Woolf as a real world social critic *The Female Secession* Megan Brandow-Faller, 2020-06-22 Decorative handcrafts are commonly associated with traditional femininity and unthreatening docility However the artists connected with interwar Vienna's female Secession created craft based artworks that may be understood as sites of feminist resistance In this book historian Megan Brandow Faller tells the story of how these artists disrupted long established boundaries by working to dislodge fixed oppositions between art and craft decorative and profound and masculine and feminine in art Tracing the history of the women's art movement in Secessionist Vienna from its origins in 1897 at the Women's Academy to the Association of Austrian Women Artists and its radical offshoot the Wiener Frauenkunst Brandow Faller tells the compelling story of a movement that reclaimed the stereotypes attached to the idea of Frauenkunst or women's art She shows how generational struggles and diverging artistic philosophies of art craft and design drove the conservative and radical wings of Austria's women's art movement apart and explores the ways female artists and craftswomen reinterpreted and extended the Klimt Group's ideas in the interwar years Brandow Faller draws a direct connection to the themes that impelled the better known explosion of feminist art in 1970s America In this provocative story of a Viennese modernism that never disavowed its ornamental decorative roots she gives careful attention to key primary sources including photographs and reviews of early twentieth century exhibitions and archival records of school curricula and personnel Engagingly written and featuring more than eighty representative illustrations *The Female Secession* recaptures the radical potential of what Fanny Harlfinger Zakucka referred to as works from women's hands It will appeal to art historians working in the decorative arts and modernism as well as historians of Secession era Vienna and gender history *Charleston and Monk's House* Nuala Hancock, 2012-06-27 This compelling new study reveals for the first time through an emplaced investigation the potential of Charleston and Monk's House to illuminate the shared histories of Virginia Woolf and Vanessa Bell *Modernist Group Dynamics* Fabio A. Durão, Dominic Williams, 2009-03-26 For decades the study of literary and philosophical modernism concerned solitary figures like the flâneur the exile and the lonely genius but recently the group formations that fostered modernist movements have emerged into view The essays in *Modernist Group Dynamics* The Poetics and Politics of Friendship pursue this new direction in modernist scholarship exploring the ways artists and intellectuals worked in concert and in conflict Placing group formations with all their promises and problems at the centre of our study allows the contributors scholars from around the world to reconsider some of the best known figures

of European modernism to analyze collaborations across national boundaries and to recover modernist groups in unexpected contexts like the so called Third World The Oxford Handbook of Virginia Woolf Anne E. Fernald,2021 A Handbook on Woolf s achievements as an innovative novelist and pioneering feminist theorist It studies her life her works her relationships with other writers her professional career and themes in her work including among others feminism sexuality education and class Lesbianism, Cinema, Space Lee Wallace,2011-01-13 This book notes that stories of lesbianism invariably engage with an apartment setting a spatial motif not typically associated with lesbian history or cultural representation Through the formal analysis of five lesbian apartment films Wallace demonstrates how the standard repertoire of visual techniques and spatial devices are used to scaffold female sexual visibility **A Companion to Modernist Literature and Culture** David Bradshaw, Kevin J. H. Dettmar,2008-04-15 The Companion combines a broad grounding in the essential texts and contexts of the modernist movement with the unique insights of scholars whose careers have been devoted to the study of modernism An essential resource for students and teachers of modernist literature and culture Broad in scope and comprehensive in coverage Includes more than 60 contributions from some of the most distinguished modernist scholars on both sides of the Atlantic Brings together entries on elements of modernist culture contemporary intellectual and aesthetic movements and all the genres of modernist writing and art Features 25 essays on the signal texts of modernist literature from James Joyce s *Ulysses* to Zora Neal Hurston s *Their Eyes Were Watching God* Pays close attention to both British and American modernism

Household Gods Deborah Cohen,2006-01-01 At what point did the British develop their mania for interiors wallpaper furniture and decoration Richly illustrated *Household Gods* chronicles 100 years of British interiors focusing on class choice shopping and possessions **Designing Modern Britain** Cheryl Buckley,2007-10 Employing numerous examples of classic British design *Designing Modern Britain* delves into the history of British design culture and thereby tracks the evolution of the British national identity Woolf Editing / Editing Woolf Eleanor McNees, Sara Veglahn,2018-08-30 *Woolf Editing* Editing Woolf focuses on Woolf as editor both of her own work and of the Hogarth Press and on editing Woolf on the conflation of textual and theoretical criticism of Woolf s oeuvre Since many contributors are editors creative writers and critics contributions highlight the intersections of those three roles The essays variously addressed the granitic close textual reading and the rainbow of theoretical approaches to Woolf s writings Several more flexible versions of editing emerge in the papers that discuss adaptations of Woolf to film theatre and music Brenda Silver s contribution in memory of Julia Briggs opens the volume and James Haule s contribution concludes it **British Boarding Houses in Interwar Women's Literature** Terri Mullholland,2016-10-04 Embraced for the dramatic opportunities afforded by a house full of strangers the British boarding house emerged as a setting for novels published during the interwar period by a diverse range of women writers from Stella Gibbons to Virginia Woolf To use the single room in the boarding house or bedsit Terri Mullholland argues is to foreground a particular experience While the single room represents the freedoms of independent

living available to women in the early twentieth century it also marks the precariousness of unmarried women's lives. By placing their characters in this transient space, women writers could explore women's changing social roles and complex experiences: amateur prostitution, lesbian relationships, extra-marital affairs, and abortion outside traditional domestic narrative concerns. Mullholland presents new readings of works by canonical and non-canonical writers including Stella Gibbons, Winifred Holtby, Storm Jameson, Rosamond Lehmann, Dorothy Richardson, Jean Rhys, and Virginia Woolf. A hybrid of the modernist and realist domestic fiction, written and read by women, the literature of the single room merges modernism's interest in interior psychological states with the realism of precisely documented exterior spaces, offering a new mode of engagement with the two forms of interiority.

Queer Difficulty in Art and Poetry Jongwoo Jeremy Kim, Christopher Reed, 2017-01-20. Augmenting recent developments in theories of gender and sexuality, this anthology marks a compelling new phase in queer scholarship. Navigating notions of silence, misunderstanding, pleasure, and even affects of phobia in artworks and texts, the essays in this volume propose new and surprising ways of understanding the difficulty, even failure, of the epistemology of the closet. By treating queer not as an identity but as an activity, this book represents a divergence from previous approaches associated with Lesbian and Gay Studies. The authors in this anthology refute the interpretive ease of binaries such as out versus closeted and gay versus straight and recognize a more opaque relationship of identity to pleasure. The essays range in focus from photography, painting, and film to poetry, Biblical texts, lesbian humor, and even botany. Evaluating the most recent critical theories and introducing them in close examinations of objects and texts, this book queers the study of verse and visual culture in new and exciting ways.

The Chrysanthemum Papers Christopher Reed, Félix Régamey, 2010-08-15. Pierre Loti's novel *Madame Chrysanthemum* (1888) enjoyed great popularity during the author's lifetime, served as a source of Puccini's opera *Madama Butterfly*, and remains in print to this day as a classic in Western literature. Loti's story, cast in the form of his fictionalized diary, describes the affair between a French naval officer and Chrysanthemum, a temporary bride purchased in Nagasaki. More broadly, Loti's novel helped define the terms in which Occidentals perceived Japan as delicate, feminine, and to use one of Loti's favorite words, preposterous in short, ripe for exploitation. *The Pink Notebook of Madame Chrysanthemum* (1893) sought, according to a newspaper reviewer at the time, to avenge Japan for the adjectives that Pierre Loti has inflicted on it. Written by Félix Régamey, a talented illustrator with firsthand knowledge of Japan, *The Pink Notebook* retells Loti's story but this time as the diary of Chrysanthemum. The book presented here in English for the first time, and together with the original French text and illustrations by Régamey and others, is certainly surprising in its late nineteenth-century context. Its retelling of a classic tale from the position of a character marginalized by her sex and race provocatively anticipates certain aspects of postmodern literature. Translator Christopher Reed's rich and satisfying introduction compares Loti and Régamey in relation to attitudes toward Japan held by notable Japonistes: Vincent van Gogh, Lafcadio Hearn, Edmond de Goncourt, and Philippe Burty. Reed provides further intellectual context by including new

translations of excerpts from Loti's novel as well as a portion of the travel journal of R. K. R. gamey's travel companion the renowned collector Emile Guimet. Reed's emphasis on competing Western ideas about Japan challenges conventional scholarly generalizations concerning Japonism in this era. This elegant translation of *The Pink Notebook* and Japoniste documents will delight both general and specialized readers, particularly those interested in the ambiguities in the dynamics of nationalism, gender identification and exploitation that since the nineteenth century have characterized the West's relationship to Japan.

Wyndham Lewis's Cultural Criticism and the Infrastructures of Patronage Nathan O'Donnell, 2020-07-02

Wyndham Lewis was both a serious proponent and forthright critic of modernism. His assault upon his contemporaries foreshadowed the twenty-first century scholarly interest in the networks, professions and coteries rather than the myths and heroics of modernism. Lewis, after a long period of neglect, now sits increasingly at the heart of a revised field of modernist studies. This book explores Lewis's cultural criticism as a valuable body of writing which posed questions that have yet to be answered about subsidy and the function of the artist, about professionalism and ethics, about who should pay for the arts and what the artist's obligations should be in return. It is the first book-length study of this body of critical writing through which Lewis articulated the central and most lasting of his critical preoccupations: the question of how the work of the artist is to be valued and the artist to be paid in a professionalised society. This book makes an important contribution to the long overdue reassessment of a complex contrarian figure spanning the disciplines of literature and the visual arts, who asked pressing questions about the role and status of the artist and ultimately about the value, economic, civic, political, of the work of art.
