The Market Loves You Jeffrey A. Tucker, 2019-05-13 The marketplace is commonly described as brutish greed based cutthroat or unrelentingly exploitative The Market Loves You Jeffrey Tucker's latest collection of evocative observations of everyday products services and life in the market rejects this characterization He argues that benevolence characterizes trading relationships entrepreneurship work contracts and the effects of decisions by market players These are a civilizing evenly lovely institutions that embed complex human relationships that extend all over the world involving potentially billions of people Every unforced decision to trade represents a spark of insight a hope for a better future and the instantiation of a human relationship that affirms the dignity of everyone involved he writes Sometimes that relationship is personal it is even more awesome to consider the enormously complex impersonal relationships that make up the vast global networks of exchange that make our lives wonderful We take the results for granted because they are so much part of our daily experience If they suddenly went missing any aspect of what we depend on to live a better life we would experience demoralization and even devastation The lights go out The gas stations close The shelves are empty The doctors run out of medicine There is no one to fix the plumbing no one to repair the heater no one to do the surgery on my heart This is a world that is less lovely than the world of plenty we've come to expect The institutional setting in which human relationships become real in our lives is the market This does not entail reducing human life to dollars and cents It is about the recognition that our value as human beings is bound up with our associations with others our trading relationships and the opportunities we have to value and be valued by others Looked at this way the moral aesthetic of the market is lovely It fosters love It needs love Economics love and life these are all the same topic in the creative intelligence of Jeffrey Tucker His writing sweeps you into a world of beautiful stories about the material world infused with his gift for seeing the underlying human element in every exchange as well as the brutality of the political means of social control His new hymn to market forces
