Representing Childhood and Atrocity Victoria Nesfield, Philip Smith, 2022-12-01 Atrocity presents a problem to the writer of children's literature To represent events of such terrible magnitude and impersonal will as the Holocaust the transatlantic slave trade or the Rwandan genocide such that they fit into a three act structure with a comprehensible moral and a happy ending is to do a disservice to the victims Yet to confront children with the fact of widescale violence without resolution is to confront them with realities that may be emotionally disturbing and even damaging Despite these challenges however there exists a considerable body of work for and about children that addresses atrocity To examine the ways in which writers and artists have attempted to address children's experience of atrocity this collection brings together original essays by an international group of scholars working in the fields of child studies children's literature comics studies education English literature and Holocaust genocide and memory studies It covers a broad geographical range and includes works by established authors and emerging voices Koala Ann Moyal, 2008-07-25 The koala is both an Australian icon and an animal that has attained flagship status around the world Yet its history tells a different story While the koala figured prominently in Aboriginal Dreaming and Creation stories its presence was not recorded in Australia until 15 years after white settlement Then it would figure as a scientific oddity despatched to museums in Britain and Europe a native animal driven increasingly from its habitat by tree felling and human settlement and a subject of relentless hunting by trappers for its valuable fur It was not until the late 1920s that slowly emerging protective legislation and the enterprise of private protectors came to its aid This book surveys the koala's fascinating history its evolutionary survival in Australia for over 30 million years its strikingly adaptive physiognomy its private life and the strong cultural impact it has had through its rich fertilisation of Australian literature The work also focuses on the complex problems of Australia's national wildlife and conservation policies and the challenges surrounding the environmental economic and social questions concerning koala management Koala embraces the story of this famous marsupial in an engaging historical narrative extensively illustrated from widely sourced pictorial material The Farmer's Weekly , 1938-12-21 **African Fever and Culture of the Blue Gum-tree to Counteract Malaria in Italy** , 1890 **Australian Forestry** , 2002 **Sunset** , 1973 *Trees for Saltland* Nico E.
