Author Hank Rubin explores what it takes to form and focus the collaborative relationships necessary to accomplish important public missions, particularly education. Essentially, this book has two parts. Chapter 1-4 looks at the context, the reasons, and complexities of collaboration from a number of perspectives and pose a variety of arguments for doing collaboration. The Politics of Collaborative Public Management Robert Agranoff, Aleksey Kolpakov, 2023-06-30 Although one often thinks of collaborative management and related group problem solving as different interests coming together in peaceful harmony, nothing could be further from reality.
