Almost Sisters Cover To Cover Novels Historical:

A History of the Novel in Ants Carol Hart, 2010-07 Why a history of the novel in ants It makes perfect sense because ants live in an almost exclusively female society And as Ian Watt noted in *THE RISE OF THE NOVEL* the majority of eighteenth century novels were written by as well as read by women The prevalence of women as readers and authors of fiction has continued to the present day Within their all female society ants have conflicts ants have ambitions and disappointments ants have victories and defeats Inhabiting an underground fortress of winding labyrinthine galleries ants can be gothic or postmodernist as the plot requires For them the above ground world of predators and enemies has a painful realism when it is not violently picaresque Imagine translating Jane Austen into ants your six legged heroine will have not one or two but hundreds of gossiping posturing romantically and socially ambitious sisters all striving to get precedence of one another Or don't bother imagining it for yourself just read *A HISTORY OF THE NOVEL IN ANTS* Carol Hart is a freelance science writer with a rusty PhD in English Literature She reads a great many novels and she never steps on ants This is her first novel

The Cambridge History of the English Novel Robert L. Caserio, Clement Hawes, 2012-01-12 *The Cambridge History of the English Novel* chronicles an ever changing and developing body of fiction across three centuries An interwoven narrative of the novel's progress unfolds in more than fifty chapters charting continuities and innovations of structure tracing lines of influence in terms of themes and techniques and showing how greater and lesser authors shape the genre Pushing beyond the usual period centered boundaries the History's emphasis on form reveals the range and depth the novel has achieved in English This book will be indispensable for research libraries and scholars but is accessibly written for students Authoritative bold and clear the History raises multiple useful questions for future visions of the invention and re-invention of the novel

Joyce, 2023-02-20 This book analyses Barbara Pym s published and unpublished work through a new image that of the troublesome woman It details the political nature of her work highlighting her feminist ideas which are hidden in village like settings and revealed by troublesome women By exploring Pym s written work published and unpublished diaries and notebooks the book shows that this material gives credence to Hilary Pym s interpretation of her sister as a complex person **The Excellence of Falsehood** Deborah L. Ross, 2021-05-11 The only excellence of falsehood is its resemblance to truth

proclaims a clergyman in Charlotte Lennox's *The Female Quixote*. He argues that romances are bad art novels he implies are better. This clergyman's remarks repeating what literary and moral authorities had been saying since the late seventeenth century are central to Deborah Ross's discussion of romance characteristics in English women's novels. Aphra Behn, Delariviere Manley, Eliza Haywood, Charlotte Lennox, Fanny Burney, Ann Radcliffe, and Jane Austen did not take the clergyman's advice to heart. To them the falsehood of romance was by no means self-evident nor was the superior excellence of the novel. In theory many of them accepted the distinction but their works combined aspects of the romance and the novel in ways that brought them into conflict with the critical establishment. The texts discussed here illustrate a process of development both in the novel and in the conditions of women's lives. Tensions between romance and realism enabled women writers to question official versions of reality and to measure life against a romance ideal. By altering readers' perceptions and judgments these authors gradually altered the reality that novels resemble and set up new combinations of romance and realism for future writers. This give and take between fiction and life is seen most dramatically in the way a romantic notion gradually comes to be treated in novels as both real and right. Ross follows one such notion that women have matrimonial preferences to the point where romance and reality merge. Ross's study brings to light an important part of the history of the novel not yet incorporated in theories and histories of the genre.

It's All One Case Paul Nelson, Kevin Avery, 2016-09-13

This is a prose series of unpublished interviews with and a visual retrospective of the seminal mid to late 20th century literary crime writer. In 1976 critic Paul Nelson spent several weeks interviewing legendary detective writer Ross Macdonald who elevated the form to a new literary level. We talked about everything imaginable. Nelson wrote including Macdonald's often meager beginnings, his dual citizenship, writers, painters, music, and movies he admired. *The Great Gatsby* his favorite book, how he used symbolism to change detective writing, and more. This book published in a handsome oversized format collects these unpublished interviews and is a visual history of Macdonald's professional career. It is illustrated with rare and select items from one of the world's largest private archives of Macdonald ephemera. Reproduces in full color the covers of the various editions of Macdonald's more than two dozen books, collects facsimile reproductions of select pages from his manuscripts as well as magazine spreads and presents rare photos many never before seen.

Science Fiction and the Historical Novel Ian P. MacDonald, Kate Polak, 2024-09-16

If you woke to realize that you could rewrite your yesterday without knowing the kind of tomorrow it would grant you would you do it? Are the authors of our destiny working with an outline or spit-balling confusing plotlines? Since the past changes possible futures to what alighting butterfly should we pay the most heed? This book explores the liminal space between speculative fiction and the historical novel. Staged as a transnational multicultural conversation, it takes up a call

originally made by Fredric Jameson in *Archaeologies of the Future* wherein he describes that flashpoint between speculative and historical genres as the symptom of a mutation in our relationship to historical time itself Drawing together postcolonial feminist cultural Indigenous and cognitive approaches Science Fiction and the Historical Novel asks what the past can offer a future oriented world and how the future can be imagined in relation to a past that seeks narratives of inevitability rather than possibility Engaged with the idea of the past as a model for the future authors in this volume probe the extent to which historical scripts delimit possibilities and how authors engaged with the practice of alternative pasts rewrite potentialities in the present

The Reception of Jane Austen in Europe Anthony Mandal, Brian Southam, 2007-10-13 This volume of international research provides a wide ranging account of Jane Austen's reception across the length and breadth of Europe from Russia and Finland in the North to Italy and Spain in the South In historical terms the survey ranges from the near contemporary since Austen's novels were available in French very soon after their original publication to modern times in those countries which for various reasons linguistic historical or ideological have taken up the novels only in recent years For many Austen's novels are valued for their romantic content as love stories but increasingly they are being perceived as sophisticated ironic narratives In this the quality of translation has been a significant factor and the many film and television adaptations have played an important part in establishing Austen's reputation amongst the public at large It will be seen from this that across Europe Austen's reception history is far from uniform and has been shaped by a complex of extra literary forces

Critical Theory and Science Fiction Carl Freedman, Carl Freedom, 2013-09-01 Selected by Choice as an Outstanding Academic Book of the Year This innovative cultural critique offers valuable insights into science fiction thus enlarging our understanding of critical theory Carl Freedman traces the fundamental and mostly unexamined relationships between the discourses of science fiction and critical theory arguing that science fiction is or ought to be a privileged genre for critical theory He asserts that it is no accident that the upsurge of academic interest in science fiction since the 1970s coincides with the heyday of literary theory and that likewise science fiction is one of the most theoretically informed areas of the literary profession Extended readings of novels by five of the most important modern science fiction authors illustrate the affinity between science fiction and critical theory in each case concentrating on one major novel that resonates with concerns proper to critical theory Freedman's five readings are *Solaris* Stanislaw Lem and the *Structure of Cognition* The *Dispossessed* Ursula LeGuin and the *Ambiguities of Utopia* The *Two of Them* Joanna Russ and the *Violence of Gender* *Stars in My Pocket Like Grains of Sand* Samuel Delany and the *Dialectics of Difference* The *Man in the High Castle* Philip K Dick and the *Construction of Realities*
