Already Dead A California Gothic:

Already Dead Denis Johnson, 1997 The protagonist is Nelson Fairchild a rich man's son who grows marijuana in California and who has cheated a dealer If he doesn't settle his debt he will be killed But the person who holds the purse strings is his wife and she won't give him money so Fairchild decides to kill her **California Gothic: The Dark Side of the Dream** Charles L. Crow, 2024-01-16 California Gothic explores the California dream and its dark inversion as a nightmare as illustrated in fiction poetry and film California began as a literary invention a magic island in a Spanish romance before conquistadors first visited the land From early days to the present the California dream of happiness in a land of new beginnings has been maintained by suppression of disturbing realities above all the destruction of native peoples and by events and facts such as the tragedy of the Donner Party the persistence of poverty and crime in the golden land disturbing crimes such as the Black Dahlia and pandemics and ecological disaster This book explores a rich Gothic tradition that exposes the repressed past and imagines the fates awaiting a failed California **California Gothic** Douglas Saylor, 2011 *Outside, America* Hikaru Fujii, 2013-04-25 The idea of the outside as a space of freedom has always been central in the literature of the United States This concept still remains active in contemporary American fiction however its function is being significantly changed Outside America argues that among contemporary American novelists a shift of focus to the temporal dimension is taking place No longer a spatial movement the quest for the outside now seeks to reach the idea of time as a force of difference à la Deleuze by which the current subjectivity is transformed In other words the concept is taking a temporal turn Discussing eight novelists including Don DeLillo Richard Powers Paul Theroux and Annie Proulx each of whose works describe forces of given identities masculine identity historical temporality and power etc which block quests for the outside Fujii shows how the outside in these texts ceases to be a spatial idea With due attention to critical and social contexts the book aims to reveal a profound shift in contemporary American fiction Haints Arthur F. Redding, 2011-09-15 In Haints Arthur Redding examines the work of contemporary American authors who draw on the gothic tradition in their fiction not as frivolous or supernatural entertainments but to explore and memorialize the ghosts of their heritage Ghosts Redding argues serve as lasting witnesses to the legacies of slaves and indigenous peoples whose stories were lost in the remembrance or mistranslation of history No matter how much Americans willingly or unwillingly repress the true history of their ancestry their ghosts remain unburied and restless Such authors as Toni Morrison and Leslie Marmon Silko deploy the ghost as a means of reconciling their own violently repressed heritage with their identity as modern Americans And just as our ancestors were haunted by ghosts of the past today we are haunted by ghosts of contemporary crises urban violence racial hatred and even terrorism In other cases that Redding studies such as James Baldwin's *The Evidence of Things Not Seen* and Toni Cade Bambara's *Those Bones Are Not My Child* writers address similar crises to challenge traditional American claims of innocence and justice Finally Redding argues that ghosts emphasize a growing worry about a larger

impending crisis the apocalypse Yet the despair the apocalypse inspires is vital to providing the grounds for new solutions to modern issues In the end the armies of the dispossessed enlist the forces of the spirit world to create a better future by ensuring that mistakes of the past are not repeated that Americans do not deny their heritage and that accountability exists for any given crisis book jacket
