Alternative Conventional Defense:

Alternative Conventional Defense Postures In The European Theater Hans G. Brauch, Robert F. Jr.

Kennedy, 2018-10-24 First published in 1993 This volume edited jointly by the American strategic expert Robert Kennedy and the German peace researcher Hans Günter Brauch takes up conceptual ideas developed by Horst Afheldt and Carl Friedrich von Weizsacker as well as others on both sides of the Atlantic since the 1960s Our aim has been to contribute to the development of concepts that would reduce the danger of a third world war by the creation of more stable structures in the context of a defensively oriented conventional defense posture In this volume a variety of alternative approaches to European conventional defense driven for the most part by similar strategic considerations are presented by German and American experts to a larger international audience

Alternative Conventional Defense Postures in the European Theater:

The impact of political change on strategy, technology, and arms control Hans Günter Brauch, Robert Kennedy, 1990

This volume examines NATO strategy and force posture alternatives in the light of changes that have taken place and which are taking place in Europe today The authors offer their views on the nature of political change changing military doctrines and changes in technology NATO's future role in the new Europe which is beginning to emerge in the post Cold War period is analyzed

Alternative Conventional Defense Structures for Europe Malcolm Chalmers, 1989 [Alternative Conventional Defense Postures in the European Theater](#) Hans Günter Brauch, Robert Kennedy, 1990 International scholars of conventional defense have contributed to this volume discussing such topics as the changing dimension of East West relations and containing assessments of the military balance in Central Europe from US and West German vantage points

Congress. House. Committee on Armed Services. Defense Burdensharing Panel, 1990 *Environmental Security of the European Cross-Border Energy Supply Infrastructure* M.G. Culshaw, V.I. Osipov, S.J. Booth, A.S. Victorov, 2015-01-05 The current volume provides examples of how environmental hazards such as landslides earthquakes mountain processes cold climate processes and tidal flows and currents can affect the energy supply infrastructure In times of uncertainty the security of the European cross border energy supply infrastructure such as pipelines has great importance Whilst the potential effects of political disagreement economic inequalities and social differences are relatively well understood the impact of environmental change is often poorly appreciated by decision makers New approaches have been examined for monitoring of hazardous landslide processes including early warning systems and near real time 3D data processing and visualization The scientific problems of environmental systems design have been discussed and approaches for their implementation have been suggested New integrated remote sensing techniques consisting mainly of hyperspectral and radar imagery are presented together with the processing of monitoring data using GIS techniques and in particular dynamic visualization Attention is

also given to conceptual issues of environmental and energy security and the role of education to help resolve environmental problems through cooperation in the development of the European energy supply infrastructure **NATO -- the 1990s**, 1993 Building Sustainable Futures Luc Reyckler, Julianne Funk Deckard, Kevin HR Villanueva, 2009-01-01 The overall theme of the 2008 IPRA Global Conference focuses on the interaction between economic development environmental change conflict prevention and peacebuilding efforts in the 21st century The challenge is to re search new futures This collaborative book project ultimately reflects the constant evolution of Peace Studies as it is reflected in its expanding areas of research and the institutional structures which provide the vertebrae so that the former can develop with greater depth continuity and sustainability This is the reason why HumanitarianNet has teamed up with IPRA to produce this collection of articles

Shaping Europe's Military Order Richard A. Falkenrath, 1995 The legal foundation of the contemporary European security order is the Treaty on Conventional Armed Forces in Europe CFE Negotiated by NATO and the Warsaw Pact states as the Cold War was ending and implemented as the new Europe took shape the CFE Treaty imposes strict limits on the armed forces of all the major European states This book takes a detailed look at the origins and evolution of the CFE negotiations and the impact of the CFE Treaty on European Security It draws extensively on interviews with participants in the CFE negotiations and offers a careful reconstruction of a process that contributed to the transformation of Cold War Europe a critical assessment of the treaty s contribution to security in post Cold War Europe and an evaluation of the lessons of CFE for future conventional arms control initiatives CSIA Studies in International Security No 6 **North Atlantic Treaty**

Organization Phil Williams, 2024-11-01 This volume consists of major books written in the English language on NATO as well as an extensive listing of journal articles that deal with various aspects of the Alliance All the major debates that have taken place over the last forty years are discussed **Friendly Rivals** Wallace J. Thies, 2015-03-27 Viewing the behavior of NATO members through the prism of bargaining theory reveals them as states intent on obtaining the benefits of membership at the least cost to themselves This book shows how NATO members use a variety of strategies and tactics to try to get the better of each other without wrecking an alliance that realizes their shared goals and from which they all benefit The book examines the original design of the alliance patterns of bargaining during the Cold War and post Cold War periods how their rivalries impact members domestic policies of defense and welfare and what this history suggests about NATO s future prospects Recent interventions in the Balkans and the Middle East make this virtually a playbook for following current events **NATO Central Region Forward Defense** Waldo D. Freeman, 1981 **Hopes and fears** Hanna

Newcombe, 1992-01-01 The authors of this collection address the fears and hopes of our future progress toward a better world in various ways and differing styles *The Arms Dynamic in World Politics* Barry Buzan, Eric Herring, 1998 Presented as a successor to the Cold War era book *An Introduction to Strategic Studies* this volume explores issues of military security through a framework that links the issues of technology and world politics Arguing that the technological aspect of the global

strategic environment is partway through a centuries long process of transformation sped up by the advent of the information age the authors examine such issues as different levels of industrial development on security what they argue is the relative infrequency of the use of force between states the use of military threats such as mass destruction concepts that military means create problems in themselves such as fear of war and insecurity and finally ways in which regulatory schemes such as disarmament can be put to use to solve some of those problems Paper edition unseen 22 50 Annotation copyrighted by Book News Inc Portland OR **Policy Analysis in National Security Affairs** Richard L. Kugler, 2006 This book addresses how to conduct policy analysis in the field of national security including foreign policy and defense strategy It is a philosophical and conceptual book for helping people think deeply clearly and insightfully about complex policy issues This books reflects the viewpoint that the best policies normally come from efforts to synthesize competing camps by drawing upon the best of each of them and by combining them to forge a sensible whole While this book is written to be reader friendly it aspires to in depth scholarship *The Art and Practice of Military Strategy* George Edward Thibault, 1984

The Future of the United Nations System Chadwick F. Alger, 1998 What does the future hold for the UN In this book twenty two scholars from all continents contribute twelve chapters that cover prevention of violence creating economic and social structures that sustain human fulfilment sharing and protecting the commons and peace education The search for future potential based on experience in these twelve laboratories leads to sixty six recommendations for new institutions and programs on issues that include controlling weapons humanitarian intervention collaboration between UN peacekeepers and NGOs human rights economic policies advancement of women refugees ecological security communications and peace education These recommendations are brought together in a concluding chapter and summarized in the appendix Most of the recommendations do not require amendments to the UN Charter or to the treaties establishing the UN Specialized Agencies Instead their implementation would require creative efforts of Member States secretariats NGOs and dedicated individuals that are pointed toward attainment of multilateral capacity for coping with an array of global problems that increasingly threaten the quality of human life This is stimulating reading for anyone who wants to be challenged to think creatively about the potential for coping with a growing array of global problems Beyond Deterrence Hugh Miall, Oliver Ramsbotham, 2016-07-27 The collapse of communism in Eastern Europe the unification of Germany the withdrawal of Soviet troops the possible disintegration of the Soviet Union disengagement of the United States and creation of a federal Europe all this has changed the security context in Europe and stimulated a Europe wide debate about the future Deep questions about the nature of security itself have been raised This book will add fuel to the debate Democratic Alternatives United States.
