Altruistic Personality Rescuers Of Jews In Nazi Europe:

Altruistic Personality Samuel P. Oliner, 1992-04-01 An enlightening and powerful exploration of those who risked their lives to help others during the Holocaust and those who did not and what we must do to ensure that such a tragedy never occurs again Why during the Holocaust did some ordinary people risk their lives and the lives of their families to help others even total strangers while others stood passively by Samuel Oliner a Holocaust survivor who has interviewed more than seven hundred European rescuers and nonrescuers provides some surprising answers in this compelling work Samuel Oliver delves into the profound acts of altruism that emerged during one of history's darkest periods Each interview provides a unique insight into the types of personalities that answer a call to action and those that do not By comparing these rescuers with bystanders he provides a nuanced understanding of what drives people to act with extraordinary compassion or to remain passive in the face of evil Offering both a historical perspective and a roadmap for a more compassionate future Altruistic Personality is not just a historical account it is a call to action and a beacon for moral education Relevant when it was first published and even more relevant today Oliver argues that by understanding and fostering the traits of altruism we can prevent future atrocities and bring out the better aspects of humanity

The Altruistic Species Andrew Michael Flescher, 2007-10 What motivates altruism How essential is altruism to the human experience Is altruism readily accessible to the ordinary person Exploring these questions through the lenses of biology psychology philosophy and religion this book argues for the existence of altruism against competing theories that view benevolence as self interest in disguise The authors consider the role of genetics and evolutionary biology psychological states that induce altruistic behavior philosophical theories of altruism in normative ethics such as Kantian utilitarian and Aristotelian models of moral action and accounts of love of the neighbor in Christianity and Buddhism Using the insights of these varying perspectives the authors offer a new comprehensive definition of altruism that affirms humanity's benevolent nature

Altruistic Reveries Basant K. Kapur, Kim-Chong Chong, 2012-12-06 Altruistic Reveries is a unique volume which arises out of an Interdisciplinary Conference on Perspectives on Altruism from the Humanities and Social Sciences organized by the Centre for Advanced Studies Faculty of Arts and Social Sciences National University of Singapore in October 1999 Altruism is a deep multi faceted phenomenon of great interest and relevance to scholars across the entire range of disciplines in the Humanities and Social Sciences The Centre therefore brought together experts in diverse disciplines Philosophy Literature Psychology Sociology Economics and Political science to examine and discuss the significance and role of altruism from their respective perspectives A total of 10 papers in all were presented and the volume is completed by an Introduction by the editors and a final Concluding Chapter by one of the editors Among the issues discussed are the efficacy of motivational altruism in the resolution of public issues the genetic origins of altruism and its attendant risks the metaphysical basis of altruism empathy and altruism altruism or social exchange altruism in wartime and the welfare state A notable feature of the volume is that the

various authors have not talked past one another Although each is a specialist in his field the papers are accessible to those in other fields and to non specialists Both individually and together they provide a rich set of insights and perspectives on altruism as a fundamental human and social phenomenon which will edify interest and stimulate all readers of the volume

, **Embracing the Other** Pearl Oliner, Samuel P. Oliner, Lawrence Baron, Lawrence Blum, 1995-07 All but buried for most of the twentieth century the concept of altruism has re emerged in this last quarter as a focus of intense scholarly inquiry and general public interest In the wake of increased consciousness of the human potential for destructiveness both scholars and the general public are seeking interventions which will not only inhibit the process but may in fact chart a new creative path toward a global community Largely initiated by a group of pioneering social psychologists early questions on altruism centered on its motivation and development primarily in the context of contrived laboratory experiments Although publications on the topic have been considerable over the last several years and now represent the work of representatives from many disciplines of inquiry this volume is distinguished from others in several ways Embracing the Other emerged primarily as a response to recent research on an extraordinary manifestation of real life altruism namely to recent studies of non Jewish rescuers of Jews during World War II It is the work of a multi disciplinary and international group of scholars including philosophers social psychologists historians sociologists and educators challenging several prevailing conceptual definitions and motivational sources of altruism The book combines both new empirical and historical research as well as theoretical and philosophical approaches and includes a lengthy section addressing the practical implications of current thinking on altruism for society at large The result is a multi textured work addressing critical issues in varied disciplines while centered on shared themes

Political Protest and Social Change Charles F. Andrain, David Ernest Apter, 1995-09 At the close of the twentieth century political protests have erupted throughout the world While the collapse of communism was certainly one of the most spectacular protest related events smaller protests have become ubiquitous In Los Angeles labor activists campaign against commercial real estate owners to unionize janitors mainly Latina immigrants In the People s Republic of China peasants revolt against tax collectors Amazonian Indians protest public and economic policies that destroy their culture and rainforest habitat This book analyzes the reciprocal impact of cultural beliefs sociopolitical structures and individual behaviors on protests throughout the world Why do individuals participate in protest activities How do cultural beliefs personal attitudes and subjective perception influence the potential protester Addressing the issue of agency in protest the authors also examine why protestors enlist different tactics to achieve their goals Why are some protests violent and others nonviolent When and why do activists conclude that it is better to accommodate than confront Finally and crucially what are the consequences of protest movements

Remembering for the Future J. Roth, E. Maxwell, 2017-02-13 Focused on The Holocaust in an Age of Genocide Remembering for the Future brings together the work of nearly 200 scholars from more than 30 countries and features cutting edge scholarship across a range of disciplines amounting to the

most extensive and powerful reassessment of the Holocaust ever undertaken In addition to its international scope the project emphasizes that varied disciplinary perspectives are needed to analyze and to check the genocidal forces that have made the Twentieth century so deadly Historians and ethicists psychologists and literary scholars political scientists and theologians sociologists and philosophers all of these and more bring their expertise to bear on the Holocaust and genocide Their contributions show the new discoveries that are being made and the distinctive approaches that are being developed in the study of genocide focusing both on archival and oral evidence and on the religious and cultural representation of the Holocaust

The Roots of Evil Ervin Staub,1992-07-31 How can human beings kill or brutalise multitudes of other human beings Focusing particularly on genocide Erwin Staub explores the psychology of group aggression He sketches a conceptual framework for the many influences on one group s desire to harm another and within this framework considers four historical examples of genocide

Hidden Children of the Holocaust Suzanne Vromen, 2010-03-04 In the summer of 1942 in Belgium Jewish parents searched desperately for safe haven for their children As Suzanne Vromen reveals in *Hidden Children of the Holocaust* they quite often found sanctuary in Roman Catholic convents and orphanages Vromen has interviewed not only those who were hidden as children but also the Christian women who rescued them and the nuns who gave the children shelter all of whose voices are heard in this moving book Indeed here are numerous first hand memoirs of life in a wartime convent the secrecy the deprivation the cruelty and the kindness all with the backdrop of the terror of the Nazi occupation Père Marie-Benoît and Jewish Rescue Susan Zuccotti, 2021-12-22 Susan Zuccotti narrates the life and work of P re Marie Beno t a courageous French Capuchin priest who risked everything to hide Jews in France and Italy during the Holocaust Who was this extraordinary priest and how did he become adept at hiding Jews providing them with false papers and helping them to elude their persecutors From monasteries first in Marseille and later in Rome P re Marie Beno t worked with Jewish co conspirators to build remarkably effective Jewish Christian rescue networks Acting independently without Vatican support but with help from some priests nuns and local citizens he and his friends persisted in their clandestine work until the Allies liberated Rome After the conflict P re Marie Beno t maintained his wartime Jewish friendships and devoted the rest of his life to Jewish Christian reconciliation Papal officials viewed both activities unfavorably until after the Second Vatican Council Vatican II 1962 1965 To tell this remarkable tale in addition to her research in French and Italian archives Zuccotti personally interviewed P re Marie Beno t his family Jewish rescuers with whom he worked and survivors who owed their lives to his network The Art of Moral Protest James M. Jasper, 2008-04-15 In *The Art of Moral Protest* James Jasper integrates diverse examples of protest from nineteenth century boycotts to recent movements into a distinctive new understanding of how social movements work Jasper highlights their creativity not only in forging new morals but in adopting courses of action and inventing organizational forms A provocative perspective on the cultural implications of political and social protest

Library Journal *Social Psychology Inst.Manual 2nd* Bordens,Irwin A Horowitz,2001-11 **The Path of the Righteous** Mordecai Paldiel,1993 The Path of The Righteous by Mordecai Paldiel recounts the inspiring stories of several hundred Righteous Among the Nations heroic gentile men and women in virtually all the countries of Nazi occupied Europe who put themselves and their families at risk in order to save the lives of Jews fleeing the Nazi terror Drawn from the files of Yad Vashem Memorial in Israel these stories are a badly needed corrective to the pessimistic view of human nature which has become all too common in the Holocaust s aftermath They prove that decency morality and altruism can survive even under the most horrendous of circumstances and that some people will always be willing to act selflessly It also serves to disprove the cruel lie being promulgated by some that the Holocaust never took place or did not take place as described in eye witness accounts The courageous individuals whose tales are recounted in this book are monuments to the nobility of the human spirit They did what they did not for the sake of reward or prestige but because they believed it was right Some of them were pious Christians motivated by religion Others were energized by feelings of intense compassion Neither the threat of punishment nor ostracism by relatives and neighbors deterred them Love for their fellow human beings was a higher value The book contains a foreword by Rabbi Harold Schulweis founding chairman of the Jewish Foundation for Christian Rescuers ADL and an afterword by Abraham H Foxman National Director of the Anti Defamation League and a Holocaust survivor who was saved by his Polish nursemaid poignantly express their recognition of and gratitude to the untold numbers of righteous gentiles many of whom will never be known by us *Jewish Childhood in Kraków* Joanna Sliwa,2021-09-17 Winner of the 2020 Ernst Fraenkel Prize from the Wiener Holocaust Library Jewish Childhood in Krak w is the first book to tell the history of Krak w in the second World War through the lens of Jewish children s experiences Here children assume center stage as historical actors whose recollections and experiences deserve to be told analyzed and treated seriously Sliwa scours archives to tell their story gleaned evidence from the records of the German authorities Polish neighbors Jewish community and family and the children themselves to explore the Holocaust in German occupied Poland and in Krak w in particular A microhistory of a place a people and daily life this book plumbs the decisions and behaviors of ordinary people in extraordinary times Offering a window onto human relations and ethnic tensions in times of rampant violence Jewish Childhood in Krak w is an effort both to understand the past and to reflect on the position of young people during humanitarian crises **David R. Blumenthal: Living with God and Humanity** Hava Tirosh-Samuelson,Aaron W. Hughes,2014-07-24 David R Blumenthal is Jay and Leslie Cohen Professor of Judaic Studies at Emory University He has contributed greatly to the growth of Jewish Studies the place of Judaism in Religious Studies interreligious dialogue and the reframing of Judaism in light of the Holocaust postmodernism and poststructuralism For Blumenthal theology is an ongoing reflection about everything we believe and do in the context of the living tradition
