Emma Bovary Tess of the D Urbervilles and Tony Buddenbrook Professor Wagner clearly believes that in the first place the role of women in the development of fiction has been underestimated while the claims to originality of many recent female liberationists have been equally overestimated This is a far ranging lightly handled book with insights into both mode of fiction as it developed and answered women s demands and into the role of some of its leading heroines for Professor Wagner s studies do not limit themselves strictly to the five for freedom but foray into Balzac s Cousine Bette Catherine Earnshaw of Wuthering Heights Anna Karenina and Eca de Queiroz s Portuguese Bovary in Cousin Bazilio This brilliant little study is topical readable yet learned It will be useful for scholars and researchers of literature Women s studies and Gender studies
