**Tatanene Cimarrón** Teresa Cárdenas Angulo,2006 *Palabra e imagen en la literatura infantil* Ana Rodríguez de Agüero Delgado,2024-08-30 Palabra e imagen en la literatura infantil trata sobre algunos aspectos te ricos de la literatura infantil su estatuto cient fico las notas definitorias que la caracterizan la singularidad del lenguaje y muy especialmente el empleo de la imagen tanto mental como visual en estas obras dirigidas a los ni os o de las que los ni os se han apropiado los g neros y subg neros en que puede clasificarse los protagonistas que la hacen posible y por ltimo la cr tica y el imaginario subyacente Cuestiones como la de los or genes de la literatura infantil su relaci n con aspectos aparentemente tan opuestos como la ense anza y el juego o los criterios con los que pueden seleccionarse las obras que forman el corpus de la literatura

infantil integran el primero de los cinco epígrafes de la obra donde tiene un peso importante la que ha sido llamada la cuestión canónica. En el segundo capítulo se abordan las singularidades de la literatura infantil una vez ha quedado establecida la premisa de la que parte la obra no es literatura infantil si no es literatura. El lenguaje y la imagen son analizados con mayor profundidad la vinculación del humor con la literatura para niños y la distinción entre imagen mental e imagen visual o ilustración forman parte importante de la teoría propuesta. Respecto de los géneros se ha optado por una aproximación clásica siguiendo la preceptiva tradicional trimembre y añadiendo un cuarto género o género híbrido compuesto por obras donde palabra e imagen comparten el peso narrativo de forma que lo contado es ininteligible sin la lectura de ambos códigos textual y visual. Las figuras que hacen posible la existencia de una literatura infantil escrita para los niños o de la que estos se han apropiado son claro el autor e ilustrador que en muchos casos comparten la autoría de la obra en la que a veces influye decisivamente también el editor y también un lector niño o que necesita del adulto mediador para acceder a la obra esta es una singularidad determinante de este tipo de literatura. El último capítulo de la obra aborda el estudio de la crítica literaria de obras infantiles y termina saliendo por un callejoncito y entrando por otro más bonito como dice la fórmula tradicional para acabar el cuento con el intento de sintetizar un imaginario de la literatura infantil.
