greatly enhance the transformative power of the preached message in Bringing Home the Message Robert Perkins aims to
help pastors integrate small group ministry with their preaching Perkins lays out the biblical theological historical and
sociological basis for the importance of hearing God's Word in the context of community and provides a practical

understanding and applying God's Word together **What's Worship Got to Do with It?** Cláudio Carvalhaes,2018-11-09
This book connects the living realms of the church the self the neighbor and the world It envisions our daily local and global
life from liturgical spaces places where Christians worship God Through these relations we can connect worship with
economy preaching with raising a village baptism with forms of citizenship ecology and the market Easter with immigration
liturgical knees with colonization spirituality with minority voices all uttering prayers that name racism poverty and a
liberation theology of glory In these pages Claudio Carvalhaes issues a call to the churches to move from captive and
colonized spaces into where the Spirit lives among the poor the needy the forgotten With a variety of relations between the
Christian faith and our cultural ways of living Carvalhaes offers new liturgical and theological imaginings to be engaged with
the most vulnerable in our societies and the earth A creative liturgical theology of liberation that makes sense of God
between the world and the table altar between the pulpit and local communities the worship space and our multiple lived
experiences For liturgy is an endless song of liberation This book is a call to life *Re-Forming the Liturgy* Paul
Galbreath,2019-04-18 Christian worship is always undergoing change as it adapts to particular contexts and concerns This
collection of essays explores ways 1 that liturgical change happened to address particular historical and theological concerns

2 that worship and preaching are currently undergoing transition and 3 that aspects of worship are in need of transformation in order to address primary issues of our time with a focus on environmental and ecological concerns Special attention is paid to the role of the Sacraments and to preaching with an emphasis on the need to connect worship with daily life These essays show readers ways that liturgical renewal worked in the past as well as offer a persuasive case for continual renewal that responds to key issues in our contemporary lives
