Along The Cotswold Ways:

The Cotswold Way Companion Cotswold Voluntary Wardens, 2022-05-10 The book will help you to get the most out of walking the Cotswold Way perhaps the best loved of the UK's sixteen designated national trails. It's special for two reasons: it focuses on the Cotswold Way's natural environment and its archaeology and history, and it's the work of people with great knowledge and experience of the trail: members of the Cotswold Way Association (CWA), the charity set up in 2016 to promote its conservation and protection, and Cotswold Voluntary Wardens who patrol the trail and lead walks on it. Proceeds from the book, available as paperback and eBook, will go towards the trail's upkeep and improvement. Chapter 1 spells out the book's aims and illustrates the types of trail improvement the Cotswold Way Association funds. Chapter 2 introduces you to the Cotswolds that are the trail's setting, in particular their geology, grasslands and woodland, distinctive settlement pattern of small towns and villages, vernacular architecture and historical monuments ranging from Neolithic barrows and Iron Age hill forts to Roman villas, medieval castles, manor houses and wool churches, along with several notable towers and beacons. Chapters 3-12 deal with the typically ten-mile or so long stages of the annual Cotswold Way walks that Cotswold Voluntary Wardens lead. Each one draws attention to the stage's main points of interest and beauty, highlighting a major theme such as outstanding flora and fauna, or grand estates, or impact of the wool trade and cloth making.

The Cotswold Way is a walk of 97 1/2 miles along the western side of the Cotswold Hills. By following mostly the top of the steep escarpment, it has many of the characteristics of a coast path, but the views are of the Severn Vale and the distant hills rather than of the sea. History of the Cotswold Way. A route along the Cotswold Edge was first suggested by the Gloucestershire District Committee of the Ramblers Association in 1950. The National Parks Commission noted the plans for a Cotswold Edge Way with interest, but by then many other routes had been planned and little more was heard about a Cotswold Way until 1968 when Gloucestershire County Council Planning Department carried out a recreational survey which prominently featured the Cotswold Way as a future long-distance footpath. In 1970 the County Council decided to open the route on existing public paths and highways, including several miles on roads. It was on a short list of proposals for designation as a long-distance footpath submitted by the Ramblers Association to the Commission in 1983 and was finally designated as a national trail in 1998. Many improvements and minor changes in route have been made since 1970. *Cotswold Way* Tricia Hayne, Bob Hayne, 2023-10-04.
