discussed in the literature on Jewish humor gives classic Jewish jokes their special flavor as they leave us wondering which of several possible attitudes we are expected to hold toward the comic figure. An additional chapter is devoted to the ways in which Jewish jokes tend to evolve over time and across language and cultural barriers. Throughout the book in fact one can see the processes that Jewish jokes undergo over decades as their comic potential is unfolded in successive stages and when they are transplanted from European to American soil. Now in its Second Edition this expanded version adds two new chapters and new introductory material. It includes a 2015 Foreword by Marc Galanter who notes that the author is concerned not only with what makes jokes funny but with what makes some of them profound. His imaginative response to this puzzle makes this little book a distinctive and engaging contribution to the literature on Jewish jokes and on jokes generally. It will appeal to the general reader as well as to readers especially interested in Jewish culture, the psychology of humor, religion, ethnography, and folklore. Richard Raskin's book on Jewish humor was the most original and useful I found in years of research on the topic. I'm delighted to see it back in print and with added chapters. Ruth Wisse, Professor Emerita, Yiddish and Comparative Literature, Harvard University. *No Joke Making: Jewish Humor*, 2013. A fascinating book that explores the richness of Jewish humor. Raskin offers a thought-provoking analysis of what makes Jewish humor special. Raskin merges an understanding of Jewish culture, fresh psychological insights, and a sophisticated reading of jokes and their evolution to create a gem of a book. However, it is not just an outstanding book on Jewish humor. It is an outstanding book on humor. Period. After reading it, you won't laugh the same way again. Dov Cohen, Professor, Department of Psychology, University of Illinois. Co-editor, *Handbook of Cultural Psychology*, 2007. *The Ideal of Culture*, Joseph Epstein, 2018-05-01. Who is the greatest living essayist writing in English? Joseph Epstein would surely be at the top of anybody's list. Epstein is penetrating. He is witty. He has a magic touch with words that hard to define but immediately recognizable quality called style. Above all, he is impossible to put down. Joseph Epstein's *The Ideal of Culture: Essays* is the fourth such volume from Axios Press and contains 63 essays. Subjects range from domestic life to current social trends to an appraisal of contemporary nuttiness. It follows the much acclaimed *Essays in Biography*, 2012; *A Literary Education and Other Essays*, 2014; and *Wind Sprints: Shorter Essays*, 2016. After reading Epstein, we see life with a fresh eye. We also see ourselves a little more clearly. This is what Plutarch intended: life teaching by example but with a wry smile and such a sure hand that we hardly notice the instruction. It is just pure pleasure. *New York Magazine*, 1997-09-29. *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. *Atlanta*, 2004-02. *Atlanta Magazine*'s editorial mission is to engage our community through provocative writing, authoritative reporting, and superlative design that illuminate the people, the issues, the trends.
