**Alternative Futures for the State Courts of 2020** James A. Dator,1991 Land Use Scenarios Alan W. Shearer,David A. Mouat,Scott D. Bassett,Michael W. Binford,Craig W. Johnson,Justin A. Saarinen,Alan W. Gertler,Julide Koracin,2009-01-14 Any alteration of the natural processes occurring on a piece of land will have expected as well as unanticipated effects and those effects have little regard for arbitrary human boundaries Consequently it is not enough for land managers to consider only how they might maintain the parcels for which they are responsible they must also anticipate *Advancing Futures* James A. Dator,2002-04-30 What is Futures Studies what are the theories and methods underlying the field What are its basic concepts and metaphors and how is it related to other academic fields These are the core questions addressed in this book by a comprehensive assembly of distinguished scholars They explore the enigma of why Futures Studies despite its growing maturity as an intellectual endeavor after more than three decades of groundbreaking work still struggles for institutional acceptance Together these contributors paint a picture of Futures Studies not so much a product of the stale intellectual heritage of the 20th century but as a vibrant harbinger of intellectual perspectives sure to gain wider currency in the 21st Drawing on their backgrounds in fields as diverse as political science history sociology anthropology economics psychology management and human ecology this international line up of contributors includes world systems theorist Immanuel Wallerstein philosopher Peter Manicas management professor Bill Halal and industrial sociologist Arthur Shostak

**Foundations of Futures Studies, Volume 1** Wendell Bell, Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures It aims to demystify the future make possibilities for the future more known to us and increase human control over the future Author Wendell Bell brings together futurist intellectual tools describing and explaining not only the methods but also the nature concepts theories and exemplars of the field Now available in paperback with a new preface from the author Foundations of Future Studies is the fundamental work on the subject Bell illustrates how this sphere of intellectual activity offers hope for the future of humanity and concrete ways of realizing that hope in the real world of everyday life His book will appeal to all interested in futures studies sociology economics political science and history New Thinking for a New Millennium Richard A. Slaughter,2002-11-01 In this book Richard Slaughter draws on the relatively new but rapidly developing field of futures studies to illustrate how our thinking must change in order to deal with the challenges presented by the new millennium In doing so he brings together the latest work from some of the leading international names in futures thinking Part One considers the foundations of futures thinking in history literature and ideas Part Two explores some of the ways that futures studies have been and are being applied in different educational contexts around the world from pre school to postgraduate levels Part Three takes the crucial step from institutional learning to social learning and explores how futures provides us with insights which can help guide our society into the new millennium together with suggestions for the development of the field itself This book is essential reading for teachers students and

anyone interested in the perils and promise of the twenty first century     Futures Research Quarterly ,1994     Living Make-Belief: Thriving in a Dream Society Jim Dator,2024-05-27 This book shows how multiple developments have caused the world to move from an information society to a dream society Ongoing social and technological forces are pushing us from a world of words rationality and truth into a world of images performance and make belief Rather than deny or reject this transformation this book argues that one should understand and embrace it as waves of new futures that the world must strive to surf for fame and fun As a political scientist and futurist the author also offers hints of new goals and forms of governance fit for a dream society as he demonstrates that all current systems are ineffective and dangerously obsolete This book is of great interest to political philosophers futures scientists sociologists and those interested in cultural studies

**Proposed Long Range Plan for the Federal Courts** Judicial Conference of the United States. Committee on Long Range Planning,1994     Colorado Courts in the Twenty-first Century ,1992     Japanese-Soviet/Russian Relations since 1945 Kimie Hara,2003-09-02 An original book that reviews the problems of political rapprochement in terms of foreign policy decision making between Japan and Russia since 1945 including the infamous Northern Territories dispute Uses four bilateral summits as case studies to explore patterns changes and tendencies in the decision making process Concludes that much of the Cold War system of relations between the two states still remains in place at the end of the twentieth century
