Not in My Library! Sanford Berman, 2013-08-14 Foreword by Mitch Freedman a reprinted Counterpoise interview and 45 of Sanford Berman's U L columns dealing with book burning genocide government secrecy and repression cataloging indexing classism self censorship and free speech for library staff et cetera Index by Chris Dodge **Progressive Library Organizations** Alfred Kagan, 2015-03-27 This work presents the history and impact of the seven most important progressive library organizations worldwide in Austria Germany South Africa Sweden United Kingdom and two in the United States Each organization is considered within its national context and in fact the English word organization does not quite fit the nature of all of the groups The South African organization LIWO was transitional in that it helped bring South African librarianship from apartheid to majority rule and then disbanded The other organizations or their successors are still working in one form or another Some of the organizations have had or continue to have vibrant local chapters though many of the original activists have recently retired or died The author has interviewed many of them at a time when they were assessing their life work and handing off to new generations *Alternative Library Literature, 1998/1999* Sanford Berman, James P. Danky, 2000 This highly acclaimed biennial the best of alternative library journalism Library Journal provides a reminder of the roots of librarianship and a prod to a profession that has sometimes forgotten those principles People Work Women Censorship Human Rights Peace Kids Alternatives Service Advocacy Empowerment Multiculturalism Third World and Cyberspace Virtual Libraries are the topics covered with writings from Earl Lee Simone Murray Scott Walter Pat Mora and others *Alternative Library Literature, 1996/1997* Sanford Berman, James P. Wilson Company, 1997 An index to library and information science **Library Literature**, 2000 **Revolting Librarians Redux** Katia Roberto, Jessamyn West, 2003-01-01 Revolting librarians aren't defined by what they are they are defined by what they do In fact it's not even what they do but how they do it Katia Roberto and Jessamyn West in the Preface This compilation of witty insightful and readable writings on the various aspects of alternative librarianship edited by two outspoken library professionals is a sequel to Revolting Librarians which was published in 1972 The contributors including Alison Bechdel Sanford Berman and Utne Reader librarian Chris Dodge cover topics that range from library education and librarianship as a profession to the more political and spiritual aspects of librarianship The contributions include critiques of library and

The Power to Name H.A. Olson, 2013-12-01 In this preface I will include explanations of three factors the intended audience of this book the structure of the book and the acknowledgement of many who contributed to its fruition *The Power to Name* is intended for two audiences those interested in knowledge organization and those interested in theoretical study of representation These two groups come from the perspective of the structure and principles of organization and from the perspective of understanding the cultural ramifications of naming The first may be those who develop subject representation schemes for a wide range of purposes and those who apply those schemes They may be librarians information scientists web developers or knowledge managers The second group are likely to be feminist poststructural and postcolonial theorists who explore the construction of meaning It is my hope that both of these audiences will find the case of subject representation in library catalogues illuminating in a much wider sense I have tried to include a modicum of explanation for each audience while avoiding over explanation for either This approach will require some patience and some close reading from each The intellectual structure of the book is introduced in the first chapter However in a book on organization of knowledge and information it is important to also explain its internal syndetic structure I have used some somewhat unconventional approaches The book contains a fair number of manual hyperlinks references to earlier discussions of a topic in the form of see also page referrals

The Writers Directory, 2013 *The Laughing Librarian* Jeanette C. Smith, 2014-01-10 Despite the stodgy stereotypes libraries and librarians themselves can be quite funny The spectrum of library humor from sources inside and outside the profession ranges from the subtle wit of the *New Yorker* to the satire of *Mad* This examination of American library humor over the past 200 years covers a wide range of topics and spans the continuum between light and dark from parodies to portrayals of libraries and their staffs as objects of fear It illuminates different types of librarians the collector the organization person the keeper the change agent and explores stereotypes like the shushing little old lady with a bun the male scholar librarian the library superhero and the anti stereotype of the sexy librarian Profiles of the most prominent library humorists round out this lively study

Concentrate Rory Litwin, 2006 *Library Juice Concentrate* is a compilation of the best of *Library Juice* an e zine published by

Rory Litwin between 1998 and 2005 that dealt with foundational questions of librarianship during a period of rapid change. Library Juice served as the record for the library left during this period including its veterans and newcomers while at the same time offering original reflections on traditional questions. The book includes essays and other artifacts that investigate professional neutrality, intellectual freedom, alternative literature, the social effects of technological change, the cultural identity of the librarian, anarchist librarianship, the Cuba debate, Google's scanning project, subject heading reform, and other issues. The aim of the essays in Library Juice Concentrate is to provoke original thought and to encourage newcomers in the field to participate in professional discourse with confidence and with attention to the intellectual and political struggles of the past.
