Finitude of Being Joan Stambaugh, 1992-01-01 What is Coal? Reinhardt Thiessen, 1947 **When the Eternal Can Be Met** Corey Latta, 2014-04-14 When the Eternal Can Be Met excavates the philosophy behind the theology of the twentieth century's most prominent Christian writers C S Lewis T S Eliot and W H Auden These three literary giants converted to Christianity within little more than a decade of one another and interestingly all three theological authors turned to the theme of time All three authors also came to remarkably similar conclusions about time positing that the temporal present moment allowed one to meet the eternal Decades before Lewis Eliot and Auden sought to creatively construct a fictive or poetic theology of time the prominent philosopher Henri Bergson wrote about time's power to transform an individual's emotional and spiritual state a theory well known by Lewis Eliot and Auden When the Eternal Can Be Met argues that one cannot fully understand Lewis Eliot and Auden's theology of time without understanding Bergson's theories From the secular philosophy of Bergson dawned the most important works of literary theology and treatments of time of the twentieth century and in the Bergson influenced literary constructs of Lewis Eliot and Auden a common theological articulation sounds out time present is where humans meet God The Hidden God Lucien Goldmann, 2016-07-12 A new edition of a major philosophical work This remarkable text first published in 1964 was a landmark of its era and remains in the words of Michael Lwy a work of remarkable richness Drawing on Georg Lukács History and Class Consciousness Lucien Goldmann applies the concept of world visions to flesh out the similarities between Pascal's Pensées and Kant's critical philosophy contrasting them with the rationalism of Descartes and the empiricism of Hume For Goldmann a leading exponent of the most fruitful method of applying Marxist ideas to literary and philosophical problems the tragic vision marked an important phase in the development of European thought as it moved from rationalism and empiricism to the dialectical philosophy of Hegel Marx and Lukács Here he offers a general approach to the problems of philosophy of literary criticism and of the relationship between thought and action in human society *The External Anatomy of the Parlatoria Date Scale, Parlatoria Blanchardi*

*Targioni Tozzetti, with Studies of the Head Skeleton and Associated Parts* Fenner Satterthwaite Stickney, 1934 [Difference and Repetition](#) Gilles Deleuze, 2004-01-01 Since its publication in 1968 *Difference and Repetition* an exposition of the critique of identity has come to be considered a contemporary classic in philosophy and one of Deleuze's most important works. The text follows the development of two central concepts: those of pure difference and complex repetition. It shows how the two concepts are related: difference implying divergence and decentring; repetition being associated with displacement and disguising. The work moves deftly between Hegel, Kierkegaard, Freud, Althusser and Nietzsche to establish a fundamental critique of Western metaphysics and has been a central text in initiating the shift in French thought away from Hegel and Marx towards Nietzsche and Freud. [Concise Pathology for Medical - Question-Answer](#) Mr. Rohit Manglik, 2024-07-24 A compact resource with essential pathology questions and explanatory answers to assist medical students in quick revision and clinical correlation. [This Assembly of Believers](#) Bryan Cones, 2020-11-30 Among the symbols with which the liturgy deals, none is more important than this assembly of believers. This claim made in the 1970s forces the local church to consider those within its congregation and recognise the gifts and challenges of difference within the church community. In *This Assembly of Believers*, Bryan Cones seeks to take seriously the pastoral context of a congregation recognising the physical ability, gender and sexuality of those who make up the congregation. Starting each chapter with their lived experience, Cones poses important questions of the liturgy in light of these experiences before realigning the liturgy to demonstrate the positive theological significance of the marginalised within the congregation. [Kant's Deontological Eudaemonism](#) Jeanine M. Grenberg, 2022-07-28 In this book, Professor Jeanine Grenberg defends the idea that Kant's virtue theory is best understood as a system of eudaemonism, indeed as a distinctive form of eudaemonism that makes it preferable to other forms of it: a system of what she calls Deontological Eudaemonism. In Deontological Eudaemonism, one achieves happiness both rationally conceived as non-felt pleasure in the virtually unimpeded harmonious activity of one's will and choice and empirically conceived as pleasurable fulfilment of one's desires only via authentic commitment to and fulfilment of what is demanded of all rational beings: making persons as such one's end in all things. To tell this story of Deontological Eudaemonism, Grenberg first defends the notion that Kant's deontological approach to ethics is simultaneously and indeed foundationally and most basically teleological. She then shows that the realization of an aptitude for the virtuous fulfilment of one's obligatory ends provides the solid basis for simultaneous realization of happiness both rationally and empirically conceived. Along the way, she argues both that Kant's notion of happiness rationally conceived is essentially identical to Aristotle's conception of happiness as unimpeded activity and that his notion of happiness empirically conceived is best realized via an unwavering commitment to the fulfilment of one's obligatory ends.
