**Carol Berkin, Jennifer L. Morgan**

## **Always A River The Ohio River And The American Experience:**

**Always a River** Robert L. Reid, 1991-01-01      **The Ohio Frontier** Emily Foster, 2021-10-21 Few mementoes remain of what Ohio was like before white people transformed it The readings in this anthology the diaries of a trader and a missionary the letter of a frontier housewife the travel account of a wide eyed young English tourist the memoir of an escaped slave and many others are eyewitness accounts of the Ohio frontier They tell what people felt and thought about coming to the very fringes of white civilization and what the people thought and did who saw them coming Each succeeding group of newcomers hunters squatters traders land speculators farmers missionaries fresh European immigrants established a sense of place and community in the wilderness Their writings tell of war death loneliness and deprivation as well as courage ambition success and fun We can see the lust for the land the struggle for control of it the terrors and challenges of the forest and the determination of white settlers to change the land tame it improve it The new Ohio these settlers created had no room for its native inhabitants Their dispossession is a defining theme of the book As the forests receded and the farms expanded the Indians were pressured to move out By the time the last tribe the Wyandots left in 1843 they were regarded as relics of the romantic past and the frontier experience came to a close Anyone fascinated by the panorama of America's westward migration will respond to the dramatic stories told in these pages      **Lion of the Forest** Charles C. Cole Jr., 2021-12-14 James B. Finley circuit rider missionary prison reformer church official transformed the Ohio River Valley in the nineteenth century As a boy he witnessed frontier raids and as a youth he was known as the New Market Devil In adulthood he traveled the Ohio forests converting thousands through his thunderous preaching and he was not above bringing hecklers under control with his fists Finley criticized the federal government's Indian policy and his racist contemporaries contributed to the temperance and prison reform movements and played a key role in the 1844 division of the Methodist Episcopal Church over the slavery issue Making extensive use of letters diaries and church and public documents Charles C. Cole Jr. details Finley's influence on the moral and religious development of the Ohio River area Cole evaluates Finley's writings and focuses on his ideas He traces the important changes in Finley's attitudes toward slavery and abolition and provides new insights into his views on politics economics and religion For anyone with an interest in early life and religion in the Ohio River Valley **Lion of the Forest** supplies a critical but sympathetic portrait of a complex colorful and controversial figure      **Congregational Revival for America's Heartland** Lauren R. Ley, 2013-01-12 This manual provides lenses geography religion politics culture economics history ethnicity to better understand the complexity and depth of congregations as social institutions and as the body of Christ within a multi-layered context of life      **The Only True America** David R. Hauser, 2000-08-14 Probing the Journals of Lewis and Clark far more closely than other works the book develops the understanding that these Enlightenment gentlemen from Virginia gradually entered the unfamiliar world of the West and Native American animism and magic and they responded differently Clark adapted and learned from the Indians whereas Lewis resisted them as savages Clark

returned after having envisioned a landscape of hope and lives a long life of service to native tribes Lewis saw a landscape of despair and in the three remaining years of his life encountered conflict and disappointment Both perspectives on the West are still alive Some find in the virtual obliteration of Native American cultures and the despoiling of the land itself the loss of the West But another impulse toward energy inventiveness and community spirit seems alive especially evident in the smaller cities and larger towns along the route of the explorers In such places the landscape of hope is very much alive The experience of Lewis and Clark then parallels our experience today

**The American Midwest** Andrew R. L. Cayton, Richard Sisson, Chris Zacher, 2006-11-08 This first ever encyclopedia of the Midwest seeks to embrace this large and diverse area to give it voice and help define its distinctive character Organized by topic it encourages readers to reflect upon the region as a whole Each section moves from the general to the specific covering broad themes in longer introductory essays filling in the details in the shorter entries that follow There are portraits of each of the region's twelve states followed by entries on society and culture community and social life economy and technology and public life The book offers a wealth of information about the region's surprising ethnic diversity a vast array of foods languages styles religions and customs plus well informed essays on the region's history culture and values and conflicts A site of ideas and innovations reforms and revivals and social and physical extremes the Midwest emerges as a place of great complexity signal importance and continual fascination

Humanities, 1991 **National Endowment for the Humanities ... Annual Report** National Endowment for the Humanities, 1990 **Energy and Water Development Appropriations for 1992** United States. Congress. House. Committee on Appropriations. Subcommittee on Energy and Water Development, 1991

**Energy and Water Development Appropriations for 1992: Testimony of members of Congress and other interested individuals and organizations** United States. Congress. House. Committee on Appropriations. Subcommittee on Energy and Water Development, 1991 A New History of Kentucky Lowell Hayes Harrison, 1997-03-27 B rings the Commonwealth of Kentucky to life cover **Farm and Factory** Daniel Nelson, 1995-12-22 Farm and Factory illuminates the importance of the Midwest in U S labor history America's heartland often overlooked in studies focusing on other regions or particular cities or industries has a distinctive labor history characterized by the sustained simultaneous growth of both agriculture and industry Since the transfer of labor from farm to factory did not occur in the Midwest until after World War II industrialists recruited workers elsewhere especially from Europe and the American South The region's relatively underdeveloped service sector shaped by the presumption that goods were more desirable than service ultimately led to agonizing problems of adjustment as agriculture and industry evolved in the late twentieth century *Life on the Ohio* James Coomer, 2021-12-14 When young James Coomer was offered a job as deckhand on the tugboat Pat Murphy at a dollar an hour he took his first smell of diesel fuel and knew he was hooked Life on the Ohio puts the reader in the pilot's seat as Coomer wrestles with runaway barges navigates through ice and fog pacifies angry crew members and contends with the loneliness of working a thirty day stretch A modern

counterpart to Twain's account of life as a steamboat pilot. *Life on the Ohio* depicts the working river as it is today with its immense towboats, gigantic locks and dams, and millions of tons of cargo. Coomer captures the movement of the boats and the colorful language of river people. Coomer admits that he stuck at his job not for money but for love of the river and his work. Over the years, I had experiences I wouldn't trade for a barge full of gold, he says, and that's what this book is all about.

Karl Bodmer's America Revisited, 2013-07-05 Less than thirty years after Lewis and Clark completed their epic journey, Prince Maximilian of Wied, a German naturalist and his entourage set off on their own daring expedition across North America. Accompanying the prince on this 1832-34 voyage was Swiss artist Karl Bodmer, whose drawings and watercolors designed to illustrate Maximilian's journals now rank among the great treasures of nineteenth-century American art. This lavishly illustrated book juxtaposes Bodmer's landscape images with modern-day photographs of the same views, allowing readers to see what has changed and what seems unchanged since the time Maximilian and Bodmer made their storied trip up the Missouri River. To discover how the areas Bodmer depicted have changed over time, photographer Robert M. Lindholm and anthropologist W. Raymond Wood made several trips over a period of years from 1985 to 2002 to locate and record the same sites all the way from Boston Harbor, where Maximilian and Bodmer began their journey, to Fort McKenzie in modern-day western Montana. Pairing sixty-seven Bodmer works side by side with Lindholm's photographs of the same sites, this volume uses the comparison of old and new images to reveal alterations through time and the encroachment of a built environment across diverse landscapes. *Karl Bodmer's America Revisited* is at once a tribute to the artistic achievements of a premier landscape artist and a photographer who followed in his footsteps and a valuable record of America's ever-changing environment.

**Arts and Humanities Programs in Rural America**, 1995 *Women in Early America* Carol Berkin, Jennifer L. Morgan, 2015-03-20 Tells the fascinating stories of the myriad women who shaped the early modern North American world from the colonial era through the first years of the Republic. *Women in Early America*, edited by Thomas A. Foster, goes beyond the familiar stories of Pocahontas or Abigail Adams, recovering the lives and experiences of lesser-known women, both ordinary and elite, enslaved and free, Indigenous and immigrant, who lived and worked in not only British mainland America but also New Spain, New France, New Netherlands, and the West Indies. In these essays, we learn about the conditions that women faced during the Salem witchcraft panic and the Spanish Inquisition in New Mexico, as indentured servants in early Virginia and Maryland, caught up between warring British and Native Americans as traders in New Netherlands and Detroit, as slave owners in Jamaica, as Loyalist women during the American Revolution, enslaved in the President's house, and as students and educators inspired by the air of equality in the young nation. Foster showcases the latest research of junior and senior historians, drawing from recent scholarship informed by women's and gender history, feminist theory, gender theory, new cultural history, social history, and literary criticism. Collectively, these essays address the need for scholarship on women's lives and experiences. *Women in Early America* heeds the call of feminist scholars to not

merely reproduce male centered narratives add women and stir but to rethink master narratives themselves so that we may better understand how women and men created and developed our historical past

**Fugitive Slaves and the Underground Railroad in the Kentucky Borderland** J. Blaine Hudson, 2015-05-07 Between 1783 and 1860 more than 100 000 enslaved African Americans escaped across the border between slave and free territory in search of freedom Most of these escapes were unaided but as the American anti slavery movement became more militant after 1830 assisted escapes became more common Help came from the Underground Railroad which still stands as one of the most powerful and sustained multiracial human rights movements in world history This work examines and interprets the available historical evidence about fugitive slaves and the Underground Railroad in Kentucky the southernmost sections of the free states bordering Kentucky along the Ohio River and to a lesser extent the slave states to the immediate south Kentucky was central to the Underground Railroad because its northern boundary the Ohio River represented a three hundred mile boundary between slavery and nominal freedom The book examines the landscape of Kentucky and the surrounding states fugitive slaves before 1850 in the 1850s and during the Civil War and their motivations and escape strategies and the risks involved with escape The reasons why people broke law and social convention to befriend fugitive slaves common escape routes crossing points through Kentucky from Tennessee and points south and specific individuals who provided assistance all are topics covered

**Frontier Indiana** Andrew R. L. Cayton, 1998-08-22 Most history concentrates on the broad sweep of events battles and political decisions economic advance or decline landmark issues and events and the people who lived and made these events tend to be lost in the big picture Cayton s lively new history of the frontier period in Indiana puts the focus on people on how they lived how they viewed their world and what motivated them Here are the stories of Jean Baptiste Bissot Sieur de Vincennes George Croghan the ultimate frontier entrepreneur the world as seen by George Rogers Clark Josiah Hamar and John Francis Hamtramck Little Turtle Anna Tuthill Symmes Harrison and William Henry Harrison Tenskwatawa Jonathan Jennings Calvin Fletcher and many others Focusing his account on these and other representative individuals Cayton retells the story of Indiana s settlement in a human and compelling narrative which makes the experience of exploration and settlement real and exciting Here is a book that will appeal to the general reader and scholar alike while going a long way to reinfusing our understanding of history and the historical process with the breath of life itself

**Here Comes The Showboat!** Betty Bryant, 2021-12-14 I was born at the tail end of a unique and delightful era and raised on one of the last showboats to struggle for survival against the devastating crunch of progress Our showboat s express purpose was carrying entertainment to hundreds of thousands of river bottom farmers along our water bordered frontier from the book Betty Bryant was a river rat The Floating Theater was her home and the river was her back yard While other children were learning to walk she was learning to swim She knew how to set a trotline gig a frog catch a crawdad and strip the mud vein out of a carp by the time she was four In this colorful memoir Betty shares her own piece of Americana the small family owned showboat of the early

twentieth century Billy Bryant s Showboat plied the inland waterways of the Ohio River watershed from before the First World War until 1942 bringing a blend of melodrama and vaudeville laughter and therapeutic tears into the lives of isolated people in rural communities along the way Betty made her first professional appearance at the age of six weeks when she played a baby in Uncle Tom s Cabin In her twenty years of touring she acted danced and grew up in the tradition of family entertainment by families for families Here Comes the Showboat is told with the ageless wonder of a child who loved the showboat and the eager audiences its uniquely American entertainment touched It is a treasure trove of humorous anecdotes touching remembrances and delightful photographs of Betty the three generations who ran the family showboat miners musselers shantyboaters farmers merchants and actors whose lives intersected along the Ohio River      **United States**  
**History** James Warren Oberly,1995
