Always Reforming A History Of Christianity Since 1300:

Always Reforming Craig D. Atwood, 2001 Always Reforming highlights the fact that in the modern era the notion of heresy has fallen apart Every church has been declared heretical at some time or other by another church and it is not the role of the historian to decide who is right or wrong on doctrinal issues Christians have adapted to sweeping social changes including scientific discoveries and changing world views This volume attempts to uncover some of the hidden dynamics of faith within the many ways in which other Christians have tried to live out the gospel in an uncertain world It also demonstrates that all human institutions including churches change over time Jacket

A Companion to the Great Western Schism (1378-1417), 2009-09-30 The division of the Church or Schism that took place between 1378 and 1417 had no precedent in Christianity No conclave since the twelfth century had acted as had those in April and September 1378 electing two concurrent popes This crisis was neither an issue of the authority claimed by the pope and the Holy Roman Emperor nor an issue of authority and liturgy The Great Western Schism was unique because it forced upon Christianity a rethinking of the traditional medieval mental frame It raised question of personality authority human fallibility ecclesiastical jurisdiction and taxation and in the end responsibility in holding power and authority This collection presents the broadest range of experiences center and periphery clerical and lay male and female Christian and Muslim Theology including exegesis of Scripture diplomacy French literature reform art and finance all receive attention
