Allies In Apartheid:

Allies in Apartheid Allan D. Cooper, 1988 **Allies in Apartheid** Allan D. Cooper, 1988-06-18 Eleven of the world's leading scholars on Namibia offer a collection of articles that provide an examination of the importance of Namibia to each of the major Western capitalist powers and analyze the extent to which each power contributes to South Africa's continuing occupation of Namibia *The Unspoken Alliance* Sasha Polakow-Suransky, 2010-05-25 A revealing account of how Israel's booming arms industry and apartheid South Africa's international isolation led to a secretive military partnership between two seemingly unlikely allies Prior to the Six Day War Israel was a darling of the international left socialist idealists like David Ben Gurion and Golda Meir vocally opposed apartheid and built alliances with black leaders in newly independent African nations South Africa for its part was controlled by a regime of Afrikaner nationalists who had enthusiastically supported Hitler during World War II But after Israel's occupation of Palestinian territories in 1967 the country found itself estranged from former allies and threatened anew by old enemies As both states became international pariahs their covert military relationship blossomed they exchanged billions of dollars worth of extremely sensitive material including nuclear technology boosting Israel's sagging economy and strengthening the beleaguered apartheid regime By the time the right wing Likud Party came to power in 1977 Israel had all but abandoned the moralism of its founders in favor of close and lucrative ties with South Africa For nearly twenty years Israel denied these ties claiming that it opposed apartheid on moral and religious grounds even as it secretly supplied the arsenal of a white supremacist government Sasha Polakow Suransky reveals the previously classified details of countless arms deals conducted behind the backs of Israel's own diplomatic corps and in violation of a United Nations arms embargo Based on extensive archival research and exclusive interviews with former generals and high level government officials in both countries *The Unspoken Alliance* tells a troubling story of Cold War paranoia moral compromises and Israel's estrangement from the left It is essential reading for anyone interested in Israel's history and its future Apartheid's Contras William Minter, 1994 It also outlines a new kind of Third World warfare neither classic guerrilla warfare nor straightforward external aggression instead one comprising elements of civil war but dominated by the initiatives of external powers Apartheid's Reluctant Uncle Thomas Borstelmann, 1993 Borstelmann history Cornell U brings to light the neglected history of Washington's strong but hushed backing for the white supremacist National Party government that won power in South Africa in 1948 and for its formal establishment of apartheid Annotation copyright by Book News Inc Portland OR The Holocaust's Ghost F. C. DeCoste, Bernard Schwartz, 2000-05 Numerous scholars explore the moral aesthetic and political outcomes of the Holocaust from the perspectives of various academic backgrounds including art literature political science education and history *American Foreign Policy Current Documents*, 1989 **Anatomy of State Capture** Nina Callaghan, Robyn Foley, Mark Swilling, 2021-11-26 Following the release of the Public Protector's State of Capture Report in November 2016 South Africans have been witness to an explosion of almost daily revelations of

corruption mismanagement and abuses by those entrusted to lead the nation The extent of this betrayal is overwhelming and it is often difficult to distil what actually happened during the Zuma administration This book draws on the insights and expertise of 19 contributors from various sectors and disciplines to provide an account of what transpired at strategic sites of the state capture project The ongoing threat of state capture demands a response that probes beyond what happened to understanding how it was allowed to happen The stubborn culture of corruption and misgovernance continue to manifest unabated and the predatory practices which enable state capture have not yet been disrupted It is our hope that the various case studies and analyses presented in this book will contribute to confronting these shortcomings in current discourse and open avenues for progressive deliberation on how to collectively reclaim the prospects of a just and prosperous South Africa for all
