Almanac Of The Dead A Novel:

Almanac of the Dead Leslie Marmon Silko, 1992-11 In its extraordinary range of character and culture *Almanac of the Dead* is fiction on the grand scale The acclaimed author of *Ceremony* has undertaken a weaving of ideas and lives fate and history passion and conquest in an attempt to re create the moral history of the Americas told from the point of view of the conquered not the conquerors *The Almanac of the Dead* Leslie Marmon Silko, 2013-04-30 A tour de force examination of the historical conflict between Native and Anglo Americans by critically acclaimed author Leslie Marmon Silko under the hot desert sun of the American Southwest In this virtuoso symphony of character and culture Leslie Marmon Silko's breathtaking novel interweaves ideas and lives fate and history passion and conquest in an attempt to re create the moral history of the Americas as told from the point of view of the conquered not the conquerors Touching on issues as disparate as the borderlands drug wars ecological devastation committed for the benefit of agriculture and the omnipresence of talking heads on American daytime television *The Almanac of the Dead* is fiction on the grand scale a sweeping epic of displacement intrigue and violent redemption Storied Voices in Native American Texts Blanca Schorcht, 2003 Table of contents

Almanac of the Dead Leslie Marmon Silko, 1991 In its extraordinary range of character and culture *Almanac of the Dead* is fiction on the grand scale The acclaimed author of *Ceremony* has undertaken a weaving of ideas and lives fate and history passion and conquest in an attempt to re create the moral history of the Americas told from the point of view of the conquered not the conquerors Leslie Marmon Silko Louise K. Barnett, James L. Thorson, 1999 An exciting collection of new essays on the work of the outstanding American Indian woman writer **Such News of the Land** Thomas S. Edwards, Elizabeth A. De Wolfe, 2001 A collection of new essays establishes women's voices as a powerful presence in US nature writing *Cannibal Fictions* Jeff Berglund, 2006-08-15 Objects of fear and fascination cannibals have long signified an elemental otherness an existence outside the bounds of normalcy In the American imagination the figure of the cannibal has evolved tellingly over time as Jeff Berglund shows in this study encompassing a strikingly eclectic collection of cultural literary and cinematic texts *Cannibal Fictions* brings together two discrete periods in US history the years between the Civil War and World War I the high water mark in America's imperial presence and the post Vietnam era when the nation was beginning to seriously question its own global agenda Berglund shows how P T Barnum in a traveling exhibit featuring so called Fiji cannibals served up an alien other for popular consumption while Edgar Rice Burroughs in his *Tarzan of the Apes* series tapped into similar anxieties about the eruption of foreign elements into a homogeneous culture Turning to the last decades of the twentieth century Berglund considers how treatments of cannibalism variously perpetuated or subverted racist sexist and homophobic ideologies rooted in earlier times Fannie Flagg's novel *Fried Green Tomatoes* invokes cannibalism to new effect offering an explicit critique of racial gender and sexual politics an element to a large extent suppressed in the movie adaptation Recurring motifs in contemporary Native American writing suggest how Western

expansion has cannibalistically laid the seeds of its own destruction And James Dobson s recent efforts to link the pro life agenda to allegations of cannibalism in China testify still further to the currency and pervasiveness of this powerful trope By highlighting practices that preclude the many from becoming one these representations of cannibalism Berglund argues call into question the comforting national narrative of e pluribus unum

Retold Stories, Untold Histories Joanna Ziarkowska,2014-07-18 Retold Stories Untold Histories concentrates on how challenging questions concerning the nature of historical representation the formation of national ethnic identities and creative agendas are addressed in the diverse and inspiring writings of Maxine Hong Kingston and Leslie Marmon Silko The rationale behind juxtaposing two writers coming from diverse cultural contexts originates in the fact that both Kingston and Silko share the experience of historical and cultural marginalization and more importantly devise similar methods of rendering it in creative writing Writing from the perspective of two distinct marginalized groups Kingston and Silko share the view that the official version of national history may be seen as a narrative of misrepresentation and the exclusion of people who either greatly contributed to the building of the country or occupied the territory of the present United States long before its creation In their texts both writers engage in a polemic against a history that using its legitimizing power as a scientific discipline produces and perpetuates stereotypical images of Chinese and Native Americans and more importantly eliminates the two groups from the process of constructing the national narratives of origins that monitor and control the borders of what constitutes American identity Despite apparent differences in cultural and historical contexts Kingston and Silko share an enthusiasm for employing unconventional tools and sources for offering creative reconstructions of a past which had been silenced or repressed

America Unbound Antonio Barrenechea,2016-11-15 This original contribution to hemispheric American literary studies comprises readings of three important novels from Mexico Canada and the United States Carlos Fuentes s Terra Nostra Quebecois writer Jacques Poulin s Volkswagen Blues and Native American writer Leslie Marmon Silko s Almanac of the Dead The encyclopedic novel has particular generic characteristics that serve these writers as a vehicle for the reincorporation of hemispheric histories Starting with an examination of Moby Dick as precursor Barrenechea shows how this narrative genre allows Fuentes Poulin and Silko to reflect the interconnected world of today as well as to dramatize indigenous and colonial

values in their narratives His close attention to written documents visual representations and oral traditions in these encyclopedic novels sheds light on their comparative cultural relations and the New World from pole to pole This study amplifies the scope of America across cultures and languages time and tradition

American Indian Rhetorics of Survivance Ernest L. Stromberg, 2006-07-30 American Indian Rhetorics of Survivance presents an original critical and theoretical analysis of American Indian rhetorical practices in both canonical and previously overlooked texts autobiographies memoirs prophecies and oral storytelling traditions Ernest Stromberg assembles essays from a range of academic disciplines that investigate the rhetorical strategies of Native American orators writers activists leaders and intellectuals The contributors consider rhetoric in broad terms ranging from Aristotle's definition of rhetoric as the faculty of discovering in the particular case what are the available means of persuasion to the ways in which Native Americans assimilated and revised Western rhetorical concepts and language to form their own discourse with European and American colonists They relate the power and use of rhetoric in treaty negotiations written accounts of historic conflicts and events and ongoing relations between American Indian governments and the United States This is a groundbreaking collection for readers interested in Native American issues and the study of language In presenting an examination of past and present Native American rhetoric it emphasizes the need for an improved understanding of multicultural perspectives

The National Uncanny Renée L. Bergland, 2015-05-01 Although spectral Indians appear with startling frequency in US literary works until now the implications of describing them as ghosts have not been thoroughly investigated In the first years of nationhood Philip Freneau and Sarah Wentworth Morton peopled their works with Indian phantoms as did Charles Brockden Brown Washington Irving Samuel Woodworth Lydia Maria Child James Fenimore Cooper William Apess Nathaniel Hawthorne and others who followed During the late 19th and early 20th centuries Native American ghosts figured prominently in speeches attributed to Chief Seattle Black Elk and Kicking Bear Today Stephen King and Leslie Marmon Silko plot best selling novels around ghostly Indians and haunted Indian burial grounds Renée L. Bergland argues

that representing Indians as ghosts internalizes them as ghostly figures within the white imagination Spectralization allows white Americans to construct a concept of American nationhood haunted by Native Americans in which Indians become sharers in an idealized national imagination However the problems of spectralization are clear since the discourse questions the very nationalism it constructs Indians who are transformed into ghosts cannot be buried or evaded and the specter of their forced disappearance haunts the American imagination Indian ghosts personify national guilt and horror as well as national pride and pleasure Bergland tells the story of a terrifying and triumphant American aesthetic that repeatedly transforms horror into glory national dishonor into national pride **The American Book Review** ,1992 **Apocalypse Revisited: A Critical Study on End Times** Melis Mulazimoglu Erkal,2019-01-04 This volume was first published by Inter Disciplinary Press in 2015 Mankind s fascination with the Apocalypse is not new Starting from the Hindu notions of Kali Yuga to 2012 Phenomenon Apocalypse has been a part of our lives in the form of a cultural formation natural threat fictional entity ideological construct political fear or catastrophic end Apocalyptic discourses underline how one culture perceives and reflects pain trauma loss and fear as well as indicating the ability to face and get ready for disaster This inter disciplinary and academic study aims to discuss the end of the world in multiple contexts where the popularity of apocalypse always reigns In the scope of this work readers will see the multi dimensional nature of the Apocalypse referring more to progress rather than end or beginning an in between situation a becoming a formation local yet global phenomenon a product of fantasy plus a constructed reality both an object of consumption and life consuming mechanism an ideological presence in the absence of larger meta narratives [The Metanarrative of Suspicion in Late Twentieth-Century America](#) Sandra Baringer,2013-04-15 Narratives of suspicion and mistrust have escaped the boundaries of specific sites of discourse to constitute a metanarrative that pervades American culture Through close reading of texts ranging from novels Pynchon s *Vineland* Silko s *Almanac of the Dead* Pierce s *The Turner Diaries* to prison literature this book examines the ways in which narratives of suspicion are both constitutive and symptomatic of a metanarrative that pervades American culture
