*Almost Dark* Letitia Trent, 2020-11-03 An intelligent melancholy and terrifying ghost story set in a picture perfect Vermont town Paul G Tremblay author of *The Cabin at the End of the World* In 1993 teenage Claire and her twin brother Sam sneak out to Farmington's old textile factory where they've heard the high school kids go to party When Sam falls into a basement window and injures himself Claire runs for help thinking she's left Sam alone But something horrible is inside the otherwise empty factory with him Fifteen years later Claire is working as Farmington's librarian secretly wrestling with her guilt after her brother's death She leads a quiet lonely life until Sam begins visiting her Meanwhile Justin an ambitious business developer has come to town to transform the abandoned factory into a new boutique retail location But a painful violent past lies behind the building's walls that for everyone's sake might be better left undisturbed A lyrical haunting and unsettling story crafted out of the skeletons and whispers of a small town with a decidedly tragic past Richard Thomas author of *Disintegration* Recalls the golden era of 1970s and 1980s horror fiction but burnished with an entirely contemporary voice crafted with a poet's eye for detail and ear for language Reminiscent of the early work of Rosemary Campbell and Charles L Grant simultaneously chilling and poignant this novel and its inhabitants haunted me long after I had uneasily put it down
