Chang,2023-01-20 Ideas influence people In particular extremely well developed sets of ideas shape individuals groups and societies in far reaching ways This book establishes these idea systems as an academic concept Through three intense episodes of manipulation and mayhem connected to idea systems Europe's witch hunts the Mao Zedong era revolutions and the early campaign of the U S War on Terror this book charts the cognitive and informational matrices that seize control of people's mentalities and behaviors across societies Through these the author reaches two conclusions The first that we are all vulnerable to the dominating influence of our own matrices of ideas and to those woven by others in the social system The second that even the most masterful manipulators of idea programs may lose control of the outcomes of programmatic manipulation Amongst this analysis sixty plus central conceptual terminologies are provided for readers to analyze multiform idea systems that exist across space time and cultural contexts This is an open access book **After the Dark** Rohit Pagare,2020-10-21 After the Dark is a tale of a prisoner's resolute fightback for freedom Not by jumping over walls but by conquering his inner self and then winning over his outer handicaps by becoming larger than beliefs About the author Rohit Pagare was sentenced to life imprisonment by court on charges of murder But he had set one more condition for himself that he would obtain release only when he selflessly brings smile to someone or he would brace death What he needed was one chance to partly atone his doing One day administration asked suggestions from him to smoothen prison processes This was his chance He gathered a team of inmates motivated them to develop a prison software and outperformed expectations Impressed administration

implemented it in all prisons of the state which won him accolades from DG Prisons and a place in Limca Book of Records At present software is aiding agencies in crime investigations and is thus securing citizen lives and winning their smiles Then administration began saying Rohit it s been 8 years of sincere work time for you to get out of here About the book In the story author s prison fightback is personified by Gopi 11 years and his sister Seema 15 years Gopi is poor and a 3rd standard village school dropout who promises Ria a rich but handicapped city school girl of sixth standard that he would bring her smile Little does he know that his promise will push him on a turf of war with his debilitated inner self can he can he not He will have to tame his mind into a passionate mission oriented machine In a distant hostage camp Seema knows escape was impossible One day when cornered she stared at her horrendous self that she could murder And she also incredulously saw herself escaping from the camp with another captive only to agonizingly return to embrace her death But destiny wasn t through Back came another foggy chance but with a frustrating rider it was to help her captor **Because, Seriously**

America, Seriously! Joshua Grant ,2021-01-05 Do you think there is something else going on behind the scenes Do the government s actions seem to be focused on the American people or others that they shouldn t Just what is going on right now in America Well if you are like Mr Grant you might be wondering what is seriously going on in America right now We have a country that seems to be on the brink of another Civil War all due to the actions of the individuals in charge Because Seriously America seriously was created to give you a different perspective than the one being pushed by the media and on social media platforms In today s new concerning world what was once normal is not normal anymore Normalcy now seems to be whatever these individuals in charge make up in their head and push out onto the American people With this book Grant gives you his perspective as a straight white catholic American male trying to survive in a new America where white Americans like himself are now the enemy and most white Americans are being labeled racist or offensive for nothing other than their skin color being white Mr Grant talks about the interesting things that have led to us as a nation being so separated and divided and the narrative these people pushed to get us there Life can change very quickly and Mr Grant has experienced a life changing event himself As a man now living with a mechanical heart valve that keeps ticking to keep him alive Mr Grant gives you a different perspective and way to think about the claims that these individuals are making and why their claims along with their statements could mean the death of America if we don t stop these individuals from achieving their goals History is not there for you to like or dislike It is there for you to learn from it In addition if it offends you even better Because then you are less likely to repeat it It is not yours to erase It belongs to all of us unknown *Solariad*
