**Retracing the Iron Curtain** Dr. Timothy Phillips, 2023-03-07 Across 3 000 miles and over eight decades this epic new people s history of the Cold War makes eye opening sense of a defining 20th century conflict and how it continues to shape our world today Initially a victory line where Allies met at the end of World War Two the Iron Curtain quickly became the front of a new kind of war It divided Europe from north to south for a staggering forty five years Crossing it in either direction was always a political act in many cases it was a crime to even talk about doing so New generations have grown up since these borders came down freed from the restrictions of the Cold War era But what has the Iron Curtain left in its wake Timothy Phillips travels its full 3 000 mile route from inside the Arctic Circle to where Armenia meets Azerbaijan and Turkey to craft this epic new people s history of a defining 20th century conflict Here in the borderlands where a powerful clash of civilizations took form in concrete and barbed wire he uncovers the remarkable stories of everyday people forever imprinted by life in the Curtain s long shadow Some look back on the era with nostalgia even affection while others despise it unable to forgive the decades of hardship their families and nations endured A director recalls the astonishing night his movie premiered in East Germany November 9 1989 the very night the Berlin Wall fell And a railroad worker recounts the 1951 hijacking of a passenger train from Czechoslovakia that breached the Curtain granting those aboard immediate asylum in the West These narratives by turns harrowing and heartening paint a vivid portrait of the new Europe that emerged from the ruins Phillips reveals the Iron Curtain s profound impact on our world today even as he punctures the fault lines we draw

**The Writers Directory** ,2013     Library Journal ,2001     The Curtain and the Wall Timothy Phillips,2022-10-13 The Iron Curtain divided the continent of Europe north to south with the Berlin Wall as its most visible infamous manifestation Since the Cold War ended and these borders came down Europe has transformed itself New generations have grown up freed from the tensions and restrictions of the past But what do the Curtain and the Wall mean today What has happened to the people and places they divided What have they left in their wake In a major new book Timothy Phillips travels the route of the Iron Curtain from deep inside the Arctic Circle to the meeting point of Armenia Azerbaijan and Turkey He explores the borderlands where the clash of civilisations was at its most intense between 1945 and 1989 and where the world s most powerful ideologies became tangible in reinforced concrete and barbed wire He looks at the new Europe that emerged from the ruins The people he meets bear vivid witness to times of change There are those who look back on the Cold War with nostalgia and affection Others despise it unable to forgive the hard and sometimes lost decades that their families friends and nations endured These old fault lines have much to tell us about Europe now and about our societies current disputes over borders and about belonging and the meaning of progress The Curtain and the Wall transports the reader across 5 000 kilometres of Europe and through eight decades to show how one of the defining stories of the 20th century continues to shape our world today
