## Alt Ed:

**Alt-Education** Catherine Tebaldi, 2025-07-25 Alt Education looks at the stories the right tells about schools a fight between an evil indoctrinating government and a far right freethinking truth warrior between a frigid cultural Marxist teacher and a loving Christian mother This book explores the link between education gender and far right metapolitics and offers insights into the ways in which it circulates and is normalized Through digital ethnography and fieldwork it explores the production circulation and interpretation of these discourses and the ideologies they express tracing their movement across four groups of women in the US and UK fascists white nationalist Christian nationalists and Republicans Although often understood to be opposed to education the far right is instead opposed to schooling and offers its own practices of alt education Through media alternative schools and home education the far right teaches their ideologies of gender and race knowledge and power as well as transmitting alternative histories sociologies and conspiracies From mom s groups to digital discourses about the evils of public schools social media are key arenas in which women not only teach but are taught far right alternative knowledge Alt education teaches reactionary ideology as a timeless truth normalizing it through discourses of home family and love At the same time alt education borrows and co opts the language of critique normalizing racism sexism and fascism a kind of alternative knowledge while making it exciting as a countercultural critique of woke liberal indoctrination The book concludes with a look at this attempt to speak post truth to power as a way of normalizing and spreading their ideology bringing alt education to a wide audience as their critiques of woke politics spreads across the US UK and into Europe This book is aimed at scholars of the far right and gender as well as scholars and practitioners of education Written in an accessible and engaging tone this book will be of interest to both researchers and advanced undergraduates
