Lee,1987 These volumes provide creative and provocative analysis of each of the Church's seven sacraments *Alternative Futures for Worship: Christian marriage* ,1987 *Dancing to the Post-modern Tune* Tobias O. Okoro,2010 Religions and Discourse explores religious language in the major world faiths from various viewpoints including semiotics pragmatics and cognitive linguistics and reflects on how it is situated within wider intellectual and cultural contexts In particular a key issue is the role of figurative speech Many fascinating metaphors originate in religion e.g. revelation as a garment apostasy as adultery loving kindness as the circumcision of the heart Alternative Futures for Worship Bernard J. Lee,1987 Sacred Mysteries Dennis Chester Smolarski,1995 Sacred Mysteries opens by reflecting on the continual process of reform in the church and on the foundational principles for all liturgical action It then moves to a discussion of each of the sacraments with particular reference to the way they are ritualized in the assembly A final chapter addresses practices that can cloud the experience of mystery during liturgical celebrations and thus inhibit rather than enhance the power of the rite The Other Side of Sin Andrew Sung Park,Susan L. Nelson,2012-05-21 The good news of Jesus Christ is for both sinners and the sinned against For the past two thousand years Christian theologians have focused on the experience of sinners but treated their victims inadequately To counterbalance this perspective a diverse group of Christian scholars consider sin from the other side To make sense of Christianity from this standpoint they offer a more complex and comprehensive analysis of human participation in evil and its reconciliation than the simple formula of sin and repentance The Other Side of Sin is an original fresh and exciting adventure into one of the most needed areas of theological thinking Joseph Ratzinger and the Future of African Theology Maurice Ashley Agbaw-Ebai,Matthew Levering,2021-12-27 This book engages the theology of Joseph Ratzinger Pope Benedict XVI in dialogue with African Catholic theological concerns and challenges After an Introduction by Matthew Levering arguing that African Catholic theology is an important resource for the whole Church the book contains ten chapters by African and non African Catholic theologians Paulinus Odozor investigates whether and if so how the God of Jesus Christ stands in continuity with the God known to African Traditional Religions Paul latub sun Adaja addresses faith and reason in light of the current African anthropological crisis Tegha Nji and

Valery Akoh connect Ratzinger's idea of pro existence with traditional African understandings of solidarity Jacob Phillips compares the theologies of Robert Cardinal Sarah and Joseph Ratzinger Benedict XVI Dennis Kasule examines the requirements of a New Evangelization for Africa in light of the case of Uganda Joseph Lugambi proposes that the Catholic liturgies of Africa are in need of reform Mary Reginald N Anibueze explores the Eucharist as a socio communitarian event Emery de Gaal reflects upon Ratzinger Benedict's theology of inculturation Joseph Ogbonnaya treats Caritas in Veritate with a focus upon the case of Nigeria Maurice Ashley Agbaw Ebai meditates upon Ratzinger's understanding of political power
