As I See it J. Lawson, Joel Beeke, Richard D. Phillips, Phil Johnson, Jim Elliff, Kenneth Talbot, Bruce Bickel, 2015-03-16 The authors in this compilation address the issue of legalism from a variety of angles John MacArthur shows first that obedience to God is not an issue of legalism but an issue of love In his second chapter he deals with the inevitable response of people who are confronted with Biblical standards Judge not that ye be not judged Here MacArthur shows what our Lord meant when He said that and shows what biblical discernment really is that there is a vast difference between judgmental and holding people accountable to God's standards Phil Johnson in his first chapter deals with Christian liberty In his second chapter he takes a critical look at two kinds of legalism then explores the relationship of

Christian love and Christian liberty Joel Beeke shows that enthusiasm for God's law is not necessarily legalism One can be zealous without being legalistic As David wrote Oh how I love Thy Law Bruce Bickel explains that legalism is due to a weak understanding of what Christ accomplished on the cross Jim Elliff makes clear that legalism is an attack on unity within the Body of Christ particularly local congregations Ken Talbot helps us to see that legalism is inconsistent with and incompatible with the doctrine of justification by faith alone He points out that the doctrine of free will leads to this dangerous position Rick Phillips explores the relationship to loving God and obeying His law Some today believe that love is all that matters and that the law as a guideline to love is extinct Then this author shows that Biblical sanctification is the antidote to and the opposite of legalism Steven J Lawson shows that legalism is the result of holding to man made traditions over the truth of God's Word Second he points out how dangerous and deadly a thing legalism is and why

Contact with Reality Esther Lightcap Meek, 2017-05-05 Is knowledge discovered or just invented Can we ever get outside ourselves to know how reality is in itself independent of us Philosophical realism raises the question whether in our knowing we connect with an independent reality or only connect with our own mental constructs Far from being a silly parlor game the question impacts our lives concretely and deeply Modern Western culture has been infected with antirealism and the doubt skepticism subjectivism relativism and atheism that attends it not to mention distrust and arbitrary mis use of reality Premier scientist turned philosopher Michael Polanyi stepped aside from research to offer an innovative account of knowing that takes its cue from how discovery actually happens Polanyi defied the antirealism of the twentieth century sounding a ringing note of hope in his repeated claim that in discovery we know we have made contact with reality because we have a sense of the possibility of indeterminate future manifestations And that sense marks contact with reality because it is the way reality is abundant generous and fraught with as yet unnameable possibilities This book examines that distinctive claim contrasting it to the wider philosophical discussions regarding realism and antirealism in the recent decades It shows why Polanyi's outlook is superior and why that matters not just to scientific discoverers but to us all *Flea Market Jesus* Arthur E. Farnsley II, 2012-06-01 Americans live their lives through institutions government businesses schools clubs and houses of worship But many Americans are wary of the control these groups especially government and business exercise over their lives *Flea Market Jesus* provides an up close look at the rugged individualism of those trying hardest to separate themselves from institutions flea market dealers Having spent most of his life studying American religious organizations Art Farnsley turns his attention to America's most solitary and alienated entrepreneurs Farnsley describes an entire subculture of white Midwesterners working class middle class and poor gathered together in a uniquely American celebration of guns and frontier life In this mix the character Cochise voices the frustrations of flea market dealers toward business politics and especially religion Part ethnography part autobiography *Flea Market Jesus* is a story about alienation biblical literalism libertarianism and deep seated religious belief It is not about the Tea Party the Occupy movement or the Christian Right but it shines a light on all of these by highlighting the potent combination of mistrust resentment and personal liberty too often kept in the shadows of public discourse among educated elites *Punch*, 1879
