Asia Pacific A View Of Its Role:

Asia Pacific Michael S. Dobbs-Higginson,1995 An insight into the political and economic future of Pacific Asia an area currently undergoing violent changes The author speculates as to how stability might be introduced into the region by an alliance between its countries similar to the EC and NAFTA

Asia-Pacific in the New World Order Christopher Brook,Anthony McGrew,2013-11-05 Asia Pacific in the New World Order critically explores the notion that a distinctive regional power bloc is developing linking countries bordering the Pacific with East Asia at its core This student friendly volume sheds light on the complex interplay between global regional and national forces which have transformed the Asia Pacific area into one of the most vibrant and economically successful regions in the world Historical narratives alongside geopolitical and geoeconomic perspectives are deployed to examine the shifting pattern of power relations and security structures across the region set within a wider world context Key issues addressed include what are the primary security problems of the region and how are they being resolved does the dynamic growth of the region and particularly the rise of China pose a challenge to existing structures of world order The text has a strong interdisciplinary flavour drawing on analytical approaches from the international relations political economy and political geography literature Authors have been drawn from the Asia Pacific region and the UK and all are established scholars in their specialist fields

Geopolitics at the End of the Twentieth Century Nurit Kliot,David Newman,2013-11-05 An excellent examination of how the collapse of the Soviet Union and the impact of globalization have brought about changes not only to the territorial configuration sovereignty of states and their boundaries but also to traditional notions of state boundaries sovereignty and social order These essays focus on the key regional and geopolitical characteristics of this global reordering with an emphasis on Eastern Europe and South Asia They discuss the territorial reordering which is taking place at the level of the state as boundaries are redemarcated in line with ethno territorial demands as borders are transversed by the movement of peoples information and finance and as the lines of territorial demarcation are perceived not only in terms of their fixed characteristics but as part of a process through which regional and ethnic identities continue to be formed and reformed Each section ends with articles which focus on literature on geopolitics and boundaries This is an invaluable addition to our understanding of contemporary world affairs

Economic Growth and Political Change in Asia Graham Field,2016-07-27 This book looks at the main factors which have contributed to the strikingly strong growth of Asian economies in the last twenty five years It considers the economic policies adopted to promote such growth arguing that it will become increasingly difficult to sustain this The author then examines the inequalities generated by economic growth before considering the dynamics of the four different types of political system which have evolved in Asia veiled authoritarianism market Stalinism emerging bourgeois democracy and elite democracy

State ,1994-07 **Newsletter** United States. Department of State,1994 **Eurasian Integration - The View from Within** Piotr Dutkiewicz,Richard Sakwa,2014-10-17 As Eurasia and the adjacent territories become more

important to the world there is increasing interest from international powers accompanied by attempts to give institutional form to traditional economic and security links within the region This book includes a range of substantive work from scholars based in the region offering contrasting perspectives on the process of Eurasian integration and its place in the world Chapters consider economic political social and security developments with notable studies of the major countries involved in the development of the Eurasian Economic Union The work also examines the connections between the region and China greater Asia and the European Union It outlines the varying dynamics with populations growing in Central Asia while at best stagnant elsewhere The book discusses the increasing strategic significance of the region and explores how the new post Soviet states are growing in national cohesion and political self confidence Above all the book examines the concept of Eurasia outlining the debates about the concept and how various aspects of the legacy of Eurasianism contribute to contemporary plans for integration The book argues that although regional integration is very much a popular idea in our age with the potential for economic benefits and increased international influence in practice contemporary projects for Eurasian integration have been highly ambiguous and contested Nevertheless significant steps have been taken towards the creation of the Eurasian Economic Union The book analyses developments to date noting the achievements as well as the challenges

Future of Diplomacy This collection of Prof Koh's favourite essays and lectures gives the reader an insight into his illustrious academic and diplomatic career The volume also includes his articles on diplomacy and international law art culture heritage nature and environmental issues **The World Views of the Obama Era** Matthias Maass, 2017-11-07 This book presents selected non US views of the Barack Obama administration Each chapter investigates eight years of the Obama presidency from a different national perspective By bringing together fourteen country studies from all regions of the world this volume offers an accumulative global view of the Obama White House's foreign policies and bilateral affairs It provides an outside perspective on a presidency that was initially greeted with much enthusiasm world wide but seemed to fall out of favor over time in most countries The overwhelming hope that was associated with the election of Obama in 2008 turned to disillusionment world wide the changes in US external affairs he promised were only partially fulfilled and the world was reminded that America's place and role in the world would not change dramatically not even under the inspirational Obama

ASEAN-Russia Victor Sumsky, Mark Hong, Amy Lugg, 2012-05-30 In 2012 Russia assumes the Chairmanship of APEC and is keen to build on its memberships of both East Asia Summit EAS and the Asia Europe Meeting ASEM Russia is geographically and historically part of Asia and the Asia Pacific and has been a dialogue partner of ASEAN since 1996 Still the obstacles of distance and languages have led ASEAN member states and Russia to know and interact little between both sides As growth poles in the world economy there is much benefit in greater interaction between their rich economies To commemorate the 15th Anniversary of the Russia ASEAN dialogue partnership in 2011 the ASEAN Studies Centre at ISEAS and its counterpart from MGIMO University Moscow co organized a two day conference that year in which papers were presented offering perspectives from Russia and the ten ASEAN member states Representatives from academia and the public and private sectors offered insights on topics including geopolitics bilateral relations business and economics and culture and education This is a timely book that affords the reader insights into where ASEAN Russia relations currently stand and suggests how they can improve and move forward *News & Views, Indonesia*, 1988 **Indonesia, News & Views**, 1989

China's Achilles' Heel Srikanth Thaliyakkattil, 2019-06-24 This book analyses Chinese discourse on Indian attitudes towards the Belt Road Initiative BRI and argues that the Indian discourse is becoming one of the biggest hurdles to China creating its own narrative about China's rise in Asia and beyond In doing so it spans across the themes of the power struggle between China and US China and India the Chinese perception of India China South Asia relations the China US India strategic triangle and the success and failures of BRI The first part of the book focuses on the Chinese thinking behind the launch of the BRI and addresses questions related to the purpose of this initiative and ways in which it will facilitate China's rise as a superpower Subsequently the book addresses how effective or ineffective India's challenge is and how it is negatively affecting China's BRI **Asian Strategic and Military Perspective** Ravi Shekhar Narain Singh Singh, 2005

Nation states are compelled to function within the parameters of their respective geo political and geo strategic environment

The behavior of nations and the interplay of their strengths and vulnerabilities particularly their foreign and military posturing is predicated on geographic political and economic factors Besides historical imperatives also coalesce in determining the way States shape their policies Many Asian countries today are threatened by a war that is of a subtle and imperceptible nature There is also a paradigm shift in the perception of national security especially with the blurring of the notion of internal and external security This is reflected in the growing military expenditures of several Asian countries This volume attempts to examine the critical factors that influence the foreign and defense policies of Asian countries It provides comprehensive information and analyses of the strengths needs aspirations and compulsions that shape their strategic and military outlook

China's Grand Strategy Honghua Men, 2020-04-20 This book aims to build the ideal model of China's grand strategy framework which is based on three key variables national power strategic concept and international institution Taking the rise of China as an opportunity this book adopts the assessment of national strategic resources as the beginning focuses on the evaluation of strategic capability the choice of strategic orientation the establishment of strategic objectives the planning of strategic content and the implementation of strategic means Further following this main line this book establishes a China's grand strategy framework based on active participation and integration transformation shaping process This book emphasizes that to achieve the goals of China's grand strategy China should uphold this strategic attitude It should not be seduced by praise and should not be made aggressive by criticism It should learn to be glorious but remain humble maintain a wealthy influential but modest position by restraint This book can be regarded as the essence of the author's 20 years long term focus and research on the China's grand strategy The author's postdoctoral tutor Professor Hu Angang's comment of this book can hit the nail on the head This book is a pioneering theoretical study of China's great strategic research and makes a significant contribution to this research field The basic arguments of this book have been submitted through various approaches to decision making references or published in academic papers and have received numerous positive responses and resonance In my opinion the basic ideas and important findings of this book will provide imperative reference to long term strategy decision making process In addition the fundamental theory and analysis method of the book will have an important influence in both domestic and international academic field
