Asia Electricity Study:

Asia Electricity Study International Energy Agency, 1997 Pricing is a key issue Energy Market Integration in East Asia Yanrui Wu, Fukunari Kimura, Xunpeng Shi, 2013-12-04 East Asian nations through the dialogue between ASEAN and its partners have been promoting energy market integration EMI for a decade The formation of the East Asian Summit EAS group in 2005 adds new momentum to the EMI course in the region The objective of this edited volume is to present new insights into the understanding of EMI in East Asia and draw implications for further development This book is the first publication of its kind exclusively focusing on EMI in East Asia The chapters are written by a distinguished group of specialists in the field of energy policy business and economics The covered topics range from the general debates about EMI to regional policy responses A variety of qualitative and quantitative methods are employed in this book For qualitative methods public goods theory and the comparative study method are two examples The quantitative methods include economic growth theory principle component approach input output table computable general equilibrium CGE models and econometric techniques Important policy implications can be drawn from the findings One clear message is that EMI should be promoted actively but in a gradual incremental manner Other policy implications are related to inter regional governance infrastructure development and gas market integration The content has not been published elsewhere and hence makes a unique contribution to the literature There are also case studies of specific energy sectors such as petroleum and natural gas Overall this book should be of interest to a wide audience such as academia business analysts and policy makers **A**

Survey of Asia's Energy Prices Anil K. Malhotra, Olivier Koenig, Prasert Sinsukprasert, 1994-01-01 World Bank Technical Paper No 248 One of the main policy objectives of the World Bank in reforming the energy sector of developing countries has been the need to establish tariffs for electricity and petroleum products that promote economic efficiency Energy Outlook for Asia and the Pacific 2009 Asian Development Bank, 2009-10-01 This report attempts to project the balance between energy demand and supply for the 48 regional members of the Asian Development Bank However due to the unavailability of energy data the Marshall Islands the Federated States of Micronesia and Tuvalu are not included in the study The outlook results are presented by member by subregion and by region Based on the projected energy demand and supply carbon dioxide emissions and investment requirements are derived These will offer a basis for policy making and development planning geared toward sustainable economic development in the regional members in Asia and the Pacific **Asia's Energy Trends**

And Developments (In 2 Volumes) Mark Tat Soon Hong, Amy V R Lugg, 2013-04-04 With Asia especially China and India leading world energy consumption Asian energy trends are now of global interest with deep implications for the world economy and geopolitics Understanding the issues often require real life case scenarios This two volume compilation presents the key topics on Asia's energy trends and developments that were presented at the Institute of Southeast Asian Studies in Singapore as part of its Energy Series Programme A wide range of topics is covered from nanotechnology clean

energy hydropower renewable energy and nuclear power to bilateral relations energy security and energy efficiency all with the unifying energy theme in the context of Asia The nature of the issues is clearly illustrated in the case studies The chapters are authored by international experts and innovators in their respective fields from academia government and private sectors providing their perspectives on the energy debate in Asia This compilation will provide the reader with insights into the overall trends and developments that have shaped and continue to influence energy policy economic strategy and geopolitics in Asia The case studies offer an especially useful reference point for experts and an understanding of the complex issues for laypersons
