Aleksandra Nikčević Batrićević, 2010-05-11 The research presented in this book is authored by scholars coming from as distant regions as South Africa the United States of America Great Britain France Italy Belarus the Balkans Needless to say that one of the good things about this international cooperation is that owing to their different socio cultural backgrounds these scholars have contributed to producing an extremely varied picture of ways of approaching the challenge of a changing world The papers on literature and culture collected in this book contribute a further element of rigour into the discussion of numerous and always varying and changing borders of convention in a literary text literary genre and literary theory as well as in general culture and everyday paths of life Starting with oral cultures over the classic literary masters modernist and postmodernist textual and theoretical phenomena the twentieth century flouting of numerous social and gender convention

through painting film dance contemporary music as well as graffiti We have sought to stress that what is most noticeable from the evidence of their studies is that scholars today concern these issues through a dynamic global process and beyond any preconceived design or any strict set of theoretical prescriptions which would otherwise lead them to ignore the ever shifting borders in literature and culture as well as in global socio cultural reality in general The variety and complexity of these essays offer fresh views to the problem posed in the title of the book Therefore we trust that they will stimulate intellectual confrontation and circulation of ideas within the field of literature and cultural studies

Gender Warriors U. Melissa Anyiwo, Amanda Hobson, 2019-01-14 Gender Warriors Reading Contemporary Urban Fantasy offers classroom ready original essays outlining contemporary debates about sexual objectification and gender norms in urban fantasy and examining how those cultural categories are reinforced and unraveled The essays explore the foundations and evolutions of urban fantasy and presentations of gendered identities in a wide variety of sources focusing not only on popular examples such as Buffy the Vampire Slayer and Underworld but also on less studied works for instance Penny Dreadful and Anita Blake The authors address the sociocultural institutions that bind gender to the body and shape our views of gendered norms inviting students of all experience levels to engage in interdisciplinary conversations about both theoretical and embodied constructions of gender and the production of genre and generic conventions The text unpacks cultural norms of gender and addresses issues of identity construction within an endlessly evolving genre This collection demonstrates the way that representations of gender and the kick ass female urban fantasy warrior have upended and reinforced a broad range of expectations and tropes making it a fascinating text for any course such as first year studies literature film gender studies sociology cultural studies history and more

New Realities in the Management of Student Affairs Ashley Tull, Linda Kuk, 2023-07-03 Student affairs organizations are at a crossroads They face expanding enrollments a concomitant increase need for often more complex services changing demographics a growing cohort of non traditional and first generation students shifting and more demanding responsibilities and increased expectations from the greater campus community parents and external constituents These challenges are intensified by the accelerating speed of advancements in technology globalization innovation and student consumerism and by the long term reality of shrinking resources and limitations on the ability to increase tuition and fees This book shares alternative ideas about organizational design and about ways to restructure roles and responsibilities to enable student affairs organizations to respond to these challenges and demands more effectively at a time of reduced resources It also addresses the many emerging roles that student affairs organizations are increasingly being expected to address such as IT fund raising and development external communications human resources management and professional development as well as research and assessment and describes approaches developed by a variety of institutions The contributors also pay attention to the solutions appropriate for smaller institutions and for community colleges They explore the various dimensions of change and offer frameworks to help student affairs

between an infamous small town murder and the bestselling novel it inspired Born and raised in Manchester New Hampshire Grace Metalious shocked the nation in 1956 with Peyton Place her sexually charged debut novel about murder in a small town It spawned a series of novels two Hollywood movies and a long running television series on ABC It also made Metalious a pariah in her hometown where she became tabloid fodder until her untimely death at the age of thirty nine Unknown to most readers the fictional story was inspired by a real crime known as The Sheep Pen Murder which took place in Gilmanton New Hampshire in the late 1940s Now historian Renee Mallett skillfully weaves together the lives of Metalious and Barbara Roberts the confessed killer behind The Sheep Pen Murder In The Peyton Place Murder Mallett explores what happens when true crime and literature meet **José Ferrer** Mike Peros,2020-08-19 Jos Ferrer 1912 1992 became the first Puerto Rican
