**Yining Li**

## **Allocation Of Economic Resources:**

**The Allocation of Economic Resources** Moses Abramovitz,1959      The Allocation of Economic Resources ,1959

**The Allocation of Economic Resources** Moses Abramovitz,Armen Alchian,Tibor Scitovsky,Bernard Francis Haley,Edward Stone Shaw,Paul A. Baran,1959      The allocation of economic resources Moses Abramovitz,Bernard Francis Haley,1959      *A Selected Annotated Bibliography on the Analysis of Water Resource Systems* ,1969      Review of Federal research and development expenditures and the national economy United States. Congress. House. Committee on Technology. Subcommittee on Domestic and International Scientific Planning and Analysis,1976      **The Allocation of Economic Resources** Moses Abramovitz,1959      Chinese Economy in Disequilibrium Yining Li,2013-11-25 Known internationally as Mr Shareholding economist Li Yining has had a transformative impact on China s economic transition most notably as an early advocate of ownership reform and in his promotion of shareholding theory By examining the interrelationship between the government enterprises and the market Chinese Economy in Disequilibrium presents an in depth discussion on the issues of resource allocation industrial structure institutional innovation and economic fluctuation in the current Chinese economy under the condition of disequilibrium Credited with developing the theory of economic disequilibrium Professor Li distinguishes two types of disequilibrium on the basis of whether or not the majority of firms in the economy are viable profit makers In Chinese Economy in Disequilibrium Professor Li points out that not only has China s economy been in a state of disequilibrium but it also has issues with enterprises not being under budget constraint Given the limitations of market regulation under economic disequilibrium Professor Li advocates the reform of the enterprise system and upholds the government s leading role in the establishment of order in the socialist commodity economy A number of measures are also proposed with the aim of facilitating the transition of China s economy from disequilibrium to equilibrium The central theme is that the reform and transition are means to serve economic growth and social development which would eventually benefit the ordinary citizens in society Yining Li is a Professor of Economics and Emeritus Dean of Peking University s Guanghua School of Management He is one of China s foremost economists and the author of twenty books and numerous articles on a wide range of economic subjects including reform and development in China He has received a number of prestigious awards and honours for his research As the leading proponent of a market economy in China Professor Li has had a tremendous influence on China s economic reform policy over the last three decades He has served on the Standing Committee of the National People s Congress of China and is currently Vice Chairman of the Economic Committee of the Chinese People s Political Consultative Conference      THE ABC OF MICROECONOMICS Dr. Parul Nagar, Economics as a subject pervades all spheres of knowledge and life This book is an introduction to Microeconomics written in a simple and lucid style with the objective to demystify the subject for students coming from varied academic backgrounds The use of day to day examples which are easily relatable helps to elucidate underlying concepts understand the nuances of the subject

and also grasp the usage of graphs and mathematical concepts This book is intended for students of different courses at undergraduate programs post graduate courses and for those seeking clarity and an understanding of the key concepts of Economics as applied to the world around them      **Microeconomics: Basic Principles in Practice** Dr. Parul

Nagar,2025-01-15 This book serves as an introduction to Microeconomics catering to readers from diverse academic backgrounds It simplifies the subject making it relatable and easy to understand particularly in terms of graph usage and mathematical concepts Topics are explained step by step helping students grasp the mathematical applications with ease The book demystifies Economics highlighting how deeply it influences every sphere of life and integrates with our daily routines

**Economic Report of the President Transmitted to the Congress** United States. President,1998 Represents the annual report of the President s Council of Economic Advisers Appendix B contains historical tables from 1959 or earlier on aspects of income national personal and corporate production prices employment investment taxes and transfers and money and finance      **Sustainability Economics** Lin Zhang,2025-07-18 This book is an essential guide to understanding and

tackling the complex challenges of sustainable development It provides a thorough analysis of economic principles and their application to pressing sustainability issues Covering everything from foundational theories and energy dynamics to environmental impacts and social justice it provides actionable insights into how businesses policymakers and communities can drive sustainable progress With a focus on real world applications it explores the latest in energy efficiency climate policy and green finance making it a critical resource for students professionals and anyone passionate about creating a more sustainable future Whether you re looking to deepen your understanding of sustainability economics or seeking practical strategies for implementing sustainable practices this book offers a rich blend of theory analysis and practical guidance      **A**

**Selected Annotated Bibliography on the Analysis of Water Resource Systems** Water Resources Scientific Information Center,1975      *Economics ,      Personalist Economics* Edward J. O'Boyle,2013-03-14 *Personalist Economics* Moral Convictions Economic Realities and Social Action examines the nature of the worker and consumer from a personalist perspective comparing that body of knowledge to what is received from conventional economics A running theme throughout this book is that personalist economics is attentive to both aspects of human material need physical need and the need for work as such in a way that does not disregard human wants Accordingly this book is more concerned about the philosophical base and description of the economy s significant characteristics than social economic policy *Personalist Economics* explores four dimensions of particularly acute human physical need unemployment poverty homelessness and death In addressing these four aspects of need the book delves into the second and third domains of social economics description of the significant characteristics of the economy and social economic policy In the same way *Personalist Economics* explores two types of economic cooperation supra firm alliances and inter firm partnerships as means for addressing certain aspects of human material need This book concludes with a lengthy discussion of the challenges facing personalist economics in the

years ahead      **Assessing Water Rights in China** Yahua Wang,2017-09-14 This book presents a model for describing the hierarchical concept of China's water rights structure one which takes into account pioneering theories on natural resources and environmental institutional economics It highlights the basic theory of water rights with a view to helping Chinese policymakers acquire a deeper understanding of water rights and the need for a reform program in the long term development of water poor China To do so it draws on three main sources Cheung SNS's Economic Explanation Douglas C North's New Economic History and Ray Huang's Macro History The book makes two essential contributions it elaborates the hierarchical water governance structure in China which originated in the Qin Dynasty that unified the country 2000 years ago and has been employed without interruption ever since further it constructs a choice model for water governance structures and advances the logic of making structural choices with minimum transaction costs under constraint conditions while also explaining the inherent nature of China's choice for the hierarchical structure from the perspectives of management cost and cooperation cost As such the book enriches and builds on the theories of the water governance school represented by Karl Marx Karl Wittfogel and Ray Huang laying the foundation for the further study of water rights theory in contemporary China
